11.1 APPLICATION FOR PERMANENT ROAD CLOSURE FOR THE UNMAINTAINED ROAD ADJOINING LOT 7RP855767 MOFFATDALE

RESOLUTION 2024/249

Moved: Cr Kathy Duff Seconded: Cr Danita Potter

- 1. That South Burnett Regional Council advise the applicant and the Department of Resources that:
 - (a) It objects to the application for the permanent road closure of the unmaintained road off Bond Street, Moffatdale which adjoins Lot 7 RP855767 and is shown in Attachment 1. However, will support a temporary road closure and road licence for the portion of land under the application. The reasons for this objection are as follows:
 - i The long-term usage of the sections of road reserve is unknown. The permanent closure may affect any future interconnection of roads, any necessary future infrastructure, and any potential new development in the area.
 - ii A temporary road closure enables the applicant to utilise the land whilst still allowing for future infrastructure potential.
 - (b) Should the Department Resources approve the proposed permanent road closure or a temporary road closure with road licence, that there be no cost to Council associated with the road closure.
- 2. Delegates authority under section 257 of the Local Government Act 2009 to the Chief Executive Officer or their delegate to finalise any and all matters associated with the application.
 - (a) Execute, as road manager, form Part C 'Statement in relation to an application under the Land Act 1994 over State land' for the proposed permanent road closure.
- In Favour: Crs Gavin Jones, Jane Erkens, Danita Potter, Kirstie Schumacher, Kathy Duff and Scott Henschen

Against: Nil

11.2 APPLICATION FOR THE PERMANENT ROAD CLOSURE FOR A SECTION OF UNMAINTAINED SECTION OF DUGDELL ROAD WHICH ADJOINS LOT 67 FY558

RESOLUTION 2024/250

Moved: Cr Danita Potter Seconded: Cr Jane Erkens

That South Burnett Regional Council advise the applicant that:

- (a) It objects to the request for the permanent road closure of the section of Dugdell Road, Wengenville which adjoins Lot 67 FY558 and is shown in Attachment One. The reasons for this objection are as follows:
 - i The long-term usage of the sections of road reserve is unknown. The permanent closure may affect any future interconnection of roads, any necessary future infrastructure, and any potential new development in the area.
 - ii A temporary road closure enables the applicant to utilise the land whilst still allowing for future infrastructure potential.
- (b) Should the Department of Resources approve the proposed permanent road closure, that there be no cost to Council associated with the road closure.
- 2. Delegates authority under section 257 of the Local Government Act 2009 to the Chief Executive Officer or their delegate to finalise any and all matters associated with the application.
 - (a) Execute, as road manager, form Part C '*Statement in relation to an application under the Land Act 1994 over State land*' for the proposed permanent road closure.
- In Favour: Crs Gavin Jones, Jane Erkens, Danita Potter, Kirstie Schumacher, Kathy Duff and Scott Henschen
- Against: Nil

CARRIED 6/0

That:

- 1. South Burnett Regional Council enters into an agreement (as amended) with Visit South Burnett Inc. for the 2023/2024 financial year for the purpose of delivering tourism initiatives, promotions of attractions and experiences and, development of planning documents that support sustainable tourism in the region.
- 2. South Burnett Regional Council engaged VSB inc. to provide additional services to produce the community tourism brochures and that this engagement is negotiated in addition to the partnership agreement.
- 3. South Burnett Regional Council delegates to the Chief Executive Officer the power to negotiate, finalise and execute the agreement between Council and Visit South Burnett Inc. on terms and conditions the Chief Executive Officer reasonably considers are satisfactory to Council.
- In Favour: Crs Gavin Jones, Jane Erkens, Danita Potter, Kirstie Schumacher, Kathy Duff and Scott Henschen
- Against: Nil

Attendance:

At 11:30am, Cr Schumacher left the meeting.

- At 11:30am, Chief Executive Officer Mark Pitt left the meeting.
- At 11:36am, Engineering Contractor Justin Crick entered the meeting.
- At 11:30am, Planning Consultant Matthew Taylor entered the meeting via teams.
- L. 17.1 MATERIAL CHANGE OF USE RESIDENTIAL CARE FACILITY (GENERAL CARE UNITS, NDIS UNITS, PALLIATIVE CARE UNITS AND DEMENTIA CARE UNITS), HEALTH CARE SERVICES, HOSPITAL (PLUS 42 X ANCILLARY SHORT-TERM STAFF ACCOMMODATION, CAFE AND FLORIST) AND CHILD CARE CENTRE (50 ENROLMENTS), AT 25 & 31 MARKWELL STREET & 7 GLENDON STREET, KINGAROY (AND DESCRIBED AS LOT 1 ON RP42037, LOT 1 ON RP57027, LOTS 2 & 3 ON RP7925 & LOTS 4 & 5 ON SP146001) - APPLICANT: ETHOS HEALTH CARE PTY LTD & C 59 PTY LTD C/- ISAAC CONSULTING PTY LTD

RESOLUTION 2024/263

Moved: Cr Scott Henschen Seconded: Cr Kathy Duff

That Council approve the Development Permit for Material Change of Use for a Staged Mixed-Use Development – Residential care facility, Health care services, Hospital, Child care centre and Food & Drink Outlets/Shop on land at 25 & 31 Markwell Street & 7 Glendon Street, Kingaroy (formally described as Lot 1 on RP42037, Lot 1 on RP57027, Lots 2 & 3 on RP7925 and Lots 4 & 5 on SP146001) – Applicant: Ethos Health Care Pty Ltd & C 59 Pty Ltd C/- Isaac Consulting Pty Ltd, subject to the following conditions:-

GEN1. The development must be completed and maintained generally in accordance with the approved plans and documents and any amendments arising through conditions to this development approval:

APPROVED PLANS

| Drawing Title | Prepared by | Drawing no. | Issue | Date | |

Where there is a conflict between the conditions of this approval and the details shown on the approved plans and documents, the conditions of approval prevail.

DOCUMENTS REFERRED TO IN THIS APPROVAL (ALL STAGES)

- CRG ACOUSTICS Environmental Noise Impact Assessment_23062_Revision 2_ Dated 6 October 2023.
- Lambert & Rehbein (SEQ) Pty Ltd Traffic Impact Assessment (Letter) ref_B23192TL001.
- Lambert & Rehbein (SEQ) Pty Ltd Waste Management Proposed Health Precinct Revision 1, Dated 14 September 2023.

STAGE 1 CONDITIONS

GENERAL

Unless otherwise amended by the following conditions.

- GEN2. All works including the repair or relocation of services (Telstra/lighting) are to be completed at no cost to council.
- GEN3. The applicant is required to maintain the site in a clean and orderly state at all times.
- GEN4. All existing lots are to be amalgamated into a single lot prior to the commencement of Stage 1's site works.

ADDITIONAL DRAWINGS (STAGE 1)

- GEN5. Prior to the commencement of Stage 1 works, provide detailed elevations of the intended Stage 1 building inclusive of the following:
 - Confirm extent of façade treatments to be presented to Glendon Street frontage (east), & façade treatments closest to the adjoining property boundary (west).
 - Interim façade treatments to all blank walls exposed prior to enactment of subsequent Stages 2 & 3.

COMPLIANCE ASSESSMENT

GEN6. All conditions of this approval are to be satisfied prior to Council issuing a compliance certificate for the commencement of the use and it's and it is the applicant's responsibility to notify Council to inspect compliance with conditions.

Compliance certificate fee will be charged with payment required prior to council approval of the associated documentation requiring compliance assessment.

CONDITION TIMING

GEN7. Unless stated otherwise, all conditions are to be complied with prior to commencement of the use and compliance maintained at all times while the use continues.

BUILDING MANAGEMENT STATEMENT

GEN8. Ensure a Building Management Statement is registered on the title

The Building Management Statement must cover common building management items including but not limited to any shared:

- support, services and utilities;
- pedestrian and vehicle access;
- car parking including visitor and disabled spaces;
- vehicle servicing areas including loading docks;
- refuse storage and collection areas;
- storage areas;
- recreation areas

Timing: Prior to the occupancy of the building or issue of Certificate of Classification whichever occurs first.

- GEN9. The building management statement must be submitted to, and the content accepted by South Burnett Regional Council's 'Development Services'.
- GEN10. Lodge the accepted building Management Statement with the Registrar of Titles for the relevant Queensland State Government Authority.
- GEN11. Submit to South Burnett Regional Council's 'Development Services' evidence of the registration of the accepted Building Management Statement.

PLANNING

NATURE & EXTENT OF THE APPROVED USE

MCU1. Stage 1 uses are limited to those identified on the approved plans (Ground Level through to Level 6).

- MCU2. Multi-Purpose Roofed Area (280m²) & Chapel (100m²), located on roof top must remain ancillary to the approved Residential care facility and Hospital only.
- MCU3. Existing buildings and ancillary components identified on 'Ground Floor Stage 1' are to be suitably maintained in a lawful manner where required for interim use.
- MCU4. Landscape areas associated with existing buildings identified on 'Ground Floor Stage 1' are to be maintained during interim use.

DEMOLITION

MCU5. In the event existing buildings identified on 'Ground Floor – Stage 1' are demolished (in preparation of Stage 2 works) and site remains vacant for more than 3 months, all exposed areas are to appropriately treated for erosion and sediment control eg. turfed as agreed to by Council.

BUILDING HEIGHT

MCU6. The maximum building height (Stage 1) must be in accordance with the following:

- Maximum overall vertical height of 33.5m (from existing ground level) to the peak roof height shown in approved drawing SK-29_Section S01_ (issue 09) _date 5 October 2023; and
- Finished floor levels are in accordance with those specified in the approved drawing SK-29_Section S01_ (issue 09) _date 5 October 2023; and Total number of storeys is 7 with arrangement (of storeys) to be in accordance with that shown in approved drawing SK-29_Section S01_ (issue 09) _date 5 October 2023.
- MCU7. Submit to Council certification from a registered surveyor confirming that the 'as constructed' floor, roof levels, and overall height are in accordance with the requirements of condition MCU6.

Timing: Prior to issue of certificate of classification/Final Inspection Certificate, or prior to commencement of use (whichever comes first).

EXTERNAL ARCHITECTURAL DETAILS

MCU8. External details of the building façade treatment and external materials, colours and finishes must be consistent with approved drawings and documents.

AWNING IN THE ROAD RESERVE

MCU9. Provide a pedestrian awning along Glendon Street to the extent of the building façade (fronting Glendon Street).

SECURITY LIGHTING

- MCU10. Install a lighting system to the underside of the proposed awning over the footpath in accordance with the relevant Australian Standards and in accordance with the following:
 - Suitably qualified professional is to submit a detailed lighting plan demonstrating that under awning lighting complies with applicable Australian Standards (for Pedestrian Areas).
 - Implement in accordance with the detailed lighting plan and provide Council with certification of completed works (from a licensed electrical contractor).
 - Maintain the awning lighting system at all times.

- MCU11. Install and maintain a suitable system of security lighting to operate from dusk till dawn within all areas where the public may gain access, including carparking areas, building entrances, and vegetated areas.
- MCU12. Design of all external lighting in accordance with AS 4282-1997 'Control of obtrusive effects of outdoor lighting', ensuring that light spillage does not cause nuisance to nearby sensitive uses.
- MCU13. Provide certification from a suitably qualified professional that all security lighting installed complies with applicable Australian Standards and retains acceptable impacts on adjoining (or nearby) sensitive uses.

FENCING AND ACOUSTIC TREATMENTS

MCU14. All fencing and acoustic treatments to be in accordance with the CRG Acoustics -Environmental Noise Impact Assessment, Reference 23062, Revision 2, Dated 6 October 2023.

Nb. The combined height of the retaining wall, fencing and/or acoustic barrier must not exceed the adopted height as referred to in the Environmental Noise Impact Assessment.

LANDSCAPING

- MCU15. Construct landscaping in accordance with the prepared landscape concept plan, the relevant council standards, best trade practise, and the following conditions.
 - If the extent or configuration of landscaped areas has been marginally amended from the plan, then adjust plant numbers to ensure full coverage.
 - Provide a 3-tier landscape structure to all landscape areas IE trees shrubs and ground covers.
 - Maximise opportunities for stormwater infiltration into landscaped areas (where available).
 - Maintain the landscape works generally in accordance with the detailed plans and to industry standards.

SCREEN MECHANICAL PLANT

MCU16. Install and maintain suitable screening to all air conditioning, lift motor rooms, plant and service facilities located at the top of or on the external face of the building. The screening structures must be constructed from materials that are consistent with materials used elsewhere on the façade of the building.

ELECTRICITY/TELECOMMUNICATIONS

MCU17. The development is to be supplied with reticulated electricity and telecommunications services.

VISUAL AMENITY & REFLECTIVITY

- MCU18. Façade treatments must not cause nuisance from glare and/or inappropriate reflectivity.
- MCU19. Provide written confirmation from an appropriately qualified professional that façade treatments do not generate unreasonable glare, or reflectivity.

NOISE

MCU20. Carry out the development in accordance with the CRG Acoustics report reference_23062_REV2 recommendations as they relate to works associated with Stage 1 of this approval.

MCU21. A suitably qualified Acoustic Consultant shall provide written confirmation that all CRG Acoustics report reference_23062_REV2 recommendations (relevant to **Stage 1**) are in place.

Timing: Prior to issue of certificate of classification/Final Inspection Certificate, or prior to commencement of use (whichever comes first).

- MCU22. Operation of trucks and commercial vehicles (excluding waste collection vehicles and emergency vehicles) must only occur between 7am & 7pm Monday to Saturday.
- MCU23. All metal grilles, metal plates or similar subject to vehicular traffic must be acoustically damped to prevent environmental nuisance.
- MCU24. Following the installation of all mechanical plant and equipment (e.g. air conditioning, mechanical ventilation, and refrigeration equipment and heat pump hot water systems), submit to South Burnett Regional Council's 'Development Services' certification that the plant and equipment is adequately noise-attenuated and in accordance with applicable Planning Scheme Codes/policies (and other applicable laws)

CAR PARKING

- MCU25. Car parking within the premises must be maintained exclusively for the ancillary use of the development. The parking must be retained for purposes associated with the approved development.
- MCU26. Bin Storage area identified on Ground Floor Stage 1 (SK06) is to include appropriate washdown facilities and drainage connections.

ENGINEERING WORKS

- ENG1. Submit to Council, an Operational Work application for all civil works including earthworks, stormwater, water supply, sewer, roadworks, access and parking, erosion and sediment control.
- ENG2. Complete all works approved and works required by conditions of this development approval and/or any related approvals at no cost to Council, prior to commencement of the use unless stated otherwise.
- ENG3. Be responsible for the full cost of any alterations necessary to electricity, telephone, water mains, sewer mains, stormwater drainage systems or easements and/or other public utility installations resulting from the development or from road and drainage works required in connection with the development.
- ENG4. Submit to Council, certification from a suitably qualified Engineer (RPEQ) that the works have been undertaken in accordance with the Approved Plans and specifications and to Council's requirements, prior to commencement of the use.

MAINTENANCE

- ENG5. Maintain all works that will become Council infrastructure for a period of 12 months (maintenance period) from the date of on-maintenance. Any defective works must be rectified within the maintenance period.
- ENG6. Provide Council with a maintenance bond in an acceptable form equal to 5% of the value of Council's infrastructure prior to commencement of the maintenance period.

LOCATION, PROTECTION AND REPAIR OF DAMAGE TO COUNCIL AND PUBLIC UTILITY SERVICES INFRASTRUCTURE AND ASSETS

- ENG7. Be responsible for the location and protection of any Council and public utility services infrastructure and assets that may be impacted on during construction of the development.
- ENG8. Repair all damages incurred to Council and public utility services infrastructure and assets, as a result of the proposed development immediately should hazards exist for public health and safety or vehicular safety. Otherwise, repair all damages immediately upon completion of works associated with the development.
- ENG9. Repair any and all damage to Councils road network resulting from the construction of the development. In particular, Glendon Street is unlikely to be able to support the types of vehicles and associated loadings that will be required for construction of the development (e.g. construction equipment, materials delivery etc), and failure of the pavement and surface is expected.

Comment: Council is open to discussing a suitable approach to the ongoing maintenance of roads, to ensure that failures and repairs are rectified in a timely manner, so that Council roads are safe for all road users at all times.

CONSTRUCTION TRAFFIC ROUTES

ENG10. All construction traffic associated with the development (excluding light vehicles) shall enter and exit the site via Glendon Street, between Avoca Street and the concrete median south of the roundabout at the intersection of Glendon Street and Markwell Street. All construction traffic shall enter and exit Glendon Street from the Avoca Street end. No other transport route to or from the site shall be used without the written consent of Council.

CONSTRUCTION AND NUISANCE MANAGEMENT PLAN

- ENG11. Submit to Council for endorsement, a Construction and Nuisance Management Plan for approved development works for the site. The Plan is to cover where applicable, the following:
 - a) air quality management;
 - b) noise and vibration management;
 - c) storm water quality management;
 - d) erosion and sediment management;
 - e) vegetation management;
 - f) waste management;
 - g) complaint management;
 - h) community awareness;
 - i) preparation of site work plans;
 - j) workers' car parking arrangements;
 - k) traffic control during works; and
 - I) delivery of materials.

Timing: Prior to commencement of works.

- ENG12. Implement the approved Construction Management Plan at all times during construction of the development.
- ENG13. Ensure a legible copy of the approved Construction Management Plan is available onsite at all times during construction and earthworks.

STORMWATER MANAGEMENT

ENG14. Provide stormwater management generally in accordance with the Conceptual Site Based Stormwater Management Plan prepared by RMA Engineers, Revision 1, dated

30 August 2023, subject to detailed design and except as altered by conditions of this development approval.

- ENG15. Provide overland flow paths that do not adversely alter the characteristics of existing overland flows on other properties or that create an increase in flood damage on other properties.
- ENG16. Design and construct stormwater drainage incorporating measures to prevent any solid matter and floatable oils being carried into existing stormwater system.
- ENG17. Stormwater from sealed areas and overflow pipes from stormwater detention structures and/or tanks installed for the stormwater system is required to be piped to the kerb and channel.
- ENG18. Design and construct all internal stormwater drainage works to comply with the relevant Section/s of AS/NZS 3500.3.2.
- ENG19. Ensure that adjoining properties and roadways are protected from ponding or nuisance from stormwater as a result of any site works undertaken as part of the proposed development.
- ENG20. Discharge all minor storm flows that fall or pass onto the site to the lawful point of discharge in accordance with the Queensland Urban Drainage Manual (QUDM).

WATER SUPPLY

ENG21. Connect the development to Council's reticulated water supply system via a single connection, designed to Council and WWBROC requirements.

SEWERAGE

- ENG22. Connect the development to Council's reticulated sewerage system via a single connection. The connection must be designed in accordance with Council and WBBROC standards and be approved by Council's Utility Services Section.
- ENG23. Actual connection to Council's live sewerage infrastructure must be undertaken by or under the supervision of Council.
- ENG24. Any works within the vicinity of an existing or proposed sewer shall meet the requirements of QDC *MP1.4* Building over or near relevant infrastructure.
- ENG25. The existing sewer main SM0714 (Council Asset No. W00739), and end of line manhole 2125/3 (Council Asset No. W00276) within the site shall be removed or filled with flowable concrete with the connection to manhole 2125/2 made good.

Timing: Prior to commencement of Stage 1 of the development.

Comment: The existing sewer connection can used until the new sewer extension is complete.

SEWER EXTENSION

ENG26. Design and construct a 150mm diameter sewer main from the site to manhole 2129A/1 (located on the southern side of Avoca Street), with a suitable alignment along Glendon Street, to service the whole of the proposed development.

Timing: Prior to commencement of Stage 1 of the development.

Comment: This condition is imposed pursuant to Section 145 of the Planning Act 2016.

TRADE WASTE DISPOSAL (COMMERCIAL KITCHEN)

ENG27. Connect any commercial kitchen to Council's sewer reticulation. Obtain a Plumbing Approval from Council with the relevant inspections undertaken prior to connection to the sewer.

PARKING AND ACCESS - GENERAL

- ENG28. Design all access driveways, circulation driveways, parking aisles and car parking spaces in accordance with Australian Standard 2890.1 Parking Facilities Off Street Car Parking.
- ENG29. Design all on-street parking in accordance with AS2890.5:2020 Parking facilities Onstreet parking, and Austroads Guide to Road Design.
- ENG30. Design and construct all access, parking and manoeuvring areas with concrete, asphalt or a two-coat bitumen seal.
- ENG31. Provide a minimum of 50 Off Street Car Parking spaces, including a minimum of 1 person with disability (PWD) car parking space, generally in accordance with Black Ink Architecture Dwg SK-06 Issue 10 dated 21/12/2023, and as amended by SARA on 12 January 2024.
- ENG32. Design & construct all off street PWD car parking spaces in accordance with AS2890.6.
- ENG33. Provide a concrete pedestrian footpath from the carpark to the Stage 1 buildings that meets the Disability Discrimination Act requirements.
- ENG34. Provide vehicle bollards or tyre stops to control vehicular access and to protect landscaping or pedestrian areas where appropriate.
- ENG35. Line mark or otherwise delineate the car park aisles and driveways within the development with directional arrows on the pavement to enable all vehicles to enter and leave the site in a forward gear.
- ENG36. Ensure access to car parking spaces, vehicle loading and manoeuvring areas and driveways remain unobstructed and available for their intended purpose during the hours of operation.
- ENG37. Install all necessary signage for traffic flow e.g. No Entry, One-Way, Left Out Only.

PARKING AND ACCESS - SERVICING

- ENG38. Provide loading bay/drop off facilities for Small Rigid Vehicle, Waste Collection Vehicle, mini bus, and ambulance in the locations generally shown on the approved plan(s) of development.
- ENG39. Design along the route to and from all loading bay facilities and the external road network, all access driveways, circulation driveways, parking aisles and the like with a layout that accommodates the turning movements of all service vehicles, and ensure that all vehicles are able to enter and exit the site in a forward direction.
- ENG40. Ensure loading and unloading operations are conducted wholly within the site and vehicles enter and exit the site in a forward direction.

VEHICLE ACCESS

ENG41. Accesses to the site between the property boundary and the edge of the Markwell Street/Glendon Street road pavement, shall be constructed in accordance with Council's Standard Drawing IPWEAQ Std Dwg RS-051, Rev F. Ensure that crossovers splay is designed to accommodate turning movements of the longest expected service vehicle. **Timing**: Prior to commencement of Stage 1 of the development.

Comment: This condition is imposed pursuant to Section 145 of the Planning Act 2016.

ENG42. Construct any new crossovers such that the edge of the crossover is no closer than 1 metre to any existing or proposed infrastructure, including any stormwater gully pit, manhole, service infrastructure (eg power pole, telecommunications pit), road infrastructure (eg street sign, street tree, etc).

REDUNDANT CROSSOVERS

ENG43. Remove all redundant crossovers and reinstate the kerb and channel, road pavement, services, verge and any footpath to the standard immediately adjacent along the frontage of the site.

ROADWORKS – FRONTAGE WORKS

- ENG44. Design and construct the Glendon Street frontage of the proposed development in accordance with Council Standards, relevant Austroads' Standards, and Council's Planning Scheme. More specifically, include the following:
 - a) Widening of Glendon Street to accommodate the proposed parallel parking. This includes any reconstruction of Glendon Street to achieve the design levels required for kerb and channel;
 - b) Replacement of the kerb and channel for the full Glendon Street frontage;
 - c) Full width concrete footpath between the kerb and property boundary;
 - d) provision for stormwater drainage (including adjusting manhole levels), line marking, signage (including parking restrictions) and kerb ramps.

Comment: Roadworks shall be carried out under an Operational Work application.

Comment: This condition is imposed pursuant to Section 145 of the Planning Act 2016.

ROADWORKS AND PEDESTRIAN SAFETY

- ENG45. Install signage for all works on or near roadways in accordance with the Manual for Uniform Traffic Control Devices Part 3, Works on Roads.
- ENG46. Submit to Council, an application for any footpath, road or lane closures, and ensure all conditions of that approval are complied with during construction of the works.
- ENG47. Maintain safe pedestrian access along Council's footpaths at all times.

ELECTRICITY AND TELECOMMUNICATION

ENG48. Connect the development to electricity and telecommunication services.

EARTHWORKS – GENERAL

- ENG49. Earthworks per site involving cut or fill with a quantity of material greater than 50m³, requires an Operational Work application.
- ENG50. Undertake earthworks in accordance with the provisions of AS3798 Guidelines on Earthworks for Commercial and Residential Developments.

EROSION AND SEDIMENT CONTROL – GENERAL

ENG51. Ensure that all reasonable actions are taken to prevent sediment or sediment laden water from being transported to adjoining properties, roads and/or stormwater drainage systems.

ENG52. Remove and clean-up sediment or other pollutants in the event that sediment or other pollutants are tracked/released onto adjoining streets or stormwater systems, at no cost to Council.

STAGE 2 CONDITIONS

GENERAL

Unless otherwise amended by the following conditions.

- GEN2. The development must be completed and maintained generally in accordance with the approved plans and documents and any amendments arising through conditions to this development approval (refer to the **approved plans** cited under condition GEN1.).
- GEN3. All works including the repair or relocation of services (Telstra/lighting) are to be completed at no cost to council.
- GEN4. The applicant is required to maintain the site in a clean and orderly state at all times.

ADDITIONAL DRAWINGS (STAGE 2)

- GEN5. Prior to the commencement of Stage 2 works, provide, detailed elevations of the intended Stage 2 building inclusive of the following:
 - Show all proposed façade treatments to property boundaries and road frontages.
 - The interim façade treatment to blank walls prior to enactment of subsequent Stage 3.

COMPLIANCE ASSESSMENT

GEN6. All conditions of this approval are to be satisfied prior to Council issuing a compliance certificate for the commencement of the use and it's and it is the applicant's responsibility to notify Council to inspect compliance with conditions.

Compliance certificate fee will be charged with payment required prior to council approval of the associated documentation requiring compliance assessment.

CONDITION TIMING

GEN7. Unless stated otherwise, all conditions are to be complied with prior to commencement of the use and compliance maintained at all times while the use continues.

BUILDING MANAGEMENT STATEMENT

GEN8. Ensure a Building Management Statement is registered on the title.

The Building Management Statement must cover common building management items including but not limited to any shared:

- Support, services and utilities;
- Pedestrian and vehicle access;
- Car parking including visitor and disabled spaces;
- Vehicle servicing areas including loading docks;
- Refuse storage and collection areas;
- Storage areas; and
- Recreation areas.

Timing: As part of the registration of the plan of subdivision notated by Council and then to be maintained.

- GEN9. The building management statement must be submitted to, and the content accepted by South Burnett Regional Council's 'Development Services'.
- GEN10. Lodge the accepted building Management Statement with the Registrar of Titles for the relevant Queensland State Government Authority.

GEN11. Submit to South Burnett Regional Council's 'Development Services' evidence of the registration of the accepted Building Management Statement.

PLANNING

NATURE & EXTENT OF THE APPROVED USE

- MCU1. Stage 1 & 2 uses are limited to those identified on the approved plans (Ground Level through to Level 6).
- MCU2. Short-Term staff accommodation must remain ancillary to the approved Hospital, Health care services, and Residential care facility only. Short-Term staff accommodation is to be maintained exclusively for the purpose of accommodating staff and/or other service providers associated with the approved Hospital, Health care services, and Residential care facility only.
- MCU3. Roof top is to be limited to garden areas only unless otherwise stated on the approved drawings.
- MCU4. Multi-Purpose Space (165m² located on Roof Top) must remain ancillary to the approved Hospital, and Residential care facility only.
- MCU5. In the event that an appropriate liquor licence is obtained from the relevant authority, this development approval for Food and Drink Outlet (at ground level) does not permit the service of alcohol to patrons who are not consuming food.

DEMOLITION

- MCU6. Demolish buildings/structures on the site in accordance with the approved drawings and where applicable the approved Construction Management Plan.
- MCU7. If construction for Stage 2 does not commence within 3 months of the demolition of the existing buildings (on site), the site must be turfed and appropriately treated for erosion and sediment control.

BUILDING HEIGHT

- MCU8. The maximum building height (Stage 2) must be in accordance with the following:
 - Maximum overall vertical height of 33.5m (from existing ground level) to the peak roof height shown in approved drawing SK09_Section S01_ (issue 09) _date 5 October 2023; and
 - Finished floor levels are in accordance with those specified in the approved drawing SK09_Section S01_ (issue 09) _date 5 October 2023; and
 - Total number of storeys is 7 with arrangement (of storeys) to be in accordance with that shown in approved drawing SK09_Section S01_ (issue 09) _date 5 October 2023.
- MCU9. Submit to Council certification from a registered surveyor confirming that the 'as constructed' floor, roof levels, and overall height are in accordance with the requirements of condition MCU8.

EXTERNAL ARCHITECTURAL DETAILS

MCU10. All Stage 2 building façade treatments, external materials, colours and finishes must be in accordance with the approved drawings and documents.

AWNING IN THE ROAD RESERVE

MCU11. Provide a pedestrian awning along Markwell Street & Glendon Street to the extent shown in Stage 2 drawings (fronting Markwell Street & Glendon Street).

SECURITY LIGHTING

- MCU12. Install a lighting system to the underside of the proposed awning over the footpath in accordance with the relevant Australian Standards and in accordance with the following:
 - Suitably qualified professional is to submit a detailed lighting plan demonstrating that under awning lighting complies with applicable Australian Standards (for Pedestrian Areas).
 - Implement in accordance with the detailed lighting plan and provide Council with certification of completed works (from a licensed electrical contractor).
 - Maintain the awning lighting system at all times.
- MCU13. Install and maintain a suitable system of security lighting to operate from dusk till dawn within all areas where the public may gain access, including carparking areas, building entrances, and vegetated areas.
- MCU14. Design of all external lighting in accordance with AS 4282-1997 'Control of obtrusive effects of outdoor lighting', ensuring that light spillage does not cause nuisance to nearby sensitive uses.
- MCU15. Provide certification from a suitably qualified professional that all security lighting installed complies with applicable Australian Standards and retains acceptable impacts on adjoining (or nearby) sensitive uses.

Timing: Prior to issue of certificate of classification/Final Inspection Certificate, or prior to commencement of use (whichever comes first).

LANDSCAPING

- MCU16. Construct landscaping in accordance with the prepared landscape concept plan, the relevant council standards, best trade practise, and the following conditions.
 - If the extent or configuration of landscaped areas has been marginally amended from the plan, then adjust plant numbers to ensure full coverage.
 - Provide a 3-tier landscape structure to all landscape areas IE trees shrubs and ground covers.
 - Maximise opportunities for stormwater infiltration into landscaped areas (where available).
 - Maintain the landscape works generally in accordance with the detailed plans and to industry standards.

SCREEN MECHANICAL PLANT

MCU17. Install and maintain suitable screening to all air conditioning, lift motor rooms, plant and service facilities located at the top of or on the external face of the building. The screening structures must be constructed from materials that are consistent with materials used elsewhere on the façade of the building.

ELECTRICITY/TELECOMMUNICATIONS

MCU18. The development is to be supplied with reticulated electricity and telecommunications services.

VISUAL AMENITY & REFLECTIVITY

MCU19. Façade treatments must not cause nuisance from glare and/or inappropriate reflectivity.

MCU20. Provide written confirmation from an appropriately qualified professional that façade treatments do not generate unreasonable glare, or reflectivity.

NOISE

- MCU21. Carry out the development in accordance with the CRG Acoustics report reference 23062_REV2 recommendations as they relate to works associated with Stage 2 of this approval.
- MCU22. A suitably qualified Acoustic Consultant shall provide written confirmation that all CRG Acoustics report reference_23062_REV2 recommendations (relevant to **Stage 2**) are in place.

Timing: Prior to issue of certificate of classification/Final Inspection Certificate, or prior to commencement of use (whichever comes first).

- MCU23. Operation of trucks and commercial vehicles (excluding waste collection vehicles and emergency vehicles) must only occur between 7am & 7pm Monday to Saturday.
- MCU24. All metal grilles, metal plates or similar subject to vehicular traffic must be acoustically damped to prevent environmental nuisance.
- MCU25. Following the installation of all mechanical plant and equipment (e.g. air conditioning, mechanical ventilation, and refrigeration equipment and heat pump hot water systems), submit to South Burnett Regional Council's 'Development Services' certification that the plant and equipment is adequately noise-attenuated and in in accordance with applicable Planning Scheme Codes/policies (and other applicable laws).

CAR PARKING

- MCU26. Car parking within the premises must be maintained exclusively for the ancillary use of the development. The parking must be retained for purposes associated with the approved development.
- MCU27. Bin Storage area identified on Ground Floor Stage 2 (SK13) is to include appropriate washdown facilities and drainage connections.

ENGINEERING WORKS

- ENG1. Submit to Council, an Operational Work application for all civil works including earthworks, stormwater, water supply, sewer, roadworks, access and parking, erosion and sediment control.
- ENG2. Complete all works approved and works required by conditions of this development approval and/or any related approvals at no cost to Council, prior to commencement of the use unless stated otherwise.
- ENG3. Be responsible for the full cost of any alterations necessary to electricity, telephone, water mains, sewer mains, stormwater drainage systems or easements and/or other public utility installations resulting from the development or from road and drainage works required in connection with the development.
- ENG4. Submit to Council, certification from a suitably qualified Engineer (RPEQ) that the works have been undertaken in accordance with the Approved Plans and specifications and to Council's requirements, prior to commencement of the use.

MAINTENANCE

ENG5. Maintain all works that will become Council infrastructure for a period of 12 months (maintenance period) from the date of on-maintenance. Any defective works must be rectified within the maintenance period.

ENG6. Provide Council with a maintenance bond in an acceptable form equal to 5% of the value of Council's infrastructure prior to commencement of the maintenance period.

LOCATION, PROTECTION AND REPAIR OF DAMAGE TO COUNCIL AND PUBLIC UTILITY SERVICES INFRASTRUCTURE AND ASSETS

- ENG7. Be responsible for the location and protection of any Council and public utility services infrastructure and assets that may be impacted on during construction of the development.
- ENG8. Repair all damages incurred to Council and public utility services infrastructure and assets, as a result of the proposed development immediately should hazards exist for public health and safety or vehicular safety. Otherwise, repair all damages immediately upon completion of works associated with the development.
- ENG9. Repair any and all damage to Councils road network resulting from the construction of the development. In particular, Glendon Street is unlikely to be able to support the types of vehicles and associated loadings that will be required for construction of the development (e.g. construction equipment, materials delivery etc), and failure of the pavement and surface is expected.

Comment: Council is open to discussing a suitable approach to the ongoing maintenance of roads, to ensure that failures and repairs are rectified in a timely manner, so that Council roads are safe for all road users at all times.

CONSTRUCTION TRAFFIC ROUTES

ENG10. All construction traffic associated with the development (excluding light vehicles) shall enter and exit the site via Glendon Street, between Avoca Street and the concrete median south of the roundabout at the intersection of Glendon Street and Markwell Street. All construction traffic shall enter and exit Glendon Street from the Avoca Street end. No other transport route to or from the site shall be used without the written consent of Council.

CONSTRUCTION AND NUISANCE MANAGEMENT PLAN

- ENG11. Submit to Council for endorsement, a Construction and Nuisance Management Plan for approved development works for the site. The Plan is to cover where applicable, the following:
 - a) air quality management;
 - b) noise and vibration management;
 - c) storm water quality management;
 - d) erosion and sediment management;
 - e) vegetation management;
 - f) waste management;
 - g) complaint management;
 - h) community awareness;
 - i) preparation of site work plans;
 - j) workers' car parking arrangements;
 - k) traffic control during works; and
 - I) delivery of materials.

Timing: Prior to commencement of works.

- ENG12. Implement the approved Construction Management Plan at all times during construction of the development.
- ENG13. Ensure a legible copy of the approved Construction Management Plan is available onsite at all times during construction and earthworks.

STORMWATER MANAGEMENT

- ENG14. Provide stormwater management generally in accordance with the Conceptual Site Based Stormwater Management Plan prepared by RMA Engineers, Revision 1, dated 30 August 2023, subject to detailed design and except as altered by conditions of this development approval.
- ENG15. Provide overland flow paths that do not adversely alter the characteristics of existing overland flows on other properties or that create an increase in flood damage on other properties.
- ENG16. Design and construct stormwater drainage incorporating measures to prevent any solid matter and floatable oils being carried into existing stormwater system.
- ENG17. Stormwater from sealed areas and overflow pipes from stormwater detention structures and/or tanks installed for the stormwater system is required to be piped to the kerb and channel.
- ENG18. Design and construct all internal stormwater drainage works to comply with the relevant Section/s of AS/NZS 3500.3.2.
- ENG19. Ensure that adjoining properties and roadways are protected from ponding or nuisance from stormwater as a result of any site works undertaken as part of the proposed development.
- ENG20. Discharge all minor storm flows that fall or pass onto the site to the lawful point of discharge in accordance with the Queensland Urban Drainage Manual (QUDM).

WATER SUPPLY

ENG21. Connect the development to Council's reticulated water supply system via a single connection, designed to Council and WWBROC requirements.

SEWERAGE

- ENG22. Connect the development to Council's reticulated sewerage system via a single connection. The connection must be designed in accordance with Council and WBBROC standards and be approved by Council's Utility Services Section.
- ENG23. Actual connection to Council's live sewerage infrastructure must be undertaken by or under the supervision of Council.
- ENG24. Any works within the vicinity of an existing or proposed sewer shall meet the requirements of QDC *MP1.4* Building over or near relevant infrastructure.

TRADE WASTE DISPOSAL (COMMERCIAL KITCHEN)

ENG25. Connect any commercial kitchen to Council's sewer reticulation. Obtain a Plumbing Approval from Council with the relevant inspections undertaken prior to connection to the sewer.

PARKING AND ACCESS - GENERAL

- ENG26. Design all access driveways, circulation driveways, parking aisles and car parking spaces in accordance with Australian Standard 2890.1 Parking Facilities Off Street Car Parking.
- ENG27. Design all on-street parking in accordance with AS2890.5:2020 Parking facilities Onstreet parking, and Austroads Guide to Road Design.

- ENG28. Design and construct all access, parking and manoeuvring areas with concrete, asphalt or a two-coat bitumen seal.
- ENG29. Provide a minimum of 139 Off Street Car Parking spaces (47 temporary), including a minimum of 2 person with disability (PWD) car parking spaces, generally in accordance with Black Ink Architecture Dwg SK-13 Issue 10 dated 15/1/2023, and as amended by SARA on 12 January 2024.
- ENG30. Design & construct all off street PWD car parking spaces in accordance with AS2890.6.
- ENG31. Provide vehicle bollards or tyre stops to control vehicular access and to protect landscaping or pedestrian areas where appropriate.
- ENG32. Line mark or otherwise delineate the car park aisles and driveways within the development with directional arrows on the pavement to enable all vehicles to enter and leave the site in a forward gear.
- ENG33. Ensure access to car parking spaces, vehicle loading and manoeuvring areas and driveways remain unobstructed and available for their intended purpose during the hours of operation.
- ENG34. Install all necessary signage for traffic flow e.g. No Entry, One-Way, Left Out Only.

PARKING AND ACCESS - SERVICING

- ENG35. Provide loading bay/drop off facilities for Small Rigid Vehicle, Waste Collection Vehicle, mini bus, and ambulance in the locations generally shown on the approved plan(s) of development.
- ENG36. Design along the route to and from all loading bay facilities and the external road network, all access driveways, circulation driveways, parking aisles and the like with a layout that accommodates the turning movements of all service vehicles, and ensure that all vehicles are able to enter and exit the site in a forward direction.
- ENG37. Ensure loading and unloading operations are conducted wholly within the site and vehicles enter and exit the site in a forward direction.

VEHICLE ACCESS

ENG38. Accesses to the site between the property boundary and the edge of the Markwell Street/Glendon Street road pavement, shall be constructed in accordance with Council's Standard Drawing IPWEAQ Std Dwg RS-051, Rev F. Ensure that crossovers splay is designed to accommodate turning movements of the longest expected service vehicle.

Timing: Prior to commencement of Stage 2 of the development.

Comment: This condition is imposed pursuant to Section 145 of the *Planning Act 2016.*

ENG39. Construct any new crossovers such that the edge of the crossover is no closer than 1 metre to any existing or proposed infrastructure, including any stormwater gully pit, manhole, service infrastructure (eg power pole, telecommunications pit), road infrastructure (eg street sign, street tree, etc).

REDUNDANT CROSSOVERS

ENG40. Remove all redundant crossovers and reinstate the kerb and channel, road pavement, services, verge and any footpath to the standard immediately adjacent along the frontage of the site.

ROADWORKS – FRONTAGE WORKS

- ENG41. Design and construct the Markwell Street and Glendon Street frontage of the proposed development in accordance with Council Standards, relevant Austroads' Standards, and Council's Planning Scheme. More specifically, include the following:
 - a) Widening of Markwell St and Glendon St to accommodate the proposed parallel parking. This includes any reconstruction of Markwell St and Glendon St to achieve the design levels required for kerb and channel;
 - b) Removal of the existing PWD carpark on Markwell St and linemark proposed parallel carparks;
 - c) Replacement of the kerb and channel for the full Markwell St and Glendon Street frontage;
 - d) Full width concrete footpath between the kerb and property boundary for Markwell Street and Glendon Street frontages;
 - e) provision for stormwater drainage (including adjusting manhole levels), line marking, signage (including parking restrictions) and kerb ramps.

Comment: Roadworks (including footpath works) shall be carried out under an Operational Work application.

Comment: This condition is imposed pursuant to Section 145 of the *Planning Act 2016*.

ROADWORKS AND PEDESTRIAN SAFETY

- ENG42. Install signage for all works on or near roadways in accordance with the Manual for Uniform Traffic Control Devices Part 3, Works on Roads.
- ENG43. Submit to Council, an application for any footpath, road or lane closures, and ensure all conditions of that approval are complied with during construction of the works.
- ENG44. Maintain safe pedestrian access along Council's footpaths at all times.

ELECTRICITY AND TELECOMMUNICATION

ENG45. Connect the development to electricity and telecommunication services.

EARTHWORKS – GENERAL

- ENG46. Earthworks per site involving cut or fill with a quantity of material greater than 50m³, requires an Operational Work application.
- ENG47. Undertake earthworks in accordance with the provisions of AS3798 Guidelines on Earthworks for Commercial and Residential Developments.

EROSION AND SEDIMENT CONTROL – GENERAL

- ENG48. Ensure that all reasonable actions are taken to prevent sediment or sediment laden water from being transported to adjoining properties, roads and/or stormwater drainage systems.
- ENG49. Remove and clean-up sediment or other pollutants in the event that sediment or other pollutants are tracked/released onto adjoining streets or stormwater systems, at no cost to Council.

STAGE 3 CONDITIONS

GENERAL

Unless otherwise amended by the following conditions.

- GEN2. The development must be completed and maintained generally in accordance with the approved plans and documents and any amendments arising through conditions to this development approval (refer to the **approved plans** cited under condition GEN1.).
- GEN3. All works including the repair or relocation of services (Telstra/lighting) are to be completed at no cost to council.
- GEN4. The applicant is required to maintain the site in a clean and orderly state at all times.

COMPLIANCE ASSESSMENT

GEN5. All conditions of this approval are to be satisfied prior to Council issuing a compliance certificate for the commencement of the use and it's and it is the applicant's responsibility to notify Council to inspect compliance with conditions.

Compliance certificate fee will be charged with payment required prior to council approval of the associated documentation requiring compliance assessment.

CONDITION TIMING

GEN6. Unless stated otherwise, all conditions are to be complied with prior to commencement of the use and compliance maintained at all times while the use continues.

BUILDING MANAGEMENT STATEMENT

GEN7. Ensure a Building Management Statement is registered on the title for each proposed lot.

The Building Management Statement must cover common building management items including but not limited to any shared:

- Support, services and utilities;
- Pedestrian and vehicle access;
- Car parking including visitor and disabled spaces;
- Vehicle servicing areas including loading docks;
- Refuse storage and collection areas;
- Storage areas; and
- Recreation areas.

Timing: As part of the registration of the plan of subdivision notated by Council and then to be maintained.

- GEN8. The building management statement must be submitted to, and the content accepted by South Burnett Regional Council's 'Development Services'.
- GEN9. Lodge the accepted building Management Statement with the Registrar of Titles for the relevant Queensland State Government Authority.
- GEN10. Submit to South Burnett Regional Council's 'Development Services' evidence of the registration of the accepted Building Management Statement.

PLANNING

NATURE & EXTENT OF THE APPROVED USE

- MCU1. Stage 3 uses are limited to those identified on the approved plans (Ground Level through to Level 6).
- MCU2. Roof top is to be limited to garden areas only unless otherwise stated on the approved drawings.

DEMOLITION

- MCU3. Demolish buildings/structures on the site in accordance with the approved drawings and where applicable the approved Construction Management Plan.
- MCU4. If construction for Stage 3 does not commence within 3 months of the demolition of the existing buildings (on site), the site must be turfed and appropriately treated for erosion and sediment control.

BUILDING HEIGHT

- MCU5. The maximum building height (Stage 3) must be in accordance with the following:
 - Maximum overall vertical height is to be consistent with finished levels shown (and scaled) on the approved drawing SK31_Elevations 2 (issue 09) date 5 October 2023; and
 - Finished floor levels are in accordance with those specified in the approved drawing SK31_Elevations 2 (issue 09) date 5 October 2023; and
 - Total number of storeys is 6 with arrangement (of storeys) to be in accordance with that shown in approved drawing SK31_Elevations 2 (issue 09) date 5 October 2023.

EXTERNAL ARCHITECTURAL DETAILS

MCU6. External details of the building façade treatment, external materials, colours and finishes must be consistent with approved drawings and documents.

LIGHTING

- MCU7. Install and maintain a suitable system of security lighting to operate from dusk till dawn within all areas where the public may gain access, including carparking areas, building entrances, and vegetated areas.
- MCU8. Design of all external lighting in accordance with AS 4282-1997 'Control of obtrusive effects of outdoor lighting', ensuring that light spillage does not cause nuisance to nearby sensitive uses.
- MCU9. Provide certification from a suitably qualified professional that all security lighting installed complies with applicable Australian Standards and retains acceptable impacts on adjoining (or nearby) sensitive uses.

FENCING AND ACOUSTIC TREATMENTS

MCU10. All fencing and acoustic treatments to be in accordance with the CRG Acoustics -Environmental Noise Impact Assessment, Reference 23062, Revision 2, Dated 6 October 2023.

Nb. The combined height of the retaining wall, fencing and/or acoustic barrier must not exceed the adopted height as referred to in the Environmental Noise Impact Assessment.

LANDSCAPING

- MCU11. Construct landscaping in accordance with the prepared landscape concept plan, the relevant council standards, best trade practise, and the following conditions.
 - If the extent or configuration of landscaped areas has been marginally amended from the plan, then adjust plant numbers to ensure full coverage.
 - Provide a 3-tier landscape structure to all landscape areas IE trees shrubs and ground covers.
 - Maximise opportunities for stormwater infiltration into landscaped areas (where available).
 - Maintain the landscape works generally in accordance with the detailed plans and to industry standards.

SCREEN MECHANICAL PLANT

MCU12. Install and maintain suitable screening to all air conditioning, lift motor rooms, plant and service facilities located at the top of or on the external face of the building. The screening structures must be constructed from materials that are consistent with materials used elsewhere on the façade of the building.

ELECTRICITY/TELECOMMUNICATIONS

MCU13. The development is to be supplied with reticulated electricity and telecommunications services.

VISUAL AMENITY & REFLECTIVITY

- MCU14. Façade treatments must not cause nuisance from glare and/or inappropriate reflectivity.
- MCU15. Provide written confirmation from an appropriately qualified professional that façade treatments do not generate unreasonable glare, or reflectivity.

NOISE

- MCU16. Carry out the development in accordance with the CRG Acoustics report reference_23062_REV2 recommendations as they relate to works associated with Stage 3 of this approval.
- MCU17. A suitably qualified Acoustic Consultant shall provide written confirmation that all CRG Acoustics report reference_23062_REV2 recommendations (relevant to **Stage 3**) are in place.

Timing: Prior to issue of certificate of classification/Final Inspection Certificate, or prior to commencement of use (whichever comes first).

- MCU18. Operation of trucks and commercial vehicles (excluding waste collection vehicles and emergency vehicles) must only occur between 7am & 7pm Monday to Saturday.
- MCU19. All metal grilles, metal plates or similar subject to vehicular traffic must be acoustically damped to prevent environmental nuisance.
- MCU20. Following the installation of all mechanical plant and equipment (e.g. air conditioning, mechanical ventilation, and refrigeration equipment and heat pump hot water systems), submit to South Burnett Regional Council's 'Development Services' certification that the plant and equipment is adequately noise-attenuated and in accordance with applicable Planning Scheme Codes/policies (and other applicable laws).

CAR PARKING

MCU21. Car parking within the premises must be maintained exclusively for the ancillary use of the development. The parking must be retained for purposes associated with the approved development.

ENGINEERING WORKS

- ENG1. Submit to Council, an Operational Work application for all civil works including earthworks, stormwater, water supply, sewer, roadworks, access and parking, erosion and sediment control.
- ENG2. Complete all works approved and works required by conditions of this development approval and/or any related approvals at no cost to Council, prior to commencement of the use unless stated otherwise.
- ENG3. Be responsible for the full cost of any alterations necessary to electricity, telephone, water mains, sewer mains, stormwater drainage systems or easements and/or other

public utility installations resulting from the development or from road and drainage works required in connection with the development.

ENG4. Submit to Council, certification from a suitably qualified Engineer (RPEQ) that the works have been undertaken in accordance with the Approved Plans and specifications and to Council's requirements, prior to commencement of the use.

MAINTENANCE

- ENG5. Maintain all works that will become Council infrastructure for a period of 12 months (maintenance period) from the date of on-maintenance. Any defective works must be rectified within the maintenance period.
- ENG6. Provide Council with a maintenance bond in an acceptable form equal to 5% of the value of Council's infrastructure prior to commencement of the maintenance period.

LOCATION, PROTECTION AND REPAIR OF DAMAGE TO COUNCIL AND PUBLIC UTILITY SERVICES INFRASTRUCTURE AND ASSETS

- ENG7. Be responsible for the location and protection of any Council and public utility services infrastructure and assets that may be impacted on during construction of the development.
- ENG8. Repair all damages incurred to Council and public utility services infrastructure and assets, as a result of the proposed development immediately should hazards exist for public health and safety or vehicular safety. Otherwise, repair all damages immediately upon completion of works associated with the development.
- ENG9. Repair any and all damage to Councils road network resulting from the construction of the development. In particular, Glendon Street is unlikely to be able to support the types of vehicles and associated loadings that will be required for construction of the development (e.g. construction equipment, materials delivery etc), and failure of the pavement and surface is expected.

Comment: Council is open to discussing a suitable approach to the ongoing maintenance of roads, to ensure that failures and repairs are rectified in a timely manner, so that Council roads are safe for all road users at all times.

CONSTRUCTION TRAFFIC ROUTES

ENG10. All construction traffic associated with the development (excluding light vehicles) shall enter and exit the site via Glendon Street, between Avoca Street and the concrete median south of the roundabout at the intersection of Glendon Street and Markwell Street. All construction traffic shall enter and exit Glendon Street from the Avoca Street end. No other transport route to or from the site shall be used without the written consent of Council.

CONSTRUCTION AND NUISANCE MANAGEMENT PLAN

- ENG11. Submit to Council for endorsement, a Construction and Nuisance Management Plan for approved development works for the site. The Plan is to cover where applicable, the following:
 - a) air quality management;
 - b) noise and vibration management;
 - c) storm water quality management;
 - d) erosion and sediment management;
 - e) vegetation management;
 - f) waste management;
 - g) complaint management;
 - h) community awareness;
 - i) preparation of site work plans;

- j) workers' car parking arrangements;
- k) traffic control during works; and
- I) delivery of materials.
- Timing: Prior to commencement of works.
- ENG12. Implement the approved Construction Management Plan at all times during construction of the development.
- ENG13. Ensure a legible copy of the approved Construction Management Plan is available onsite at all times during construction and earthworks.

STORMWATER MANAGEMENT

- ENG14. Provide stormwater management generally in accordance with the Conceptual Site Based Stormwater Management Plan prepared by RMA Engineers, Revision 1, dated 30 August 2023, subject to detailed design and except as altered by conditions of this development approval.
- ENG15. Provide overland flow paths that do not adversely alter the characteristics of existing overland flows on other properties or that create an increase in flood damage on other properties.
- ENG16. Design and construct stormwater drainage incorporating measures to prevent any solid matter and floatable oils being carried into existing stormwater system.
- ENG17. Stormwater from sealed areas and overflow pipes from stormwater detention structures and/or tanks installed for the stormwater system is required to be piped to the kerb and channel.
- ENG18. Design and construct all internal stormwater drainage works to comply with the relevant Section/s of AS/NZS 3500.3.2.
- ENG19. Ensure that adjoining properties and roadways are protected from ponding or nuisance from stormwater as a result of any site works undertaken as part of the proposed development.
- ENG20. Discharge all minor storm flows that fall or pass onto the site to the lawful point of discharge in accordance with the Queensland Urban Drainage Manual (QUDM).

WATER SUPPLY

ENG21. Connect the development to Council's reticulated water supply system via a single connection, designed to Council and WWBROC requirements.

SEWERAGE

- ENG22. Connect the development to Council's reticulated sewerage system via a single connection. The connection must be designed in accordance with Council and WBBROC standards and be approved by Council's Utility Services Section.
- ENG23. Actual connection to Council's live sewerage infrastructure must be undertaken by or under the supervision of Council.
- ENG24. Any works within the vicinity of an existing or proposed sewer shall meet the requirements of QDC *MP1.4 Building over or near relevant infrastructure.*

TRADE WASTE DISPOSAL (COMMERCIAL KITCHEN)

ENG25. Connect any commercial kitchen to Council's sewer reticulation. Obtain a Plumbing Approval from Council with the relevant inspections undertaken prior to connection to the sewer.

PARKING AND ACCESS - GENERAL

- ENG26. Design all access driveways, circulation driveways, parking aisles and car parking spaces in accordance with Australian Standard 2890.1 Parking Facilities Off Street Car Parking.
- ENG27. Design all on-street parking in accordance with *AS2890.5:2020 Parking facilities On*street parking, and Austroads Guide to Road Design.
- ENG28. Design and construct all access, parking and manoeuvring areas with concrete, asphalt or a two-coat bitumen seal.
- ENG29. Provide a minimum of 175 Off Street Car Parking spaces, including a minimum of 6 person with disability (PWD) car parking spaces, generally in accordance with Black Ink Architecture Dwg SK-20 Issue 10 dated 15/1/2023, and amended by SARA on 12 January 2024.
- ENG30. Design & construct all off street PWD car parking spaces in accordance with AS2890.6.
- ENG31. Provide vehicle bollards or tyre stops to control vehicular access and to protect landscaping or pedestrian areas where appropriate.
- ENG32. Line mark or otherwise delineate the car park aisles and driveways within the development with directional arrows on the pavement to enable all vehicles to enter and leave the site in a forward gear.
- ENG33. Ensure access to car parking spaces, vehicle loading and manoeuvring areas and driveways remain unobstructed and available for their intended purpose during the hours of operation.
- ENG34. Install all necessary signage for traffic flow e.g. No Entry, One-Way, Left Out Only.

PARKING AND ACCESS - SERVICING

- ENG35. Provide loading bay/drop off facilities for Small Rigid Vehicle, Waste Collection Vehicle, mini bus, and ambulance in the locations generally shown on the approved plan(s) of development.
- ENG36. Design along the route to and from all loading bay facilities and the external road network, all access driveways, circulation driveways, parking aisles and the like with a layout that accommodates the turning movements of all service vehicles, and ensure that all vehicles are able to enter and exit the site in a forward direction.
- ENG37. Ensure loading and unloading operations are conducted wholly within the site and vehicles enter and exit the site in a forward direction.

VEHICLE ACCESS

ENG38. Accesses to the site between the property boundary and the edge of the Markwell Street/Glendon Street road pavement, shall be constructed in accordance with Council's Standard Drawing IPWEAQ Std Dwg RS-051, Rev F. Ensure that crossovers splay is designed to accommodate turning movements of the longest expected service vehicle.

Timing: Prior to commencement of Stage 3 of the development.

Comment: This condition is imposed pursuant to Section 145 of the Planning Act 2016.

ENG39. Construct any new crossovers such that the edge of the crossover is no closer than 1 metre to any existing or proposed infrastructure, including any stormwater gully pit, manhole, service infrastructure (eg power pole, telecommunications pit), road infrastructure (eg street sign, street tree, etc).

REDUNDANT CROSSOVERS

ENG40. Remove all redundant crossovers and reinstate the kerb and channel, road pavement, services, verge and any footpath to the standard immediately adjacent along the frontage of the site.

ROADWORKS AND PEDESTRIAN SAFETY

- ENG41. Install signage for all works on or near roadways in accordance with the Manual for Uniform Traffic Control Devices Part 3, Works on Roads.
- ENG42. Submit to Council, an application for any footpath, road or lane closures, and ensure all conditions of that approval are complied with during construction of the works.
- ENG43. Maintain safe pedestrian access along Council's footpaths at all times.

ELECTRICITY AND TELECOMMUNICATION

ENG44. Connect the development to electricity and telecommunication services.

EARTHWORKS - GENERAL

- ENG45. Earthworks per site involving cut or fill with a quantity of material greater than 50m³, requires an Operational Work application.
- ENG46. Undertake earthworks in accordance with the provisions of AS3798 Guidelines on Earthworks for Commercial and Residential Developments.

EROSION AND SEDIMENT CONTROL - GENERAL

- ENG47. Ensure that all reasonable actions are taken to prevent sediment or sediment laden water from being transported to adjoining properties, roads and/or stormwater drainage systems.
- ENG48. Remove and clean-up sediment or other pollutants in the event that sediment or other pollutants are tracked/released onto adjoining streets or stormwater systems, at no cost to Council.

ADVICE APPLICABLE TO ALL STAGES

- ADV1. Infrastructure charges are now levied by way of an infrastructure charges notice, issued pursuant to section 119 of the *Planning Act 2016*.
- ADV2. Council is offering a reduction in infrastructure charges payable through the development incentive scheme which is available between 1 December 2020 and 31 December 2023. Eligible development under this scheme is required to be completed by 31 December 2025.

For further information or application form please refer to the rules and procedures available on Council's website.

- ADV3. Section 85 (1)(a) of the Planning Act 2016 provides that, if this approval is not acted upon within the period of six (6) years the approval will lapse.
- ADV4. This development approval does not authorise any activity that may harm Aboriginal Cultural Heritage. Under the Aboriginal Cultural Heritage Act 2003 you have a duty of care in relation to such heritage. Section 23(1) provides that "A person who carries out

an activity must take all reasonable and practicable measures to ensure the activity does not harm Aboriginal Cultural Heritage." Council does not warrant that the approved development avoids affecting Aboriginal Cultural Heritage. It may therefore, be prudent for you to carry out searches, consultation, or a Cultural Heritage assessment to ascertain the presence or otherwise of Aboriginal Cultural Heritage. The Act and the associated duty of care guidelines explain your obligations in more detail and should be consulted before proceeding. A search can be arranged by visiting https://www.datsip.qld.gov.au and filling out the Aboriginal and Torres Strait Islander Cultural Heritage Search Request Form.

- ADV5. Attached for your information is a copy of Chapter 6 of the Planning Act 2016 as regards Appeal Rights.
- ADV6. SARA has imposed conditions on the development permit as attached as Attachment D.
- ADV7. Landscape planting to be carried out in accordance with South Burnett Regional Council Planting Guidelines/Branching Out Guide.
- ADV8. Odours or airborne contaminants which are noxious or offensive to public amenity or safety, likely to cause environmental harm or environmental nuisance or exceed the Air Quality Objectives listed in the Environmental Protection (Air) Policy 2019 as measured at any sensitive place or commercial place must not be released to the atmosphere during building work and throughout the life of this development.
- ADV9. Noise from activity associated with the use of the subject land must not exceed the Acoustic Quality Objectives listed in the Environment Protection (Noise) Policy 2019 when measured at any sensitive receptor.
- In Favour: Crs Gavin Jones, Jane Erkens, Danita Potter, Kathy Duff and Scott Henschen

CARRIED 5/0

Attendance:

At 11:41am, Cr Kirstie Schumacher returned to the meeting.

At 11:41am, Engineering Contractor Justin Crick left the meeting.

At 11:41am, Chief Executive Officer Mark Pitt returned to the meeting.

At 11:41am, Planning Consultant Matthew Taylor left the meeting via teams.

17.1 TINGOORA HALL - FINALISATION OF COMMUNITY CONSULTATION

RESOLUTION 2024/264

Moved: Cr Kathy Duff Seconded: Cr Kirstie Schumacher

That South Burnett Regional Council:

- 1. Accept the Tingoora Hall community consultation update report including survey;
- 2. Budget in the 2024/25 financial year to demolish and clean-up of Tingoora Hall; and
- 3. Tender to remove asbestos and demolish the structure and clean-up site whilst salvaging any viable construction materials for repurposing.
- 4. Go back to the community to advise of cost and plan going forward once the tenders come in.
- 5. Investigate opportunities to partner with the Wooroolin hall and re-use the Tingoora flooring for the Wooroolin hall.

In Favour: Crs Gavin Jones, Jane Erkens, Danita Potter, Kirstie Schumacher, Kathy Duff and Scott Henschen

Against: Nil

CARRIED 6/0

17.2 MINOR CHANGE TO EXISTING DEVELOPMENT APPROVAL (MCU21/0023) FOR MATERIAL CHANGE OF USE (CHILD CARE CENTRE) AT 101 ALFORD STREET KINGAROY (AND DESCRIBED AS LOT 25 ON SP237285). APPLICANT: ATHERTON CHILDCARE INVESTMENTS PTY LTD - ZONE PLANNING QLD

RESOLUTION 2024/265

Moved: Cr Kirstie Schumacher Seconded: Cr Danita Potter

That Council *approve* the Request to Change Approval (Minor) pursuant to the provisions of Section 81 of the *Planning Act 2016* and subject to the amendments listed below (deleted text in strikethrough and new text in **bold**):

GENERAL

GEN1. The development must be completed and maintained generally in accordance with the approved plans and documents and any amendments arising through conditions to this development approval:

| Drawing Title | Prepared by | Project No. | Revision | Date |
|---------------|-------------|---------------|----------|--------------------------|
| | | Reference no. | | |
| Site Plan | Blueprint | 21-3077-SPY | - | 22 April 2022 |
| | Drafting | Sheet 1 | | |
| | Services | | | |
| Floor Plan | Blueprint | 21-3077-SPY | - | 22 April 2022 |
| | Drafting | Sheet 2 | | |
| | Services | | | |
| Elevations | Blueprint | 21-3077-SPY | - | 22 April 2022 |

Approved Documents:

| Document Title | Prepared by | Project No. Reference no. | Revision | Date |
|---|---------------------------------------|------------------------------|----------|--------------------|
| Revised Acoustic Modelling for a Proposed Childcare Centre at Kingaroy | Range Environmental Consultants | J001643 | - | 6 November 2023 |
| Noise Impact Assessment | Range Environmental Consultants | J000909 | Final | 2 August 2022 |

Amendment: provide a complete and updated Noise Impact Assessment to Council, demonstrating the potential impacts, compliance and recommendations which include the proposed change.

Nb. Any new treatments or barriers not originally identified may require further assessment by Council.

Timing: Prior to obtaining a Building Approval.

Officer's Recommendation: Updated plans reflected in condition.

CHILDCARE CENTRE OPERATION

MCU1. The Childcare centre is to accommodate a maximum of 54 66 children.

Officer's Recommendation: Updated maximum number of children.

- MCU2. The Childcare centre is to operate in accordance with Section 7.3 Operational Noise Management Measures of the **updated** Noise Impact Assessment Report (project no: J000909, dated 2/8/22).
- MCU3. The Childcare centre is to manage complaints in accordance with Section 8 of the **updated** Noise Impact Assessment Report (project no: J000909, dated 2/8/22).
- MCU4. The development is to implement the General Building Recommendations in accordance with Section 7.2 of the **updated** Noise Impact Assessment Report (project no: J000909, dated 2/8/22).

Officer's Recommendation: condition subsequently amended to reflect the proposed revised Noise Impact Assessment as part of the change application.

FENCING

MCU10. Construct acoustic barrier fencing along all side and rear boundaries in accordance with Amended Figure 1 of the Revised Acoustic Modelling (Reference J001643, dated 6 November 2023). A cantilevered 2.4-metre-high acoustic fence is required along the Eastern and Southern boundaries highlighted red in Amended Figure 1, where the outdoor play areas are adjacent. A 2-metre-high acoustic fence is required along the boundaries highlighted blue in Amended Figure 1. Figure 1 – Recommended acoustic barrier specifications.

Amended Figure 1 – Recommended acoustic barrier specifications.

Amendment: provide a complete and updated Noise Impact Assessment to Council, demonstrating the potential impacts, compliance and recommendations which include the proposed change.

Timing: Prior to obtaining a Building Approval.

Officer's Recommendation: condition amended requiring an updated Noise Impact Assessment before obtaining a Building Approval.

PARKING AND ACCESS – GENERAL

ENG24. Provide a minimum of 14 17 car parking spaces including a minimum of 1 person with disability (PWD) car parking space.

Officer's Recommendation: condition amended referencing updated carparking.

DEVELOPMENT INCENTIVE SCHEME

ADV4. Council is offering a reduction infrastructure charges payable through the development incentive scheme which is available between 1 December 2020 and 30 **31** December 2023 **2025**. Eligible development under this scheme is required to be completed by 30 **31**

December 2023 **2025**. For further information or application form please refer to the rules and procedures available on Council's website.

Amendment made: Referencing updated development incentive scheme dates.

All other conditions relating to MCU21/0023 remain applicable to this development approval.

FINANCIAL AND RESOURCE IMPLICATIONS

No implication can be identified.

LINK TO CORPORATE/OPERATIONAL PLAN

Growing our Region's Economy and Prosperity

• GR8 Support and advocate for appropriate growth and development with responsive planning schemes, process, customer service and other initiatives.

COMMUNICATION/CONSULTATION (INTERNAL/EXTERNAL)

Refer to CONSULTATION in this report.

LEGAL IMPLICATIONS (STATUTORY BASIS, LEGAL RISKS)

No implication identified.

POLICY/LOCAL LAW/DELEGATION IMPLICATIONS

In assessing a change application for a minor change under s81 of the *Planning Act 2016*, Council (ie. Responsible entity(must consider another matter that the responsible entity considers relevant. Council has considered the properly made submissions against the original development as part of the minor change request.

ASSET MANAGEMENT IMPLICATIONS

No implication can be identified.

REPORT

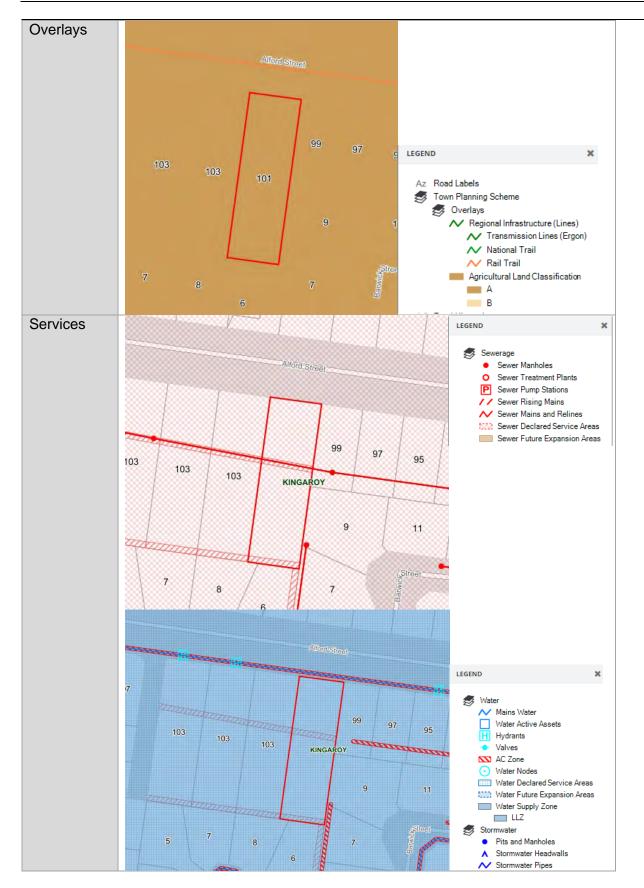

| 1. APPLICATION DETAILS | | | |

| Surrounding Uses | North | Low density residential development | |
| - | East | Low density residential development | |
| | South | Low density residential development | |
| | West | Vacant land in the low density residential zone | |

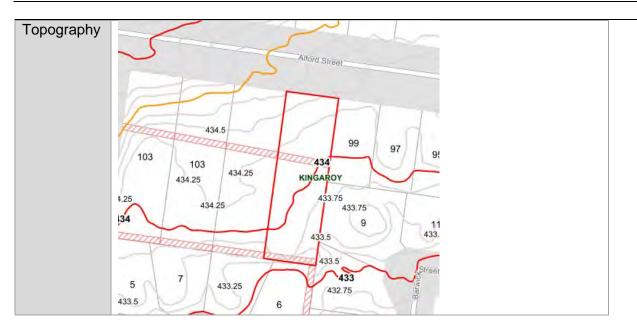

2. THE SITE

This section of the report provides a description of the site, details about the existing use and notable characteristics of the site, the standard of servicing, and the form of development in the immediately locality.

2.1. SITE DESCRIPTION & EXISTING USE

2.2. DEVELOPMENT HISTORY OF THE SITE

| APPLICATION NO. | DECISION |
|-----------------|--|
| MCU21/0023 | Development permit for a 54 child Childcare Centre in Low Density Residential Zone. This application was an impact assessable application where 2 properly made submissions were collected. The submissions were regarding carparking and noise impacts in which this development could cause. |

3. PROPOSED CHANGE

The applicant submits changes to the Material Change of Use, with the following changes included within Table 3:

| Applicants Changes | Councils Response to the Change |
|---|--|
| Increase of 2 carparking spaces, thereby providing a total of 17 spaces | Council Supports, providing 17 spaces for the development, which is consistent with the table 8.4.5 of the planning scheme. Table 8.4.5 requires that there should be sufficient area for On-site queuing for 3 vehicles. The proposed development has the potential for 2 vehicles to que off the street if required on the access to the proposed carpark. Even though there is a downfall of 1 queuing space, this is deemed to be appropriate for the proposed development as vehicles will not be accessing the childcare centre at the same time in this instance. |
| Increase in gross floor area of 79.1m ² (16%) from that approved under MCU21/0023. | Council Supports the Change. |
| Changing the pervious approved suite of materials, colours and finishes. | Council supports the change of approved suite of materials, colours and finishes. The changes include brick and cladding to a more traditional wood cladding design that is consistent with the existing buildings/structures fronting Alford Street. |
| Change in Roof height from previously approved. | Council supports the change of proposed development roof increasing 0.3m in height from the existing approved development. This is considered appropriate to the existing low density character of Alford Street Kingaroy. |

| Additional outdoor play area to the east of the site and increase in outdoor play area of 109.6m ² (25%) from that approved under MCU21/0023 | Council Officers support the change provided that the 2.4-metre-high acoustic fence is consistent to the outdoor play area to the east and south of the proposed development as shown on the Amended Figure 1 of the <i>Revised Acoustic Modelling (Reference J001643, dated 6 November 2023)</i> and referenced in condition MCU10. The resultant changes also affected the wording for MCU2 to MCU5. Minor wording amendments to the aforementioned conditions are to reflect the Revised Acoustic Modelling details. |
|--|---|
| Increase in the approved capacity of 54 children to 66 children. | Council Supports the Change. |

Within the Public Notification Period conducted as part of the original report, there were two (2) properly made submissions made. Within the *Planning Act s81(2)(b)* "In assessing the change application, the responsible entity must consider any properly made submissions about the development application or another change application that was approved". Below is the two concerns brought up within those submissions and the actions taken within the minor change report to ensure that these impacts didn't become worse.

Table 4: Applicants and Councils Responses to the Minor Change Regarding the Public Submissions.

| Concern from Public Submission | Applicants and Councils Response to the Minor Change Regarding the Public Submissions |
|--------------------------------|---|
| Carparking and Traffic Impacts | Within the amended conditions and minor change report, the carparking was changed from 15 to 17 car spaces which is consistent with the table 8.4.5 of the South Burnett Regional Council Planning Scheme. On the access driveway to the proposed Childcare Centre there is potentially enough space for 2 vehicles to que off the street which is deemed to be appropriate for the proposed development as vehicles will not be accessing the childcare centre at the same time in this instance. |
| | With the changes provided to Council, the Carparking and Traffic Impacts have been sufficiently answered and will not provide major impacts to the neighbouring developments. |
| Noise Impacts | Within the Public Notification period of the original report a submission regarding noise impacts was received. |
| | The applicant provided a Revised Acoustic Modelling (6 November 2023) for the proposed changes which showed minimal changes to Predicted Noise Levels at most Noise Sensitive Receptors. The Revised Acoustic Modelling specified that the Noise Impact Assessment (2 August 2022) recommendations are still considered to be relevant to the minor change. |

| Council Amended Figure 1 (Recommended Acoustic Barrier Specifications) to display 2.4- metre-high acoustic fence is consistent to the outdoor play area to the east and south of the proposed development. This was done to ensure outdoor play wouldn't impact the neighbouring developments adjacent to the play area. |
|---|
| Within all conditions regarding the Noise Impact Assessment from the original report, Council recommends that an updated Noise Impact Assessment to be provided before obtaining a Building Approval. This is to ensure that any noise impacts to the neighbouring development will not increase dramatically. |

Refer to **Attachment C** for the approved plans regarding the minor change. Refer to **Attachment E & F** for the Public Submissions received during MCU21/0023.

4. MINOR CHANGE CRITERIA ASSESSMENT

A minor change is a change application to a development approval as per s81 of *The Planning Act 2016.* A response to the minor change criteria is provided below.

| MINOR CHANGE CRITERIA | | COMPLIES | RESPONSE | | | |
|--|---|--------------|--|--|--|--|
| A minor change, for a development approval, means a change would not | | | | | | |
| i. | Result in a substantially different development; or | \checkmark | The use, scale and built form of the approved development will remain substantially similar to the existing approval. | | | |
| | If a development application for the development, including the change, were made when the change application is made would not cause | | | | | |
| Α. | The inclusion of prohibited development in the application; or | \checkmark | The proposed changes do not introduce prohibited development. | | | |
| B. | Referral to a referral agency, other than to the chief executive, if there were no referral agencies for the development application; or | \checkmark | No referral to a referral agency was required during the original application and not relevant to the proposed change. | | | |
| C. | Referral to extra referral agencies, other than to the chief executive; or | \checkmark | No extra referral agencies are relevant to proposed change. | | | |
| D. | A referral agency to assess the application against, or have regard to, matters prescribed by regulation under section 55(2), other than matters the referral agency must have assessed the application against, or have had regard to, when the application was made; or | \checkmark | The proposed change would not cause a referral agency to assess the application against or have regard to the matter prescribed by s55(2). | | | |
| E. | Public notification if public notification not required for the development application. | \checkmark | The original application was assessed as an impact assessable application. Therefore, the proposed minor change will not trigger a further Public Notification Period. | | | |

Table 5. Assessment against Minor Change Criteria (*Planning Act 2016*, Schedule 2)

The Development Assessment Rules 2017 (Schedule 1) provides guiding criteria in relation to 'substantially different development'. The proposed change is assessed against these criteria in **Table 6**.

| Table 6 . Assessment against Substantially Different Development Criteria (Development |
|---|
| Assessment Rules 2017) |

| SUBSTANTIALLLY DEVELOPMENT C | | COMPLIES | RESPONSE | | | |
|---|---|--------------|--|--|--|--|
| A Change may be considered to result in a substantially different development if the proposed change: | | | | | | |
| A. Involves a ne | ew change | \checkmark | The proposed minor changes does not involve a new use of the premises. | | | |
| | a new parcel of land | \checkmark | No new or additional land applies to the development. | | | |
| | changes the built s of scale, bulk and | | The proposed minor change will increase the development gross floor area by 16% which does not dramatically change the scale of the existing approved development. | | | |
| | | \checkmark | The appearance for the proposed development from the street will minimally change, with the proposed development increasing 0.3m in height as well as updating the suite of materials, colours and finishes from the existing approved development to better emerge into the existing low density character. | | | |
| D. Changes the proposal to c | e ability of the operate as intended | \checkmark | The proposed change will not impact on the intended operations of the approved use, outside of the minor increase in the number of children able to access the Childcare Centre. | | | |
| | component that is e operation of the t | \checkmark | The proposed minor change will not remove any component that is integral to the operation of the approved development. | | | |
| flow and the | impacts on traffic transport network, easing traffic to the | \checkmark | The proposed minor change will introduce 2 new car spaces for the additional capacity increase proposed. The proposed access has the potential for 2 cars to que off the street if required. Even though more carparking will be introduced, this would not significantly impact on the existing traffic flow and the transport network on and or around the | | | |
| impacts | e severity of known | \checkmark | proposed development. The proposed change will not result in the creation of any new impacts or increase the severity of known impacts. | | | |
| component t | i incentive or offset hat would have negative impact of nent | \checkmark | No incentives or offsets are involved or will be removed as a consequence of the minor change. | | | |

| I. Impacts on infrastructure provision. | \checkmark | The proposed minor change will not impact on the provision of infrastructure to the approved development, nor will it require any additional infrastructure or place additional demand on infrastructure services. |
|---|--------------|---|
|---|--------------|---|

5. CONCLUSION

Proposed changes to approval MCU21/0023 are determined to be minor pursuant to Section 81 of the Planning Act 2016.

- The proposal retains the (original) use of Development, of a Childcare Centre.
- The proposed change does not dramatically change the scale and bulk from pervious approved.
- The proposed change will change the exterior appearance with an increasing 0.3m in roof height as well as updating the suite of materials, colours and finishes to better emerge into the existing low density character.
- Appropriate carparking for the proposed increase in childcare capacity.
- Reasonable and relevant conditions of approval can be imposed to ensure compliance with the South Burnett Planning Scheme 2017 requirements.

6. CHANGE TO CONDITIONS

Conditions of Approval to be amended include:

- **GEN1.** Update approved plans.
- **MCU1.** Amended Condition referring updated maximum accommodation.
- **MCU2.** Condition subsequently amended to reflect the proposed revised Noise Impact Assessment as part of the change application.
- **MCU3.** Condition subsequently amended to reflect the proposed revised Noise Impact Assessment as part of the change application.
- **MCU4.** Condition subsequently amended to reflect the proposed revised Noise Impact Assessment as part of the change application.
- **MCU10.** Amended Figure 1 of the Revised Acoustic Modelling (Reference J001643, dated 6 November 2023) to show the 2.4-metre-high acoustic fence to be consistent to the outdoor play area to the east and south of the proposed development as well as for the applicant to provide an updated Noise Impact Assessment before obtaining a Building Approval.
- **ENG24.** Amended Condition referring updated carparking requirements.
- **ADV4.** Amended Condition referencing updated development incentive scheme dates.
- In Favour: Crs Gavin Jones, Jane Erkens, Danita Potter, Kirstie Schumacher, Kathy Duff and Scott Henschen
- Against: Nil

CARRIED 6/0

Attendance:

- At 11:57am, General Manager Infrastructure Aaron Meehan left the meeting.
- At 12:00pm, General Manager Infrastructure Aaron Meehan returned to the meeting.
- At 12:02pm, Coordinator Development Services David Hursthouse left the meeting.

17.3 NEGOTIATED REPORT FOR MATERIAL CHANGE OF USE - RENEWABLE ENERGY FACILITY (TUMURRU SOLAR FARM) AND MAJOR ELECTRICITY INFRASTRUCTURE (BATTERY ENERGY STORAGE SYSTEM) AT 341 BOWMAN ROAD, TAROMEO (AND DESCRIBED AS LOT 2 ON SP155159). APPLICANT: AUSTRALIAN SOLAR ENTERPRISES C/- GILVEAR PLANNING

RESOLUTION 2024/266

Moved: Cr Kirstie Schumacher Seconded: Cr Scott Henschen

That Council approve the Negotiated Decision request for Material Change of Use for a Renewable Energy Facility (Tumuruu Solar Farm) and Battery Storage Facility at 341 Bowman Road, Taromeo (and described as Lot 2 on SP155159), subject to the following Conditions: -

GEN1. The development must be completed and maintained generally in accordance with the approved plans and documents and any amendments arising through conditions to this development approval:

APPROVED PLANS

| Drawing Title | Prepared by | Drawing no. | Revision/Date |
|----------------------|-------------|-------------|---------------------------|
| Tumuruu Solar Farm | Gilvear | J001321 | 19 September 2023 |
| | Planning | | |
| Vegetation | LANDPLAN | 2204-033 | Version 7 |
| Screening Plan | | | 28 September 2023 |
| Landscape Concept | LANDPLAN | 2204-033 | Version 7 |
| entry | | | 28 September 2023 |
| PEG Modular | Jurchen | - | 5 October 2023 (received) |
| Installation system. | Technology | | |

Where there is any conflict between the conditions of this approval and the details shown on the approved plans and documents, the conditions of approval prevail.

DOCUMENTS

- Tumuruu Solar Project (Advice 'improve soil quality, & livestock pasture'), prepared by E.E. Muir & Sons date 18 September 2023.
- Assessment of Potential Visual Impact (Tumuruu Solar Farm) prepared by LANDPLAN Landscape Architects, report number 2204-0033 version 7, date 29 September 2023.
- Tumuruu Solar (Noise Impact Assessment) prepared by Matrix Acoustics report number 20230038A revision, date 14 September 2023.

AMENDED PLANS

GEN2. Prior to the commencement of development works on site provide the following amended plans:

- Update drawing titled 'Tumuruu Solar Farm J001321 dated 19 September 2023 (remove concept only reference).
- Update drawing titled 'Tumuruu Solar Farm J001321 dated 19 September 2023 (ensure extent of vegetation screening is consistent with the approved Vegetation screening plan).
- Revised plan of layout that accurately identifies locations of all distributed inverter/battery installations and HV Switchyard, as generally shown on image 4-1 (page 9) of the Matrix Acoustics report.

CONDITION TIMING

GEN3. Unless stated otherwise, all conditions are to be complied with prior to commencement of the use and compliance maintained at all times while the use continues and until the site is rehabilitated.

NATURE & EXTENT OF APPROVED USE

GEN4. The approved use is a Renewable Energy Facility (Tumuruu Solar Farm) and Battery Storage Facility which specifically comprises:

- a photovoltaic solar farm with an export capacity of up to 400 Megawatts and consisting of permanently affixed photovoltaic panels mounted on lightweight steel rods and plates as shown in the approved drawing titled 'PEG Installation'. and
- Centralised Battery Energy Storage System, located within a single 2ha area as shown on the approved plans; and
- Ancillary switching yard, dispersed batteries and inverters, operation and maintenance facilities, laydown area, transmission connections, access roads, fencing and landscaping.
- GEN5. Limit development area to the approved extent (397.18ha/59% of site area):
- GEN6. Confirmation of the final as-constructed drawings (in accordance with the approved plans and reports), including specifications of all mechanical and plant equipment installed is required within 3 months of Construction.
- GEN7. The approved use may operate for a maximum of 50 years from the date the facility, or part of the facility, becomes operational.

CARETAKER'S ACCOMMODATION

- GEN8. Where deemed necessary, provision of a caretaker's residence shall comply with Rural Zone Code's Acceptable Outcomes AO8 (1 to 3), and Acceptable Outcomes AO9 (1 to 5).
- GEN9. Any caretaker's residence placed on the premises must accord with minimum requirements for sensitive receptors outlined in the Tumuruu Solar – (Noise Impact Assessment) prepared by Matrix Acoustics report number 20230038A revision, date 14 September 2023.

DECOMISSIONING

- MCU1. Decommissioning of the Solar Farm generally in accordance with the approved Rehabilitation and Exit Plan under this approval must commence within 3 months of the development ceasing its operational life or after 12 months of the use not being operational, whichever occurs first.
- MCU2. Prior to the use commencing, the Operator must submit to Council for endorsement, a Rehabilitation and Exit Plan prepared by a suitably qualified person that, at a minimum:
 - a. provides formal notice to Council of the commencement of the use and a mechanism for formal notification of cessation of the use;
 - b. identifies that the operator is responsible for decommissioning and rehabilitation, and identifies the responsibility of the operator for the decommissioning and rehabilitation;
 - c. identifies the processes that will be undertaken to return the site to a condition no worse than its condition prior to the development to make the site available for agricultural uses upon decommissioning of the Solar Farm;
 - d. identifies possible land use (e.g. animal keeping, cropping) following cessation of the approved use;
 - e. clearly establishes the objectives of the Plan;
 - f. adopted performance criteria for rehabilitation efforts including a set timeframe to completion of no more than two (2) years after the decommissioning occurred;
 - g. includes an Action Plan, with timing for remedial work such as structure removal, removal of imported materials such as gravel, any soil erosion, drainage and vegetation cover works, along with weed and pest animal control activities required to meet the adopted rehabilitation performance criteria; and
 - h. outlines a program for monitoring rehabilitation success using appropriate indicators.

VISUAL AMENITY & REFLECTIVITY

- MCU3. Any visible support structures, framing, cabling, or other equipment and infrastructure shall have a non-reflective or matte finish.
- MCU4. The photovoltaic panels shall have an anti-reflective coating.

BUILDING HEIGHT

MCU5. The maximum height of any building must not exceed 8.5 meters above natural ground level.

Note:

- Condition MCU5 relates to maximum height of buildings ancillary to the solar farm operations only (maximum height of solar panels specified as per the approved plans);
- The 8.5m height limit does not apply to transmission connection or structures associated with the switching yard.

LANDSCAPE BUFFERS

- MCU6. A detailed Landscape Plan, is to be prepared by a suitably qualified person and generally in accordance with landscape recommendations in section 12 (12.1 to 12.8) of the approved LANDPLAN report number 2204-0033 version 7, dated 29 September 2023. The detailed Landscape Plan must provide and/or undertake the following:
 - a. details of fencing system intended to be set 10-15m from the solar array;
 - b. details of temporary screens (shade cloth or equivalent) to be maintained until vegetated buffers attain heights prescribed table 9, and canopy spread outlined in figure 42 of the approved LANDPLAN report number 2204-0033 version 7, dated 29 September 2023;
 - c. a vegetated buffer design to be consistent with the stated width and dense planting screen arrangement shown in figure 42 of the approved LANDPLAN report number 2204-0033 version 7, dated 29 September 2023;
 - d. vegetated buffer maintenance regime undertaken over a 24-month period, beginning upon installation of the vegetation. At the end of the 24-month period provide statutory a declaration from a Registered Landscape Architect confirming that at least 90% of the planting is of good health and habit. If at least 90% of the planting is not of good health and habit (as identified by the Landscape Architect) notify Council and confirm the following will occur:
 - The affected area is to be identified;
 - Corrective actions for the affected area are to be agreed, and may include pruning, fertilizing or replacement;
 - The maintenance period for the affected area will be extended by three months;
 - At three months a further inspection will be undertaken, and if planting has not met the abovementioned requirement, the monitoring will be extended by a further three months; and
 - This monitoring would extend to a maintenance period of no greater than 36 months in total;
 - e. soil testing and amelioration to be undertaken by a landscape contractor to ensure soil condition and nutrient requirements will support successful native plant establishment; and
 - f. identify existing vegetation intended to be retained as inferred in the approved LANDPLAN report number 2204-0033 version 7, dated 29 September 2023.
- MCU7. The landscaped buffers required by this approval shall be installed at the first feasible planting season, or within three months of the installation of any solar panels.

The first feasible planting season would be anytime outside of extreme weather conditions, which may include drought, extreme heat and frost.

A solar farm fence will be installed prior to the installation of the solar array. Upon completion of the solar farm fence, temporary screening (shade cloth or equivalent) will be applied along the residential interfaces identified in condition MCU6(b).

As a performance standard, the maintenance period will not be achieved until the trees and large shrubs within the landscape buffers attain an average overall height of 1.5 metres.

The species mix used for each screen type will be generally in accordance with the Planting Schedule at table 9 of the approved LANDPLAN report number 2204-0033 version 7, dated 29 September 2023.

OPERATIONAL PHASE ENVIRONMENTAL MANAGEMENT PLAN (OEMP)

- MCU8. The applicant shall submit to Council for endorsement an Operational Phase Environmental Management Plan (OEMP) for Council endorsement prior to the commencement of site works. The Plan is to detail the likely, probable and extreme events that may occur during the operational phases of the development. The OEMP shall consider the probability of these events occurring, likely impacts and probable solutions to mitigate the impacts of these events. The OEMP shall address:
 - a. natural hazards that impact on the safe operation of the site, such as flooding, storms, risk of bushfire fire, dust; mutual interface with adjacent land uses;
 - b. including amenity glare and reflectivity;
 - c. aircraft glare and reflectivity;
 - d. noise management;
 - e. lighting;
 - f. soil management, including soil conversation strategies as outlined in the approved Advice Letter prepared by E.E. Muir & Sons date 18 September 2023;
 - g. soil management, including soil conversation, erosion and sediment control, soil degradation and instability;
 - h. fauna interaction;
 - i. surface water movement, water quality and landscaped areas irrigation;
 - j. waste management;
 - k. facilities management;
 - I. complaints management; and
 - m. site security and access, including visitors and promotions.

NOISE

- MCU9. Noise from the construction phase of the development must not exceed the most stringent criterion for daytime hours identified in section 2.2 of the approved 'Noise Assessment report prepared by Matrix Acoustics, report number 20230038A revision, date 14 September 2023. Noise associated with the construction phase is to be managed in accordance with a Council endorsed 'Construction Management Plan'.
- MCU10. Noise from the construction phase of the development must not exceed the most stringent criterion for night-time hours identified in section 2.1 of the approved 'Noise Assessment report prepared by Matrix Acoustics, report number 20230038A revision, date 14 September 2023.

Prior to installation of solar panels, inverters, distributed batteries, HV Switch yard or any other potential noise sources provide confirmation from a suitably qualified professional that all equipment will comply with the stringent criterion for night-time hours identified in section 2.1 of the approved 'Noise Assessment report prepared by Matrix Acoustics, report number 20230038A revision, date 14 September 2023.

Noise from the operational phase of the activity to which this approval relates must not cause or be likely to cause an environmental nuisance at any sensitive receptor that

exceeds the Acoustic Quality Objectives listed in the Environmental Protection (Noise) Policy 2019, when measured at the closest sensitive receptor.

WASTE MANAGEMENT

MCU11. Prior to the use commencing operation, confirmation must be provided to Council of the number and type of refuse containers provided on site and the commercial waste collector has been engaged.

LIGHTING

MCU12. All outdoor lighting must be designed, installed, operated and maintained to comply with the requirements of AS4282 – *Control of the obtrusive effects of outdoor lighting*.

DUST

MCU13. The applicant must construct and operate the project in a manner that minimises dust generation from the site, including wind-blown and traffic-generated dust as far as practicable. The applicant must identity and implement all practicable dust mitigation measures, including cessation of relevant works, as appropriate, such that emissions of visible dust are minimised during severe weather conditions.

FURTHER DEVELOPMENT PERMITS

- MCU14. The use must not commence until the following development permits have been issued and complied with as required
 - a. Development Permit for Building Work (Buildings, Panel Structures/Framing, Inverter/Transformer Units).
 - b. Development Permit for Operational Work (Bulk Earthworks).
 - c. Compliance Permit for Plumbing & Drainage Work for the installation of on-site Sewerage Facilities in accordance with the Queensland Plumbing and Wastewater Code.

SITE MANAGEMENT

MCU15. The developer is to ensure that the contractor engaged to remove spoil from or import fill to the site maintains all Council roads clean and free of silt and/or rubbish.

STORMWATER

- MCU16. Stormwater is to be disposed of on-site so as to cause no scour or damage to adjoining properties to the satisfaction of Council.
- MCU17. The method of treatment of stormwater runoff from and through the site shall be designed and constructed in accordance with Council's Service and Works Code.

EROSION AND SEDIMENT CONTROL

MCU18. Erosion and sediment control measures are to be designed and provided in accordance with the International Erosion Control Association (Australasia) 2008's "Best Practice Erosion and Sediment Control for Building and Construction Sites".

STORAGE OF LIQUID CHEMICALS (OTHER THAN FUEL)

MCU19. All liquid chemicals (including flammable liquids (other than fuel), agricultural and veterinary chemicals, waste oil, acid and lube oil) must be stored within dedicated impervious secondary containment stores, structures or devices and in a manner that complies with Australian Standards AS1940 - The storage and handling of flammable and combustible liquids.

ENVIRONMENTAL HARM

MCU20. The *Environmental Protection Act 1994* (EP Act) states that a person must not carry out any activity that causes, or is likely to cause, environmental harm unless the person takes all reasonable and practicable measures to prevent or minimise the harm.

Environmental harm includes environmental nuisance. In this regard persons and entities involved in the civil, earthworks, construction and operational phases of this development are to adhere to their 'general environmental duty' to minimise the risk of causing environmental harm. Environmental harm is defined by the EP Act as any adverse effect, or potential adverse effect (whether temporary or permanent and of whatever magnitude, duration or frequency) on an environmental value, and includes environmental nuisance.

Therefore, no person should cause any interference with the environment or amenity of the area by reason of the emission of noise, vibration, smell, fumes, smoke, vapour, steam, soot, ash, dust, wastewater, waste products, grit, sediment, oil or otherwise, or cause hazards likely in the opinion of the Administering Authority to cause undue disturbance or annoyance to persons or affect property not connected with the use.

ENVIRONMENTALLY RELEVANT ACTIVITIES

MCU21. Should the premises, or any part of the premises, be used for an "Environmentally Relevant Activity" as defined under Schedule 2 the *Environmental Protection Regulation 2019*, separate approval is required by the relevant Administering Authority in accordance with the *Environmental Protection Act 1994* and where applicable the *Planning Act 2016* before such use commences.

ENGINEERING WORKS

- ENG1. Submit to Council, an Operational Work application for all civil works including earthworks, stormwater, roadworks, and access.
- ENG2. Complete all works approved and works required by conditions of this development approval and/or any related approvals at no cost to Council, prior to commencement of the use unless stated otherwise.
- ENG3. Undertake Engineering designs and construction in accordance with the Planning Scheme, Council's standards, relevant design guides, and Australian Standards.
- ENG4. Be responsible for the full cost of any alterations necessary to electricity, telephone, water mains, sewer mains, stormwater drainage systems or easements and/or other public utility installations resulting from the development or from road and drainage works required in connection with the development.
- ENG5. Submit to Council, certification from a suitably qualified Engineer (RPEQ) that the works have been undertaken in accordance with the Approved Plans and specifications and to Council's requirements, prior to commencement of the use.

MAINTENANCE

- ENG6. Maintain all works that will become Council infrastructure for a period of 12 months (maintenance period) from the date of on-maintenance. Any defective works must be rectified within the maintenance period.
- ENG7. Provide Council with a maintenance bond in an acceptable form equal to 5% of the value of Council's infrastructure prior to commencement of the maintenance period.

LOCATION, PROTECTION AND REPAIR OF DAMAGE TO COUNCIL AND PUBLIC UTILITY SERVICES INFRASTRUCTURE AND ASSETS

- ENG8. Be responsible for the location and protection of any Council and public utility services infrastructure and assets that may be impacted on during construction of the development.
- ENG9. Repair all damages incurred to Council and public utility services infrastructure and assets, as a result of the proposed development immediately should hazards exist for public health

and safety or vehicular safety. Otherwise, repair all damages immediately upon completion of works associated with the development

CONSTRUCTION AND NUISANCE MANAGEMENT PLAN

- ENG10. Submit to Council for endorsement, prior to the commencement of works, a Construction Management Plan generally in accordance with the previously submitted 'draft Construction Environmental Management Plan *J001321: Tumuruu CEMP v1.0.* The Construction Management Plan is to cover where applicable, at least the following:
 - a) air quality management;
 - b) noise and vibration management;
 - c) storm water quality management;
 - d) erosion and sediment management;
 - e) vegetation management;
 - f) waste management;
 - g) complaint management;
 - h) community awareness;
 - i) preparation of site work plans;
 - j) workers' car parking arrangements; and
 - k) traffic control during works.

Timing: Prior to commencement of works.

- ENG11. Implement the approved Construction Management Plan at all times during construction of the development.
- ENG12. Ensure a legible copy of the approved Construction Management Plan is available on-site at all times during construction and earthworks.

STORMWATER MANAGEMENT

- ENG13. Provide stormwater management generally in accordance with the approved Conceptual Site Based Stormwater Management Plan prepared by Empower Engineers & Project Managers dated 5 October 2023, subject to detailed design and except as altered by conditions of this development approval.
- ENG14. As part of an Operational Work application, provide an updated stormwater management plan detailing the requirements (including updated modelling) for stormwater management, including detention basins, to mitigate peak flow discharge to predevelopment levels.
- ENG15. Provide overland flow paths that do not adversely alter the characteristics of existing overland flows on other properties or that create an increase in flood damage on other properties.
- ENG16. Ensure that adjoining properties and roadways are protected from ponding or nuisance from stormwater as a result of any site works undertaken as part of the proposed development.
- ENG17. Discharge all minor storm flows that fall or pass onto the site to the lawful point of discharge in accordance with the Queensland Urban Drainage Manual (QUDM).

WATER SUPPLY

- ENG18. Connect the development to Council's reticulated water supply system via a single connection.
- ENG19. Provide a suitable onsite water supply for the development, and monitor water quality to ensure compliance with Health Guidance of use of Rainwater Tanks.

ON-SITE WASTEWATER DISPOSAL

- ENG20. Connect the development to an on-site wastewater disposal system, in accordance with the AS1547:2012 *On-site domestic wastewater management* and the Queensland Plumbing and Wastewater Code 2019.
- ENG21. Obtain a Development Permit for Plumbing Works for the on-site sewerage treatment system.

PARKING AND ACCESS - GENERAL

- ENG22. Provide a car park and set down area to accommodate the development completely internal to the site. The car park and set downs area shall be constructed with a 'low dust' gravel, and maintained to ensure no dust nuisance to sensitive receptors.
- ENG23. Provide vehicle bollards or tyre stops to control vehicular access and to protect landscaping or pedestrian areas where appropriate.
- ENG24. Ensure access to car parking spaces, vehicle loading and manoeuvring areas and driveways remain unobstructed and available for their intended purpose during the hours of operation.
- ENG25. Provide longitudinal gradient and crossfall for all driveways to comply with the requirements of AS2890.1.
- ENG26. Maintain dust suppression treatment to all internal roadways, and vehicle manoeuvring areas ensuring not to have an adverse impact on adjoining properties.
- ENG27. In the event that bona fide complaints are received by Council in relation to dust emissions produced from the site, Council reserves the right to require the applicant to provide either concrete, asphalt, or bitumen seal to heavy vehicle manoeuvring areas.

VEHICLE ACCESS - TURNOUT

ENG28. Design and construct vehicle turnout in accordance with Council's Standard Drawing No. 00049 Rev B, to accommodate the swept path of the largest expected vehicle.

TRANSPORT ROUTE AND ROAD UPGRADING

- ENG29. The approved transport route for all vehicles associated with the solar farm is from the intersection of the D'Aguilar Highway and Hart Street Blackbutt, north along Hart Street and Bowman Road, through to Boobir Creek/Cameron Road, and along Boobir Road to the site entrance, and vice versa.
- ENG30. The approved transport route shall be upgraded to relevant Austroads' Standards, Council's Standards, and more specifically, include:
 - a) Review of the vertical and horizontal alignment to safely accommodate the largest expected vehicle servicing the solar farm;
 - b) Reconstruction of the existing pavement and widening where required to provide 2 x 3.5m lanes with 1m shoulders, including drainage and table drains, curve widening, and any other widening necessary to accommodate the swept path of the largest expected vehicle servicing the solar farm;
 - c) Double/Double bitumen seal;
 - d) Structural assessment of all existing culverts, with replacement and/or extension where required;
 - e) Changes and upgrades required to all intersections and accesses impacts by the transport route upgrade;
 - f) tapers to existing road pavement; and
 - g) road signage and line marking.

Timing: Prior to commencement of construction of the solar farm.

Note: This condition is imposed pursuant to Section 145 (b) (iii) of the Planning Act 2016.

ENG31. Upgrade the intersection of Bowman Road/Boobir Creek Road, and Cameron Road generally in accordance with Empower drawing no. B00484-DA-CR010 Rev C. The intersection shall be designed to accommodate the largest expected vehicle.

Timing: Prior to commencement of construction of the solar farm.

Note: This condition is imposed pursuant to Section 145 (b) (iii) of the Planning Act 2016.

SCHOOL BUS ROUTES

ENG32. No heavy vehicle movements are permitted on Bowman Road between the hours of 7am to 9am, and 2pm to 4pm on school days.

B-DOUBLE ROUTE

ENG33. The section of Bowman between the D'Aguilar Highway and the site entrance to the property is not currently an approved B-Double Route. If B-Doubles are proposed to be used, obtain an approval for the route to be used by multi-combination vehicles from the National Heavy Vehicle Regulator prior to allowing access to Multi-Combination vehicles via above road section. Please refer to the following link for more information: https://www.nhvr.gov.au/road-access/access-management/applications-and-forms

ELECTRICITY AND TELECOMMUNICATION

ENG34. Connect the development to electricity and telecommunication services.

EARTHWORKS - GENERAL

- ENG35. Earthworks per site involving cut or fill with a nett quantity of material greater than 50m³, requires an Operational Work application.
- ENG36. Undertake earthworks in accordance with the provisions of AS3798 Guidelines on Earthworks for Commercial and Residential Developments.

EROSION AND SEDIMENT CONTROL - GENERAL

- ENG37. Undertake an Erosion and Sediment Control Program including, but not limited to the following:
 - a) construction of sediment fences, earth berms, temporary drainage, temporary sediment basins and stormwater filtering devices designed to prevent sediment or sediment laden water from being transported to adjoining properties, roads and/or stormwater drainage systems;
 - b) measures to prevent site vehicles tracking sediment and other pollutants onto adjoining streets during the construction period;
 - c) identification of areas to be utilised on the site for stockpiling of materials capable of being moved by the action of wind or running water; the materials shall be stored clear of drainage paths, and appropriate measures implemented to prevent the entry of such materials into either the road or drainage system;
 - d) inspection regime of sediment and erosion controls; and
 - e) response times to events where controls have been damaged or are inadequate, and erosion or the release of sediment or sediment laden stormwater has occurred from the site or associated works.
- ENG38. Implement the approved Erosion and Sediment Control Plan and modify as necessary, to maintain compliance with the approval.
- ENG39. Undertake works to reinstate or clean up the road and/or drainage system damaged/blocked as a result of erosion and/or sedimentation from the site, at no cost to

Council. Undertake such works immediately where there is a potential hazard to pedestrians and/or passing traffic.

Timing: During construction and on-maintenance period and the establishment period of the landscaping or areas disturbed during construction.

ADVICE

- ADV1. This development approval does not authorise any activity that may harm Aboriginal Cultural Heritage. Under the Aboriginal Cultural Heritage Act 2003 you have a duty of care in relation to such heritage. Section 23(1) provides that "A person who carries out an activity must take all reasonable and practicable measures to ensure the activity does not harm Aboriginal Cultural Heritage." Council does not warrant that the approved development avoids affecting Aboriginal Cultural Heritage. It may therefore be prudent for you to carry out searches, consultation, or a Cultural Heritage assessment to ascertain the presence of Aboriginal Cultural Heritage. The Act and the associated duty of care guidelines explain your obligations in more detail and should be consulted before proceeding. A search can be arranged by visiting <u>https://www.datsip.qld.gov.au</u> and filling out the Aboriginal and Torres Strait Islander Cultural Heritage Search Request Form.
- ADV2. Attached for your information is a copy of Chapter 6 of the Planning Act 2016 in regard to Appeal Rights.
- ADV3. Infrastructure charges are now levied by way of an Infrastructure Charges Notice, issued pursuant to section 119 of the *Planning Act 2016*.
- ADV4. Council is offering a reduction infrastructure charges payable through the development incentive scheme, which is available between 1 December 2020 and 31 December 2025.

Eligible development under this scheme is required to be completed by 31 December 2023. For further information or an application form please refer to the rules and procedures available on Council's website. ADV5. This Material Change of Use development approval does not permit building works or operational works requiring further assessment. It is incumbent upon the applicant to determine which other permits will be required.

- ADV5. The currency period for this development approval is six (6) years starting the day that this development approval takes effect. (Refer to Section 85 "Lapsing of approval at end of currency period" of the Planning Act 2016.)
- ADV6. Advice Agencies provided responses to the proposed development as Attachments D & E.

19 INFORMATION SECTION

Nil

20 CONFIDENTIAL SECTION

RESOLUTION 2024/269

Moved: Cr Jane Erkens Seconded: Cr Kirstie Schumacher

That Council considers the confidential report(s) listed below in a meeting closed to the public in accordance with Section 254J of the *Local Government Regulation 2012*:

20.1 Blackbutt Water Tower – Telecommunications Tower Lease

This matter is considered to be confidential under Section 254J - g of the Local Government Regulation, and the Council is satisfied that discussion of this matter in an open meeting would, on balance, be contrary to the public interest as it deals with negotiations relating to a commercial matter involving the local government for which a public discussion would be likely to prejudice the interests of the local government.

20.2 Request to Accept Tenders for the Design and Construction of Weighbridges in Waste Facilities

This matter is considered to be confidential under Section 254J - c and g of the Local Government Regulation, and the Council is satisfied that discussion of this matter in an open meeting would, on balance, be contrary to the public interest as it deals with the local government's budget and negotiations relating to a commercial matter involving the local government for which a public discussion would be likely to prejudice the interests of the local government.

| Council 13/12/2 | Application for the Road Closure for the Unmaintained Goomeri West Road Which Adjoins Lot 52 FY407 | RESOLUTION 2023/204 |
| 023 | | Moved: Cr Kathy Duff Seconded: Cr Danita Potter |
| | | That South Burnett Regional Council advise the applicant and the Department of Resources that: |
| | | (a) It supports an application for a temporary road closure of the road known as Goomeri West Road, Crownthorpe which adjoins Lot 52 FY407 and is shown in Attachment 1. |
| | | (b) Make note to the department that Council does not support a permanent road closure of the road known as Goomeri West Road, Crownthorpe which adjoins Lot 52 FY407 and is shown in Attachment 1. The reasons for this objection are as follows: |
| | | i the long-term usage of the sections of road reserve is unknown. The permanent closure may affect any future interconnection of roads, any necessary future infrastructure, and any potential new development in the area. |
| | | (c) Should the Department Resources approve the proposed permanent road closure or a temporary road closure with road licence, that there be no cost to Council associated with the road closure. |

| Development Permit for Building Works; Permit for Plumbing and Drainage Work; Development Permit for Operational Works (Site Works, road widening, kerb and channel and associated drainage, landscaping, access driveways, water supply and sewerage discharge sludge collection and removal, stormwater disposal). GEN12. The development (including landscaping, parking, driveway and other external spaces) shall be maintained in accordance with the approved plans, subject to and modified by any conditions of this approval. APPROVED USE GEN13. The approved use of the premises is for an Intensive animal industry (piggery expansion 28,500 to 57,000spu). ADMIN ADMIN ADIM All conditions of this approval must be undertaken and completed to the satisfaction of Council, at no cost to Council. ADM2. All conditions, works, or requirements of this approval must be undertaken and completed prior to the commencement of use, unless otherwise stated. ADM3. Unless otherwise stated, all works must be designed, constructed and maintained in accordance with the relevant Council policies, guidelines and standards. ADM4. All engineering drawings/specifications, design and construction works must comply with the requirements of the relevant Australian Standards and must be approved, supervised and certified by a Registered Professional Engineer of Queensland. Any concurrence agency conditions will apply in addition to these standard conditions. | The original engineers have disengaged by the applicant, the TMR works are complete, but that now means that the intersection works may need some minor redesign, the survey pickup (to determine extent of redesign) is to be done before Xmas, once approved by TMR, the contractor (Shadforths) is still ready to commence works. The start date unknown at the moment, but most likely March. |
|--|---|
| to these standard conditions. ENGINEERING WORKS ENG1. Submit to Council, an Operational Work application for all civil works including earthworks, roadworks | |
| ENG2. Complete all works approved and works required by conditions of this development approval and/or any related approvals at no cost to Council, prior to commencement of the use unless stated otherwise. ENG3. Undertake Engineering designs and construction in accordance with the Planning Scheme, Council's standards, relevant design guides, and Australian Standards. | |

Page 49 of 56

| ENG4. Be responsible for the full cost of any alterations necessary to electricity, telephone, water mains, sewer mains, stormwater drainage systems or easements and/or other public utility installations resulting from the development or from road and drainage works required in connection with the development. ENG5. Submit to Council, certification from a suitably qualified Engineer (RPEQ) that the works have been undertaken in accordance with the Approved Plans and specifications and to Council's requirements, prior to commencement of the use. |
|--|
| MAINTENANCE ENG6. Maintain all works that will become Council infrastructure for a period of 12 months (maintenance period) from the date of on-maintenance. Any defective works must be rectified within the maintenance period. |
| ENG7. Provide Council with a maintenance bond in an acceptable form equal to 5% of the value of Council's infrastructure prior to commencement of the maintenance period. |
| LOCATION, PROTECTION AND REPAIR OF DAMAGE TO COUNCIL AND PUBLIC UTILITY SERVICES INFRASTRUCTURE AND ASSETS ENG8. Be responsible for the location and protection of any Council and public utility services infrastructure and assets that may be impacted on during construction of the development. |
| ENG9. Repair all damages incurred to Council and public utility services infrastructure and assets, as a result of the proposed development immediately should hazards exist for public health and safety or vehicular safety. Otherwise, repair all damages immediately upon completion of works associated with the development. |
| CONSTRUCTION AND NUISANCE MANAGEMENT PLANENG10.Submit to Council for endorsement, a Construction and Nuisance Management Plan for approved development works for the site. The Plan is to cover where applicable, the following:a)air quality management;b)noise and vibration management;c)storm water quality management;d)erosion and sediment management;e)vegetation management;f)waste management;g)complaint management;h)complaint management;h)complaint management;i)preparation of site work plans;j)workers' car parking arrangements; andk)traffic control during works. |

Page 50 of 56

Timing: Prior to commencement of works. ENG11. Implement the approved Construction Management Plan at all times during construction of the development. ENG12. Ensure a legible copy of the approved Construction Management Plan is available on-site at all times during construction and earthworks. STORMWATER MANAGEMENT Submit to Council for approval, a Stormwater Management Report (including drawings), ENG13. prepared by an RPEQ, covering: Stormwater diversion drains being suitably sized to accommodate runoff from the sheds and 1) associated areas. Diversion drain outlets shall be clear of any Effluent Disposal Area, and shall not drain to a road reserve: 2) If proposed, how overland stormwater, including from upstream catchments, will be managed to avoid contamination with water from the piggery site/operations; That all downstream properties, including road reserves will be protected from stormwater 3) 'nuisance', from increased discharge rates, increased velocity, and concentration. Identify measures to be implemented to achieve 'no nuisance' if required. Comment: The Stormwater information previously provided was not considered to adequately address Councils gueries, and further information is sought. ENG14. Provide overland flow paths that do not adversely alter the characteristics of existing overland flows, or create a nuisance, on other properties. WATER SUPPLY ENG15. Provide a potable water supply to meet the needs of the development for staff and visitors. **ON-SITE WASTEWATER DISPOSAL** ENG16. Connect the development to an on-site wastewater disposal system, in accordance with the AS1547 and the Queensland Plumbing and Wastewater Code. ENG17. Obtain a Development Permit for Plumbing Works for the on-site sewerage treatment system. WASTE AND ODOUR MANAGEMENT ENG18. Provide solid and liquid waste management in accordance with AgDSA Development Assessment Report Rev A. dated 13/9/21.

Infocouncil

Page 51 of 56

| ENG19. In the event that bonafide complaints are received by Council in relation to odour emissions produced from the site, and the use is not being carried out in accordance with the conditions of this approval, including the management strategies set out in the AgDSA Development Assessment Report Rev A, dated 13/9/21 report, Council reserves the right to require the applicant to re-assess waste and odour management procedures already in place. In this instance, the applicant may be required to undertake a further assessment on waste and odour management through a third party and implement any recommendations by a date agreed by the Council. |
|--|
| TRADE WASTE DISPOSAL (WASH DOWN BAY) ENG20. The business must ensure that: a) maintenance and cleaning of equipment (including vehicles and plant) are carried out in Wash Down Bays, or an area where contaminants cannot be released into stormwater drainage, a roadside gutter, a water course or onto unsealed ground; b) any spillage of contaminants is cleaned up immediately by a method other than hosing, sweeping or otherwise releasing the contaminants into stormwater drainage, a roadside gutter or a water course; and c) incidental rainfall and overland flow of stormwater do not contact contaminants (for example, areas with contaminants should be roofed or protected by diversion drains). |
| ENG21. Spillage of all chemicals and other liquid contaminants must be contained within an on-site containment system and controlled in a manner that prevents environmental harm. |
| ENG22. Where regulated waste is removed from the premises, records must be kept of the following: a) the date, quantity and type of waste removed; b) the name of the waste transporter and/or disposal operator who removed the waste; and c) the intended treatment/disposal destination of the waste. |
| HAZARDOUS CHEMICAL & FUEL STORAGE ENG23. Ensure that all hazardous chemicals are stored and handled in accordance to the Work Health and Safety Act 2011 ENG24. Diesel is to be stored and handled in accordance with Australian Standard1940-2004 - The storage and handling of flammable and combustible liquids. |
| PARKING AND ACCESS - GENERAL ENG25. Provide a sufficient number of carparks to meet the demands of the development. |
| ENG26. Design and construct all driveway and parking areas to provide a dust suppressive gravel. |
| ENG27. Maintain dust suppression treatment to all internal roadways, and vehicle manoeuvring areas ensuring not to have an adverse impact on adjoining properties. |

Page 52 of 56

VEHICLE ACCESS - TURNOUT

ENG28. Design and construct vehicle turnouts in accordance with Council's Standard Drawing No. 00049 Rev B.

ROADWORKS AND PEDESTRIAN SAFETY

ENG29. Install signage for all works on or near roadways in accordance with the Manual for Uniform Traffic Control Devices – Part 3, Works on Roads.

TRANSPORT ROUTE

ENG30. All heavy vehicles traveling to/from the development shall use the following route, and vice versa:

Kratzmanns Rd from the Murgon-Gayndah Rd to Morgans Rd;

• Morgans Rd from the intersection with Kratzmanns Rd, through to the site access at 592 Morgans Rd, Windera.

• Mcantee Rd between the proposed site accesses shown on AgDSA Drawing No A001.2 Rev A, and A002.1 Rev A. Using any other part of Mcantee Rd in not permitted.

B-DOUBLE ROUTE

ENG31. No part of the Transport Route is permitted for use by B-Doubles, and shall not be used by B-Doubles, unless an approval for the route to be used by multi-combination vehicles is obtained from the National Heavy Vehicle Regulator prior to allowing access to Multi-Combination vehicles via above road section. Please refer to the following link for more information: https://www.nhvr.gov.au/road-access/access-management/applications-and-forms. Any future approval may be conditioned with further road upgrade requirements.

ROAD UPGRADING

ENG32. The applicant shall undertake the following road upgrades:

1) Windera Ck causeway and approaches:

a) Widen the pavement on the approaches to the Windera Ck causeway to enable safe passing of the largest expected vehicle between Ch1.56km to Ch1.99km (approximately);

b) Installation of a 'Give Way' sign and line marking on the westbound approach of the causeway, ensuring that appropriate sight distance requirements are achieved;

c) Remove vegetation to improve sight distance as generally shown in RMA report Traffic Impacts Assessment – 592 Morgans Rd, Windera dated 23/12/2021 Figure 7-2.

2) Upgrade the intersection of Morgans Rd and Kratzmanns Rd generally in accordance with RMA report Traffic Impacts Assessment – 592 Morgans Rd, Windera dated 23/12/2021 Figure 7-3. The intersection shall accommodate the turning movements of the largest expected vehicle, including pavement widening and bitumen sealing. Trees and vegetation on Morgans Rd and Kratzmann's Rd shall be removed to achieve sight distance requirements.

Infocouncil

Page 53 of 56

| The vertical curves on Morgans Road at approximately 200m, and 700 - 800m, north of the |
|---|
| Kratzmanns Rd intersection shall be widened to a 7m bitumen seal on an 8m pavement formation |
| (including tapers and linemarking), where Stopping Sight Distance is not available. |
| Vegetation on the inside of the Kratzmanns Rd intersection shall be cleared to improve sight |
| distance. |
| 5) Upgrade Mcantees Road, between the two proposed access points to McAntees Rd for Lot 202 |
| SP251979 and Lot 49 MZ555, to the following standard: |
| a) 7m bitumen seal on an 8m pavement formation; |
| b) Upgrades to the vertical and horizontal alignment to Austroads requirements; a) Widening to accommodate the management of the largest superted which a personnel. |
| Widening to accommodate the manoeuvring of the largest expected vehicle where necessary. Drainage structures, and improvements to minimize accession right. |
| Drainage structures, and improvements to minimise erosion risk. |
| Timing: Prior to Commencement of Use |
| ELECTRICITY AND TELECOMMUNICATION |
| ENG33. Connect the development to electricity and telecommunication services. |
| Endoss. Connect the development to electricity and telecommunication services. |
| EARTHWORKS - GENERAL |
| ENG34. Earthworks per site involving cut or fill with a nett quantity of material greater than 50m3, |
| requires an Operational Work application. |
| ENG35. Undertake earthworks in accordance with the provisions of AS3798 Guidelines on Earthworks |
| for Commercial and Residential Developments. |
| |
| EARTHWORKS - RETAINING STRUCTURES AND BATTERS |
| ENG36. Ensure retaining walls and earthworks batters designs do not adversely affect adjoining |
| properties or services within the vicinity. |
| ENG37. Ensure batters do not exceed a maximum slope of 25% (1 in 4). |
| ENICOD Contains and the second discovery following the second site Fill second has the site of the |
| ENG38. Contain any batters wholly within the proposed development site. Fill cannot be placed on |
| adjacent properties without providing Council with written permission from the respective property owner(s). |
| ENG39. Design and construct all retaining walls and associated footings in accordance with AS4678 |
| Earth Retaining Structures and without encroachment onto adjoining properties or public land. |
| |
| EARTHWORKS |
| ENG40. Submit to Council, detailed engineering drawings and information with the Operational Work |
| application including, but not limited to the following: |
| a) long and cross sections of proposed cut/fill and retaining walls as applicable; |
| b) existing and proposed surface levels; |

Page 54 of 56

| proposed drainage works to accommodate existing overland flows; proposed haulage route(s) that will be used; and details identifying the source/disposal site(s) for material imported/exported. The site(s) must have a current development approval enabling them to export/accept any material. |
|--|
| ENG41. Obtain Council approval for the haulage truck sizes and the final haul route(s) prior to commencement of any approved works. |
| EROSION AND SEDIMENT CONTROL - GENERALENG42.Ensure that all reasonable actions are taken to prevent sediment or sediment laden waterfrom being transported to adjoining properties, roads and/or stormwater drainage systems.ENG43.Remove and clean-up sediment or other pollutants in the event that sediment or otherpollutants are tracked/released onto adjoining streets or stormwater systems, at no cost to Council. |
| ADVICE ADV1. Section 85(1)(a) of the <i>Planning Act 2016</i> provides that, if this approval is not acted upon within a period of six (6) years, the approval will lapse. |
| ADV2. The general environmental duty under the <i>Environmental Protection Act 1994</i> prohibits unlawful environmental nuisance cause by noise, aerosols, particles, dust, ash, fumes, light, odour or smoke beyond the boundaries of the premises during all stages of the development, including earthworks, construction and operation. |
| ADV3. Where dangerous goods are stored on site, compliance with <i>Queensland Work Health and Safety</i> Act 2011 is required at all times. |
| ADV4. The Department of Agriculture and Fisheries issued an Environmental Authority (Permit Number: 2021-28) pursuant to the <i>Environmental Protection Act 1994</i> that takes effect once the development application is approved (See Attachment A). |
| ADV5. This approval includes a concurrence agency response with conditions from the Department of State Development, Infrastructure, Local Government and Planning – Reference: 2109-24865 SRA and dated 14 December 2021. |
| ADV6. All reasonable and practicable measures must be taken to ensure that no harm is caused to Aboriginal cultural heritage (the "cultural heritage duty of care"). The cultural heritage duty of care is met if the development is conducted in accordance with gazetted cultural heritage duty of care guidelines. Further information on cultural heritage, together with a copy of the duty of care guidelines and cultural heritage search forms, may be obtained from www.datsip.gld.gov.au . |
| |

Page 55 of 56

ADV7. Attached for your information is a copy of Chapter 6 of the Planning Act 2016 as regards Appeal Rights. ADV8. The Biosecurity Act 2014 includes a general biosecurity obligation on persons to prevent or minimise the impact of biosecurity risks. ADV9. Infrastructure charges are now levied by way of an infrastructure charges notice, issued pursuant to section 119 of the Planning Act 2016. ADV10. Council is offering a reduction in infrastructure charges payable through the development incentive scheme which is available between 1 December 2020 and 31 December 2023. Eligible development under this scheme is required to be completed by 31 December 2023. For further information or application form please refer to the rules and procedures available on Council's website. **RESOLUTION 2022/486** Moved: Cr Kathy Duff Seconded: Cr Danita Potter Procedural Motion That the matter lay on the table. 10.1 ALGA NATIONAL GENERAL ASSEMBLY CALL FOR MOTIONS - 2024

File Number: 14/02/2024

Author: Executive Assistant

Authoriser: Chief Executive Officer

PRECIS

Councils are encouraged to submit motions for the 2024 National General Assembly (NGA). The NGA proposed to be held in Canberra from 2 July to 4 July 2024. The motions are due to ALGA by Friday 29 March 2024.

SUMMARY

The Australian Local Government Association's National General Assembly, held in Canberra, generally attracts approximately 900 representatives from councils across the states and territories.

The theme for the 2024 Conference is "Building Community Trust". This assembly will consider and acknowledges the need to come together and with other partners, including the Federal Government, to deliver for our communities.

OFFICER'S RECOMMENDATION

That South Burnett Regional Council resolves to submit the following resolutions to the National General Assembly of Local Government;

FINANCIAL AND RESOURCE IMPLICATIONS

Officer time to prepare and submit any resolutions.

LINK TO CORPORATE/OPERATIONAL PLAN

OR12 Advocate strongly to key stakeholders, including state and federal governments, on regional priorities, including funding opportunities.

COMMUNICATION/CONSULTATION (INTERNAL/EXTERNAL)

Discussion with Councillors regarding issues that are:

- Relevant to the work or local government nationally;
- Be consistent with the themes of the NGA;
- Complement or build upon the objectives of the LGAQ;
- Propose a clear action or outcome; and
- Not be advanced on behalf of third parties.

LEGAL IMPLICATIONS (STATUTORY BASIS, LEGAL RISKS)

Not applicable

POLICY/LOCAL LAW DELEGATION IMPLICATIONS

This event provides a unique opportunity each year for Local Government to engage directly with the Federal Government, to develop national policy and to influence the future direction of our councils and our communities.

ASSET MANAGEMENT IMPLICATIONS

Not applicable

REPORT

Council direction is sought on which motions to be placed for debate. Motions must be submitted no later than 29 March 2024 for inclusion in the agenda and require confirmation that they have been endorsed by Council Resolution.

Please be cautious

This email originated outside of SBRC ...

Please distribute to the Mayor/Shire President/CEO/General Manager

I'm delighted to officially invite you to our Australian Local Government Association Annual Conference, the National General Assembly of Local Government (NGA), which will be occurring in Canberra from 2 to 4 July 2024 at the National Convention Centre. In addition, the Federal Government has again offered to host Mayors at the Australian Council of Local Government (ACLG) on 5 July 2024.

As a result, ALGA is now calling for councils to submit motions for the 2024 NGA. Attending this Conference to debate policy motions that will be considered by the ALGA Board, the NGA is your opportunity to shape the federal advocacy agenda that ALGA will undertake on behalf of Australian local governments.

The theme of our 2024 NGA will be "Building Community Trust". ALGA is seeking motions that align with this theme and identify opportunities for new federal programs and policies that will support councils to build trust, both in our communities and as a local delivery partner for the Australian Government.

This <u>discussion paper</u> will help you prepare your council's motions, which can be submitted online at <u>www.alga.com.au</u> until Friday 29 March 2024.

Next year's Conference is shaping up to be even bigger than this year's record setting event, and we are again so proud to be partnering with the Federal Government to incorporate the ACLG into the week.

This year's ACLG was the first to be held in ten years and was a wonderful opportunity for us to speak directly to Federal Ministers with one voice about the challenges and opportunities in our communities.

Further information about both the 2024 NGA and ACLG – including registration details – will be provided to your councils in the New Year. Should you require any further details, please do not hesitate to contact ALGA on (02) 6122 9400 or at <u>alga@alga.asn.au</u>.

I look forward to receiving your 2024 NGA motions and welcoming you to Canberra next July.

Yours sincerely,

Councillor Linda Scott President, Australian Local Government Association

AUSTRALIAN

LOCAL GOVERNMEN ASSOCIATION

National Convention Centre Canberra

Item 10.1 - Attachment 1

KEY DATES

29 March 2024 | Acceptance of Motions
2 July 2024 | Regional Cooperation & Development Forum
3 - 4 July 2024 | National General Assembly
5 July 2024 | Australian Council of Local Government

TO SUBMIT YOUR MOTION VISIT: ALGA.COM.AU

2

The Australian Local Government Association (ALGA) is pleased to convene the 30th National General Assembly of Local Government (NGA), to be held in Canberra from 2-4 July 2024.

As convenor of the NGA, the ALGA Board cordially invites all councils to send representatives to this important national event.

The NGA is the premier national gathering of local governments, and provides councils with the opportunity to come together, share ideas, debate motions, and most importantly unite and further build on the relationship between local government and the Australian Government.

This discussion paper contains essential information for Australian councils considering submitting motions for debate at the 2024 National General Assembly of Local Government (NGA).

It is recommended that all councils and delegates intending to attend the 2024 NGA familiarise themselves with the guidelines for motions contained in this paper on page 6.

BACKGROUND TO ALGA AND THE NGA

ALGA was established 1947. In structure, ALGA is a federation of member state and territory associations. Its mission is to achieve outcomes for local government through advocacy with impact, and maximise the economic, environmental and social wellbeing of councils and our communities.

Since 1994, the NGA has built the profile of local government on the national stage, showcased the value of councils, and most importantly demonstrated - particularly to the Australian Government - the strength and value of working with local government to help deliver on national priorities.

Debate on motions was introduced to the NGA as a vehicle for councils from across the nation to canvas ideas. Outcomes of debate on motions (NGA Resolutions) could be used by participating councils to inform their own policies and priorities, as well as their advocacy when dealing with federal politicians.

At the same time, they help ALGA and its member state and territory associations gain valuable insight into council priorities, emerging national issues, and the level of need and support for new policy and program initiatives.

Given the structure of ALGA, its Constitution, and level of resources, the NGA does not bind the ALGA. Board. However, the Board carefully considers NGA resolutions as it determines ALGA's policies, priorities and strategies to advance local governments within the national agenda.

This is your NGA and ALGA is pleased to act as the convenor. ALGA's policies and priorities will continue to be determined by the ALGA Board in the interests of all councils.

The ALGA Board thanks all councils for attending the NGA and those that will take the time to reflect on the purpose of debate on motions outlined in this paper, and to submit motions for debate at the 2024 NGA.

SUBMITTING MOTIONS

Australia is one of the world's great democracies. It is held in high regard across the world but should never be taken for granted.

The theme of the 2024 NGA is - Building Community Trust.

This theme aims to explore the critical importance of trust in governments, between governments, its institutions, and its citizens. This trust is a fundamental building block of our nation's democracy.

While relatively low key, over the past decade there has been increasing public debate by scholars and policy makers about the level of trust in government, its institutions and indeed the operation of our democracy more broadly.

Mark Evans et al (2019) published research in 'The Conversation' indicating that Australians' trust in politicians (our political representatives) and democracy has hit an all-time low. This report indicates 'fewer than 41% of Australian citizens are satisfied with the way democracy works in Australia, down from 86% in 2007.

Public satisfaction has fallen particularly sharply since 2013, when 72% of Australian citizens were satisfied. Generation X is least satisfied (31%) and Baby Boomers most satisfied (50%). Some political authors suggest that these trends in part explain the rise in popularity and the relative success of independents and micro or single-issue parties.

These statistics should be of concern to every level of government and those interested in the future of our communities and Australia's democratic system.

It is said that 'trust is hard-earned, easily lost, and difficult to re-establish – and a key to absolutely everything.' While media and public attention frequently focuses on levels of trust in the national and state governments, local governments have an equally important role in building, maintaining and indeed, often repairing government-community relationships.

At its most fundamental level, the 2024 NGA focusses on the role of local government and how all levels of government can help each other build, maintain and strengthen government-community relationships.

This discussion paper is a call for councils to submit motions for debate at the 2024 NGA to be held in Canberra from 2-4 July 2024.

Motions for this year's NGA should consider:

- how all levels of government in Australia can build trust in each other and earn greater trust from the community;
- practical opportunities for the Australian Government to leverage the trust that local communities have in their local council;
- focus on practical programs that can strengthen the system of local government nationally to provide the services and infrastructure required to support and strengthen our communities; and
- new program ideas that that would help the local government sector to deliver the Australian Government's objectives.

Motions should be concise, practical and implementable and meet the guidelines for motions set out in the paper.

You are encouraged to read all the sections of the paper but are not expected to respond to every issue or question. Your council's motion/s must address one or more of the issues identified in the discussion paper.

Motions must be lodged electronically using the online form available on the NGA website at: www.alga.com.au and received no later than 11:59pm AEST on Friday 29 March 2024.

All notices of motions will be reviewed by the ALGA Board's NGA Sub-committee prior to publishing the NGA Business Paper to ensure that they meet these guidelines. This sub-committee reserves the right to select, edit or amend notices of motions to facilitate the efficient and effective management of debate on motions at the NGA.

All NGA resolutions will be published on www.nationalgeneralassembly.com.au.

As the host of the NGA, ALGA will communicate resolutions to the relevant Australian Government Minister and publish Ministerial responses as they are received on this website.

Please note that if your council does submit a motion, there is an expectation that a council representative will be present at the NGA to move and speak to that motion if required.

We look forward to hearing from you and seeing you at the 2024 NGA.

CRITERIA FOR MOTIONS

To be eligible for inclusion in the NGA Business Papers, and subsequent debate on the floor of the NGA, motions must meet the following criteria:

- 1. Be relevant to the work of local government nationally.
- Not be focused on a specific jurisdiction, location or region unless the project or issue has national implications.
- 3. Be consistent with the themes of the NGA.
- Complement or build on the policy objectives of ALGA and your state or territory local government association.
- Be submitted by a council which is a financial member of their state or territory local government association.
- 6. Propose a clear action and outcome ie call on the Australian Government to act on something,
- Not be advanced on behalf of external third parties that may seek to use the NGA to apply pressure to Board members, or to gain national political exposure for positions that are not directly relevant to the work of, or in the national interests of, local government.
- 8. Address issues that will directly improve the capacity of local government to deliver services and infrastructure for the benefit of all Australian communities.
- Not seek to advance an outcome that would result in a benefit to one group of councils to the detriment of another.
- 10. Be supported by sufficient evidence to support the outcome being sought and demonstrate the relevance and significance of the matter to local government nationally.

Motions must commence with the following wording:

This National General Assembly calls on the Australian Government to ...

Please note that resolutions of the NGA do not automatically become ALGA's national policy positions.

OTHER THINGS TO CONSIDER

It is important to complete the background section of the submission form. Submitters of motions should not assume that NGA delegates will have background knowledge of the proposal. The background section helps all delegates, including those with no previous knowledge of the issue, in their consideration of the motion. Please note, motions should NOT be prescriptive in directing how the matter should be pursued.

Try to keep motions practical, focussed and capable of implementation to ensure that relevant Australian Government Ministers provide considered, thoughtful and timely responses.

Try to avoid motions that are complex, contain multi-dot points and require complex cross-portfolio implementation.

All motions submitted will be reviewed by the ALGA Board's NGA Sub-committee, in consultation with state and territory local government associations, to determine their eligibility for inclusion in the NGA Business Papers.

When reviewing motions, the Sub-committee considers the criteria, clarity of the motion and the importance and relevance of the issue to local government.

If there are any questions about the substance or intent of a motion, ALGA will raise these with the nominated contact officer. With the agreement of the submitting council, these motions may be edited before inclusion in the NGA Business Papers.

To ensure an efficient and effective debate, where there are numerous motions on a similar issue, the NGA Sub-committee will group these motions together under an overarching strategic motion. The strategic motions will have either been drafted by ALGA or will be based on a motion submitted by a council which best summarises the subject matter.

Debate will occur in accordance with the rules for debate published in the Business Papers and will focus on the strategic motions. Associated sub-motions will be debated by exception only or in accordance with the debating rules.

Any motion deemed to be primarily concerned with local or state issues will be referred to the relevant state or territory local government association and will not be included in the NGA Business Papers.

All motions require:

- a contact officer;
- a clear national objective;
- a summary of the key arguments in support of the motion; and
- endorsement of your council.

Motions should be lodged electronically using the online form available at www.alga.asn.au. Motions should be received no later than 11:59pm AEST on Friday 29 March 2024.

SETTING THE SCENE

The theme for NGA24 'Building Community Trust' aims to focus on the role of local government in the Australian system of government and explore the critical importance of trust in governments, between governments, its institutions, and our citizens.

In a recent essay on Capitalism after the Crisis (2023) the Treasurer the Hon Dr Jim Chalmers MP wrote:

'Our mission is to redefine and reform our economy and institutions in ways that make our people and communities more resilient, and our society and democracy stronger as well.'

The need to strengthen our democracy was also emphasised the Prime Minister the Hon Anthony Albanese MP in a speech at Queensland's Woodford Folk Festival toward the end of 2022:

I urge anyone who thinks our democracy is unassailable to have a look around the world. Even some of the oldest, most stable democracies have come under attack from a whole range of corrosive, insidious forces. No one is immune. Our democracy is precious, something we have carefully grown and nurtured from one generation to the next. One of our core responsibilities is to make it stronger, and the key to that strength is transparency and accountability."

In early 2023 the Australian Government established a taskforce to advise government on 'what can be done – practically – to strengthen Australian democracy'.

The 2024 NGA provides you - the elected representatives of Australia's local councils and communities - with the opportunity to engage with the Federal Government and key Ministers.

Further, it is your opportunity to advocate for new or expanded programs and key policy initiatives that could strengthen local governments, its capacity to deliver services and infrastructure to local communities across the nation. This service delivery is critical to build, maintain and strengthen the trust of our citizens.

This year's call for motion focusses on twelve priority areas:

- Intergovernmental relations;
- · Financial sustainability;
- · Roads and infrastructure;
- · Emergency management;
- · Housing and homelessness;
- Jobs and skills;
- · Community services;
- · Closing the Gap and Aboriginal and Torres Strait Islander Reconciliation;
- · Data, digital technology and cyber security;
- · Climate change and renewable energy;
- Environment; and
- Circular economy.

1. INTERGOVERNMENTAL RELATIONS

'Australia's federal structure, built upon reciprocal financial, legislative and policy responsibilities, requires intelligent cooperation on issues of strategic national significance.'

National Cabinet is a forum for the Prime Minister, Premiers and Chief Ministers to meet and work collaboratively. National Cabinet was established on 13 March 2020 and is chaired by the Prime Minister. The National Cabinet is a key mechanism in Australia's current intergovernmental architecture.

A representative of local government, the President of ALGA, is invited to meet with National Cabinet once each year. The President of ALGA also attends one meeting per year of the Council on Federal Financial Relations comprising the Commonwealth Treasurer as Chair and all state and territory treasurers.

A substantial body of research, from Australia and internationally, has highlighted that governments that work together are generally more successful in achieving shared national objectives, including economic recovery from events like the COVID-19 pandemic as well as in service and infrastructure delivery.

This research reinforces the need for local government to be included in relevant ministerial forums that support national priorities – from housing affordability to reaching net-zero emissions. ALGA currently participates in National Cabinet (1/year), Council on Federal Financial Relations (1/ year), Infrastructure Transport Ministers Meeting, National Emergency Managers Meeting, Local Government Ministers Forum, Joint Council on Closing the Gap, Planning Ministers Meeting, Meeting of Environment Ministers, Energy and Climate Change Ministers and the Road Safety Ministers Meeting, to represent local government views.

Local government input can provide a community voice, enabling our intergovernmental forums to make decisions with greater legitimacy and authority.

Given the importance of trust in governments, between governments and its citizens, how can intergovernmental arrangements be further improved in Australia?

Are there ways of maintaining and enhancing the community's trust in local government?

Are there new initiatives and programs that could be adopted to improve the level of cooperation and collaboration between the Australian Government and local government?

30

2. FINANCIAL SUSTAINABILITY

Trust in governments is highly correlated with their ability to fulfill the implicit social contract between government and its citizens by keeping promises.

Local government is the third sphere of government in Australia's system of government. Councils are comprised of locally elected representatives who understand local needs and engage locally on strategies to meet those needs.

Councils are responsible for providing a wide range of critical local area services including planning, libraries, waste management systems, transport and infrastructure (eg roads and footpaths, parks, sporting grounds and swimming pools) and social services.

These services are critical to the wellbeing, liveability and productivity of all local communities, and therefore the nation. Equally important is the sustaining of democratic processes at the local and regional level.

Local government's total annual expenditure in 2021 -22 was approximately \$43.6 billion. Nonfinancial assets including roads, community infrastructure such as buildings, facilities, airports, water, and sewerage (in some states) including land, are valued at \$539 billion [ABS Government Finance Statistics, Australia, 2021-22].

In 2021-22, the Australian Government provided \$2.6 billion in Financial Assistance Grants funding to councils. This included \$1.3b which was brought forward from the 2021-22 estimate and paid through state and territory governments in 2020-21.

Nationally, local government derives nearly 90% of its revenue from its own sources (including rates and services charges), compared to around 50% for state governments. Grants from other levels of government make up just over 10% of local government's total revenue, however these grants are particularly important in areas with a low-rate base, and/or high growth rates, and rapidly expanding service and infrastructure needs.

In 2021-22 Financial Assistance Grants to local governments was less than 0.6% of Commonwealth taxation revenue (CTR), a significant drop from 1996 when these grants were at 1% of CTR. In 2023-24 Financial Assistance Grants have fallen to 0.5% of Commonwealth taxation.

What improvements are needed to the intergovernmental financial transfer system, particularly the Commonwealth transfers to local government, to enhance the community's trust in local government and by extension all governments?

Noting that Commonwealth tied funding is provided with detailed requirements how can this system be improved to provide flexibility and maximize the benefit to local communities?

3. ROADS AND INFRASTRUCTURE

ALGA's 2021 National State of the Assets Report (NSoA) is currently being updated and expected to be launched in 2024. The most recent NSoA shows that while most local government assets such as roads, bridges, buildings, parks and recreation, stormwater, water and wastewater, and airports and aerodromes are generally in good to very good condition, around 10% are not fit for purpose, and around 20–25% are only fair and over time will need attention.

The last NSoA found that in 2019–20 non-financial infrastructure assets were valued at \$342 billion and were depreciating at \$7.7 billion per year. Replacement costs of these infrastructure assets were in the order of \$533 billion.

Local government assets make up a significant proportion of the physical structure of local communities and often provide critical access to and support for citizens to engage in state and national assets and opportunities.

For example, local roads provide important "first and last-mile access" for communities and industry to road networks, integral to economic development and community connection. Local sporting grounds can provide access for community groups to build community participation that has social, health and economic benefits.

Are there programs or initiatives that the Australian Government could adopt to improve the longterm sustainability of local government infrastructure?

Are there programs or initiatives that the Australian Government could provide to improve the sector's capacity to manage local government infrastructure and to integrate these plans into long-term financial plans?

Are there programs or initiatives that the Australian Government could develop to maintain, strengthen and enhance the reputation of Australia's infrastructure providers, including local government?

12

4. EMERGENCY MANAGEMENT

In 2022 alone, 46 disasters were declared across Australia, covering more than 300 different council areas. In recent years, almost every Australian council has been impacted in some way by fires, floods, or cyclones.

Last year's flooding caused a damage bill of approximately \$3.8 billion to local roads across Queensland, New South Wales, Victoria and South Australia. This was just a fraction of the total disaster costs incurred by governments across the county.

There have been numerous NGA motions in recent years regarding natural disasters and this has been a significant priority in ALGA's advocacy program.

In 2022 ALGA successfully advocated for a new \$200 million per year Disaster Ready Fund, with the first round of funding allocated in June 2023. This fund will support councils and communities to mitigate against the risk of future disasters and help address the significant imbalance between mitigation and recovery spending.

Councils are encouraged to draw on their practical experience of the improvements that could be made to managing emergencies.

Please note that many aspects of emergency management are state or territory responsibilities, and your motions should focus on how the Australian Government could assist.

What new programs, or improvements to existing programs, could the Australian Government develop to partner with local government to improve the current natural disaster management systems to further assist in recovery and build resilience?

5. HOUSING AND HOMELESSNESS

Almost every Australian council and community is facing challenges around a lack of affordable housing.

Alarming research by the UNSW City Futures Research Centre shows 640,000 Australian households – or one in 15 households – are under housing stress.

All levels of government, including councils, have a fundamental role to play in addressing this crisis, which is being compounded by high interest rates, rising construction costs and skills shortages.

At a national level, ALGA is a signatory to the National Housing Accord, and in 2023 successfully advocated for a new \$500 million Housing Support Program for state and local governments to deliver supporting infrastructure for new housing developments.

While the provision of affordable housing is not a local government responsibility, councils have a role to play in ensuring there is enough suitably located land available for housing and that a diversity of housing stock is supported. Councils also want to ensure that new housing developments are supported with the necessary services and infrastructure to create liveable and sustainable communities.

Many councils are also addressing thin markets and developing land and housing themselves, delivering local solutions to meet the needs of their communities.

Councils also want to ensure that they engaged with planning decisions that affect local communities. Taking planning powers away from councils does not always support the best local outcomes.

Councils also play an important role addressing some of the causes of homelessness, including social inclusion programs that can assist mental health and family violence issues, as well as providing support for people currently experiencing homelessness.

What new programs and policies could the Australian Government develop to partner with local government to support the provision of more affordable housing?

How can the Australian Government work with councils to address the causes and impacts of homelessness?

6. JOBS AND SKILLS

Local government is a major employer in Australia providing employment, career advancement and training opportunities for more than 190,800 Australians, across an estimated 400 occupations.

However, councils are facing significant jobs and skills shortages that are constraining their capacity to deliver services and build and maintain local infrastructure.

ALGA's 2022 National Local Government Workforce Skills and Capability Survey indicated that more than 90 percent of Australia's 537 councils were experiencing skills shortages.

The survey also showed that for approximately two-thirds of these councils, these shortages were impacting on project delivery.

In particular, councils are facing a shortage of planners, engineers, building surveyors, environmental officers and human resources professionals.

Skills shortages occur for a variety of reasons including an inability to compete against the private sector, worker accommodation, support services for families, ageing of the workforce and geographic isolation.

Are there programs or initiatives that the Australian Government could implement that would enhance local government's capacity to attract and retain appropriately skilled staff now and into the future?

Are there programs or changes to existing programs that would increase local government's ability to employ apprentices and trainees?

Are there other initiatives that the Australian Government could provide to improve the sector's ability to plan and develop skills fit for the future?

7. COMMUNITY SERVICES

Councils provide a wide range of services based on local characteristics, needs, priorities, and the resources of their community. Indeed, it is this level of responsiveness and accountability to the local community that is an essential feature of democratic local governments worldwide.

Some of these services are provided to address market failure, and many of them are provided by councils on behalf of other levels of government.

It is important to note that nationally local government is more than 83% self-sufficient ie funded at the local level either through rates, fees and charges, sale of goods and services, or interest. The Australian Bureau of Statistics data shows that total local government annual expenditure in 2021-22 was \$43.6 billion.

Only 17% comes from grants and subsidies from other levels of government. Unfortunately, many of these grants and subsidies are tied, or require matching funding which restricts the ability to address local priorities in the way the council and community might need.

Arguably there is no greater obligation upon government than to maintain the trust that citizens have in meeting their community services obligations and promises, particularly to society's most vulnerable.

Local government community services are broadly defined, and may include but are not limited to:

- environmental health including food safety;
- childcare, early childhood education, municipal health;
- aged care, senior citizens;
- services to people living with disability;
- programs to address disadvantage, to reduce poverty and homelessness;
- sporting and recreational programs;
- arts and cultural activities, programs and festivals;
- tourism and economic development activities; and
- library services.

Noting the funding arrangements for the provision of local government community services are there programs and initiatives that the Australian Government could implement to improve the delivery of these services?

Are there reforms or improvements in national community services program that would help local governments support the Australian Government to deliver on its national objectives?

16

8. CLOSING THE GAP AND ABORIGINAL AND TORRES STRAIT ISLANDER RECONCILIATION

In 2021, ALGA co-signed a landmark national agreement to close the gap between Indigenous and non-Indigenous Australians. At the heart of the National Agreement on Closing the Gap Partnership are four agreed priority reform targets and 19 socio-economic targets in areas including education, employment, health and wellbeing, justice, safety, housing, land and waters, and Aboriginal and Torres Strait Islander languages.

The Indigenous Voice Co-design Final Report to the Australian Government was released in December 2021. The Local & Regional Voice will contribute to achieving the Closing the Gap outcomes by providing avenues for Indigenous voices to be heard, including to provide feedback to government on Closing the Gap.

As the level of government closest to the people, councils have an essential role supporting and helping to steer the development of policies and programs in partnership with local Indigenous peoples that address closing the gap priorities at the local and regional level.

Local government plays a positive role in reconciliation and celebrating Indigenous culture and identity, and sustainably funded could work effectively to reduce Indigenous disadvantage in all its forms.

On 14 October 2023, Australians voted in a referendum about whether to change the Constitution to recognise the First Peoples of Australia by establishing a body called the Aboriginal and Torres Strait Islander Voice. The referendum did not pass.

Are there programs or initiatives that the Australian Government could adopt to assist local government to advance reconciliation and close the gap?

Are there practical programs or initiatives that local government and the Australian Government could introduce to maintain, build and strengthen the level of trust between Aboriginal and Torres Strait Islanders and governments?

9. DATA, DIGITAL TECHNOLOGY AND CYBER SECURITY

Provision of information technology to all Australians is vital to innovation, economic growth, and social equity. However, it is potentially even more important to regional Australia where the tyranny of distance increases the inequity of services available – including education, health, economic and social. Innovative technology is becoming more broadly available and could boost productivity and economic growth.

Councils around Australia continue to embrace new technologies to improve their service delivery standards and broaden consultation and engagement with their local communities. However, implementation can be hindered without access to basic technological infrastructure and the necessary IT skills and resources.

In recent times, cyber-attacks on major corporations and other businesses have resulted in significant data breaches. It is a timely reminder as digital information, services and products become an increasing feature of modern business operation including in local government.

Like all risks, local government must manage the risk of cyber-attacks and address cyber security. At a national level, there is limited understanding of local governments' vulnerability to cyber-attacks, preparedness and adequacy of risk management strategies or business continuity planning.

While this is primarily a responsibility of the sector itself, governments at all levels must work together to ensure that the public have confidence in government information management systems and its security.

Drawing upon your council's experience, and your knowledge of other councils within your state or territory, are there programs and initiatives that the Australian Government could implement to help local government develop its digital technology services and infrastructure?

Are there actions the Australian Government could take to improve cyber security within the local government sector?

18

10. CLIMATE CHANGE AND RENEWABLE ENERGY

Australia's changing climate presents a significant challenge to governments, individuals, communities, businesses, industry, and the environment.

The Australian Government has committed to address climate change and in June 2022 submitted its revised National Determined Contribution (NDC) to the United Nations Framework Convention on Climate Change. The revised NDC included reaffirming a target of net zero emissions by 2050 and committing to reduce greenhouse gas emissions by 43% from 2005 levels.

Local governments have played an important leadership role in addressing climate change, and councils have supported a wide range of community-based programs and initiatives to lower the carbon footprint of their own business operations and of their local communities.

As a sector, local government has been an advocate and active participant in the debate for lowering carbon emissions, is sourcing renewable energy, has responded creatively to reduce greenhouse gas emissions from landfills, and facilitated the construction of green buildings and water sensitive design of cities and towns.

Local government has been at the forefront in addressing the impacts of climate change and adaptation to climate change. In particular, councils have a practical understanding of the risk and impact of climate change on Australia's infrastructure and physical assets, natural ecosystems, local economies and their community.

Noting the Australian Government's approach to reducing emissions, are there partnerships, programs, and initiatives that local government and the Australian Government can form to achieve Australia's 2050 net zero emissions target?

Are there initiatives that could assist local governments to build trust in the community for implementation of key climate change and emissions reduction initiatives?

11. ENVIRONMENT

Australia's 537 local councils play an essential role in providing, regulating and managing Australia's environmental services and infrastructure.

Whether it's biodiversity, biosecurity, natural resource management (NRM), contaminated lands, waste management, water resources, sustainability or roadside environments, councils are responsible for educating households and businesses on environment policy, as well as driving environmental programs and initiatives in their local communities.

In recent years the National General Assembly has considered a range of environmental issues, and passed resolutions on biodiversity, biosecurity, conservation, climate change and water security.

How could the Australian Government partner with local government to strengthen Australia's environmental services and infrastructure?

What new programs could the Australian Government partner with local government in to progress local regional and national objectives?

12. CIRCULAR ECONOMY

Local government is responsible for the management of household and domestic waste and has a critical role to play in further developing the circular economy.

Australia's 537 councils manage approximately 26 percent of Australian waste, either directly or through contractual arrangements. Each year, local governments collect around 9.7 million tonnes of waste from kerbside bin services, sort it at material recovery facilities (MRFs), and dispatch what can be recycled to reprocessing facilities in Australia and overseas.

Where waste cannot be recovered it is landfilled, and local governments in most jurisdictions must pay a significant levy per tonne for landfilled waste, as well as incur the operational costs of maintaining and managing a landfill.

Collecting, treating, and disposing of Australian domestic waste costs local government an estimated \$3.5 billion annually. Local government also dedicates resources to administering community wasteeducation programs, collecting litter, addressing illegal rubbish dumping, and ensuring compliance with waste bylaws.

In November 2023, Australia's Environment Ministers agreed that the Federal Government would establish new regulations for packaging as well as mandate how packaging is designed, develop minimum recycled content requirements and prohibit harmful chemicals being used. These changes are expected to have a positive impact on the amount of waste sent to landfill, and the costs borne by councils and their communities.

How could the Australian Government further strengthen product stewardship arrangements to support local governments in their endeavours to increase recycling and reduce the volume of waste?

How could the Australian Government partner with local government to advance the circular economy?

CONCLUSION

Thank you for taking the time to read this discussion paper and your support for the 2024 National General Assembly of Local Government.

A FINAL REMINDER:

- » Motions should be lodged electronically at www.alga.com.au and received no later than 11.59pm on Friday 29 March 2024.
- » Motions must meet the criteria published in this paper.
- » Motions should commence with the following wording: 'This National General Assembly calls on the Australian Government to...'
- » Motions should not be prescriptive in directing how the matter should be pursued.
- » Motions should be practical, focussed and relatively simple.
- » It is important to complete the background section on the form.
- » Motions must not seek to advance an outcome that would result in a benefit to one group of councils to the detriment of another.
- » When your council submits a motion there is an expectation that a council representative will be present at the 2024 National General Assembly to move and speak to that motion if required.
- » Resolutions of the National General Assembly do not automatically become ALGA's national policy positions. The resolutions are used by the ALGA Board to inform policies, priorities and strategies to advance local governments within the national agenda.

We look forward to hearing from you and seeing you at the 2024 National General Assembly in Canberra.

10.2 MONTHLY FINANCIAL INFORMATION

| File Number: | 14.02.2024 |
|--------------|----------------------------------|
| Author: | Manager Finance & Sustainability |
| Authoriser: | Chief Executive Officer |

PRECIS

Monthly financial report as at 31st January 2024.

SUMMARY

The following information provides Council's current position as at 31st January 2024.

OFFICER'S RECOMMENDATION

That the monthly Financial Report including Capital Works and Works for Queensland (W4Q4) as at 31st January 2024 be received and noted.

FINANCIAL AND RESOURCE IMPLICATIONS

Tracking actual revenue and expenditure compared to amended budget as adopted by Council on the 24th January 2024.

LINK TO CORPORATE/OPERATIONAL PLAN

OR5 Continue to give priority to ongoing financial sustainability and prudent budget management.

COMMUNICATION/CONSULTATION (INTERNAL/EXTERNAL)

Monitored and reviewed by budget managers.

LEGAL IMPLICATIONS (STATUTORY BASIS, LEGAL RISKS)

Monthly financial report prepared in accordance with Section 204 of the *Local Government Regulation 2012.*

The budget review has been undertaken in accordance with Section 170(3) of *Local Government Regulation 2012*.

Section 4(b) of the Human Rights Act 2019 (the 'Act') requires public entities to act and make decisions in away compatible with human rights. The Act requires public entities to only limit human rights in certain circumstances and after careful consideration. The human rights protected under the Act are not absolute. This means that the rights must be balanced against the rights of others and public policy issues of significance.

In the decision-making process, Council is to consider the 23 human rights:

| Recognition and equality before the law; | 13. Cultural rights—generally; |
|--|---|
| 2. Right to life; | 14. Cultural rights—Aboriginal peoples and Torres Strait Islander peoples; |
| Protection from torture and cruel, inhuman or degrading treatment; | 15. Right to liberty and security of person; |
| 4. Freedom from forced work; | Humane treatment when deprived of liberty; |
| 5. Freedom of movement; | 17. Fair hearing; |
| Freedom of thought, conscience, religion and belief; | 18. Rights in criminal proceedings; |

19. Children in the criminal process;

21. Retrospective criminal laws;

22. Right to education;

23. Right to health services.

20. Right not to be tried or punished more than

7. Freedom of expression;

8. Peaceful assembly and freedom of association;

- 9. Taking part in public life;
- 10. Property rights;
- 11. Privacy and reputation;
- 12. Protection of families and children;

POLICY/LOCAL LAW DELEGATION IMPLICATIONS

Budget reviews allows expenditure to be incurred by delegation or approval of Council.

Budget prepared considering the Revenue Policy, Debt Policy and Investment Policy actual result is compared to budget.

once:

ASSET MANAGEMENT IMPLICATIONS

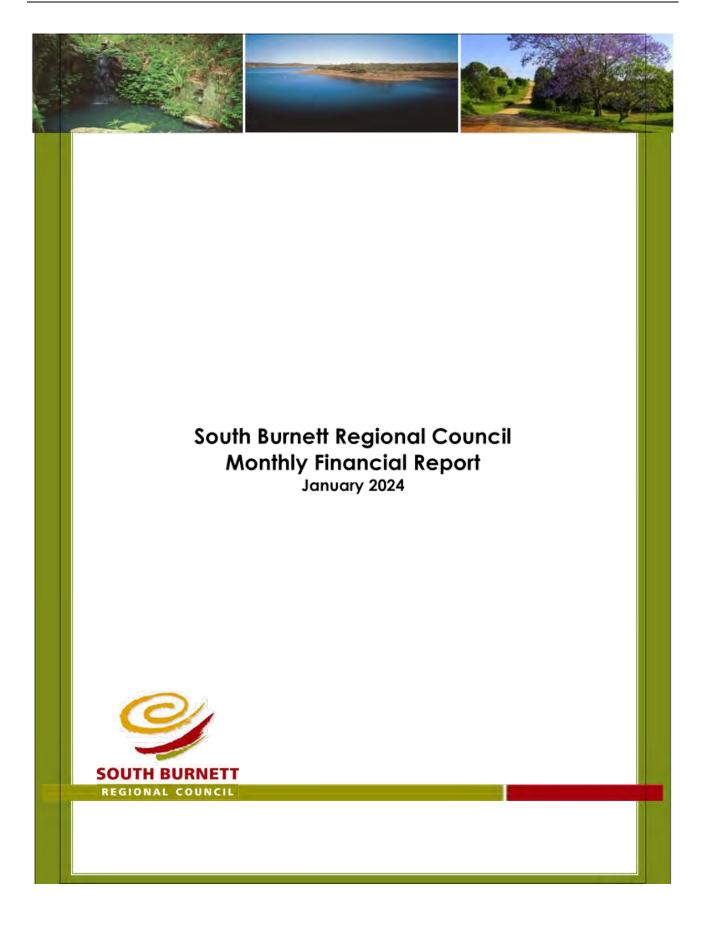

Depreciation is used as a source of funds to enable capital expenditure. The Asset Registers for all Asset Classes will be adjusted as required for capital projects when the expenditure is transferred from Work in Progress.

REPORT

- The amended budget now reflects the 2nd quarter budget revision as adopted at the January Council Meeting.
- Recurrent Revenue is currently sitting at 56% compared to the amended budget and Recurrent Expenditure is sitting at 64%.
- Revenue is impacted by timing effects of various income streams including grant revenue and impending issue of the 2nd half year rates levy.
- Council's current cash holdings at the end of January 2023 was \$62.99m with \$33.28m of this currently classed as restricted cash.
- The ratios at the end of January are all within their respective targets. The Current Ratio is currently 3.35 which is now within the target range.
- Council's capital expenditure program is currently sitting at \$11.42m in actual expenditure which equates to approximately 27.2% of the total amended budget.

ATTACHMENTS

Monthly Financial Report | January 2024

2.1 Operating Income Statement Split by Department

Council splits its income statement into the following departments – water, wastewater, waste, fleet, and general operations. The revenue and expenditure for each of these departments is monitored throughout the year to see how they are performing compared to their budget. The below provides a snapshot of the departments on their recurrent revenue and recurrent expenditure.

| | Fatal Sevenine | | | | | Tin | IN Experiment | | | | | | | |
|-----------------|----------------|------------|----|--|-----|------------|---------------|----|------------|----|---------------------|----|------------|------|
| | | | | The section of the se | - 6 | | 6 | | - | ۰. | Of a set of the set | | | |

| Wantoilater | 5 | 8717,413 | \$ | 7.290,458 | 5 | 7,292,438 | 51% | \$ | 3,473,230 | 5 | 5.782,239 | 3 | \$.797.239 | 121 |
| Waste | \$ | 1010,011 | 6 | 8,178,597 | 5 | 8.101,812 | SIN | | 4,181,577 | 5 | 4,767,053 | 籠. | 9,153,435 | 40% |
| Flant and Fleet | (1) | 302,878 | | 193,005 | 5 | 291,000 | 54% | 4 | \$33,487 | 5 | 1,372,850 | -5 | 1,447,800 | 2.7% |
| Genique | 5 | 18,548,776 | \$ | 13,726,033 | 31 | 871297,534 | 57% | 5 | 48,4TE.825 | 3 | 80,070,534 | 12 | 70.307.234 | 6419 |
| Tetal | 5 | 55.134,709 | 5 | 61296508 | 5 | 94,755,698 | 56/9 | \$ | 82.519.818 | 5 | 84,779,665 | 3 | 10.322.744 | 640 |

Revenue

- All revenue items are currently tracking below the target of 58%.
- Water, Wastewater, Waste and Genops are all affected slightly by timing of rates revenue for the January to June period which will be levied in March.
- Water is sitting at 54% and is affected by increased water sales from standpipes and additional water usage on rates for the first half of the year.
- Waste is affected by timing in waste disposal revenue as invoices for January have not yet been raised.
- Genops is sitting just under the target at 57% and will be affected by income received from Queensland Reconstruction Authority and DTMR for flood restoration works as well as favourable bank account interest income.

Expenditure

- Two departments are tracking above the target of 58% for the month. These are Wastewater and GenOps.
- Wastewater has above target expenses for materials and services due to increases in rates paid and remissions on rates for the first half of the year as well as fluctuations in work done at various Sewerage Treatment Plants.
- Waste is below target for the month but can be affected by timing of monthly waste expenditure bills that have not been received.
- Expenditure for Fleet is affected by timing of yearly registration and insurance bills as well as timing in use of internal plant by departments for the month.
- Genops continues to be affected by the timing in expenditure compared to budget for the 2022 & 2023 weather events works and accounts for approximately 7.5% of the 8% variance in the table above (66% actually spent of amended budget compared to 58% of the year gone = 8% variance). This will be offset by grant income.
- Genops is also affect by timing in annual expenses such as insurance, workers compensation premiums and annual software licences.

Monthly Financial Report | January 2024

2.2 Revenue

2.2.1 Rates Levies and Charges

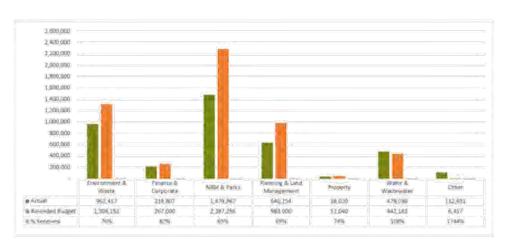

This item shows South Burnett Regional Council's total net income from general rates, service charges (water, sewerage and waste) and special charges.

| Rates or Charges | | Actuals | Ori | ginal Budget | | Amended Budget |
|--------------------------------------|-----|------------|-----|--------------|----|-------------------|
| General Rates | ŝ | 15,930,464 | \$ | 31,574,666 | \$ | 31,574,666 |
| Quarry Special Charge | \$ | 8,322 | S | et | \$ | |
| Water Charges | \$ | 6,098,444 | s | 11,562,083 | \$ | 11,562,083 |
| Sewerage Charges | \$ | 3,644,590 | s | 7,149,764 | \$ | 7,149,764 |
| Waste Collection Charges | \$ | 1,696,585 | S | 3,370,338 | \$ | 3,370,338 |
| Community Rescue and Evacuation Levy | S | 44,516 | S | 90,000 | \$ | 90,000 |
| Waste Management Levy | S | 1,646,796 | S | 3,271,355 | \$ | 3,271,355 |
| Memerambi Estate Levies | -\$ | 5,174 | S | 81 | S | |
| Total | \$ | 29,064,542 | \$ | 57,018,206 | \$ | 57,018,206 |

As at 31 January 2024, rates, levies and charges are tracking at 51% which is just below the target of 58%. This is due to the 2nd rates levy not being issued until March 2024. There have been increases in water consumption charged in the first 6 monthly rates levy for this year.

2.2.2 Fees and Charges

User charges are for the recovery of service delivery costs through the charging of fees to users of Council services. Fees are determined in two categories: regulatory and commercial.

As of 31 January 2024, fees and charges are tracking above target at 74%. Main factors affecting the fees and charges figures are:

- Environment and Waste is above target. This income stream is affected by timing of monthly invoices for waste disposal which is offset by yearly food licences having already been issued.
- Finance is above target due to higher than expected rates certificates and property transfers.

Monthly Financial Report | January 2024

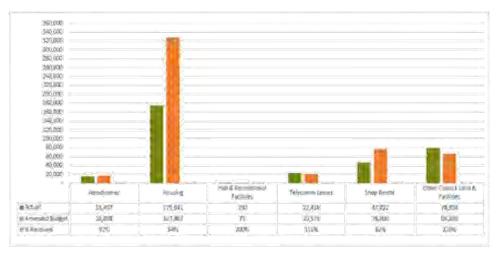

- NRM & Parks is above target and is affected by timing in visitors at Boondooma Dam, timing in cemetery income and saleyard income.
- Planning and Land Management is above target at 65% due to timing in number of planning and building applications.
- Properties is above target due to increases in the hall hire and caravan park fees received.
- Water & Waste Water are above target due to increases in water standpipe sales, bulk water sales and timing from yearly trade waste permits being invoiced and increases in other sewerage discharge fees.
- Other is above target due to increases from developer contributions.

2.2.3 Rental Income

Council operates various facilities from which it derives a rental income such as commercial premises, caravan parks, community housing and airport.

As of 31 January 2024, rental income is tracking at 67% due to timing in annual rental of various facilities. Main factors affecting the rental income figures are:

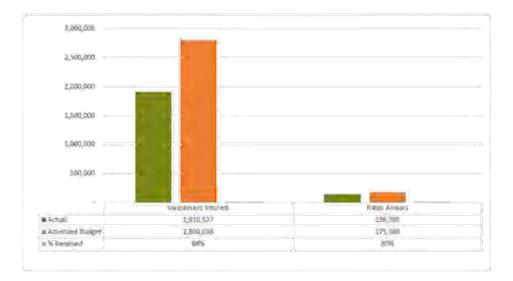

- · Aerodrome and Telecomm annual leases have been issued.
- Housing timing in invoices as January has not yet been processed.

Monthly Financial Report | January 2024

2.2.4 Interest Received

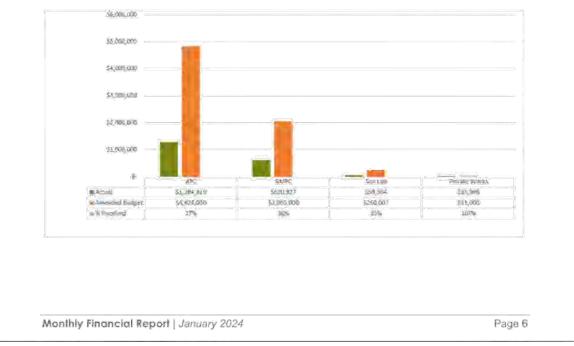

Interest revenue includes interest on investments and rate arrears. As of 31 January 2024, interest received is tracking above target at 69% due to favourable interest rates.

2.2.5 Sales Revenue

Sales revenue is income received from undertaking work for Main Roads, private works and recoverable works conducted by the Soil Laboratory. As of 31 January 2024, sales revenue is tracking below target at 28%.

This is largely due to timing of when RPC and RMPC works for this financial year are scheduled to be performed with an increase in works expected in the January to June 2024 period. Claims of approximately \$214k were in progress at the end of January 2024.

2.2.6 Other Income

Other income is sundry income derived from all other sources.

As of 31 January 2024, other income is tracking above target at 65%. Reasons surrounding this can be found below.

| Income Stream | | Actual | | Original Budget | 1 | Amended Budget | Received |
|------------------------------|----|---------|----|---|----|-------------------|----------|
| VIC Income | 5 | 70,988 | S | 88,100 | S | 88,100 | 81% |
| Irrigation Income | \$ | 17 | S | 31,095 | \$ | 31,095 | 0% |
| Fines | \$ | 12,360 | S | 53,073 | \$ | 53,073 | 23% |
| Scrap Steel | \$ | 131,376 | S | 289,865 | \$ | 314,865 | 42% |
| Library Sales | S | 1,285 | S | 2,830 | \$ | 2,830 | 45% |
| Museum Sales | S | 75 | \$ | e la companya de la c | \$ | -4 | 0% |
| Agency Income | S | 76,920 | S | 52,000 | \$ | 52,000 | 148% |
| Tourist Parks | s | 219,817 | S | 320,000 | S | 320,000 | 69% |
| Legal Recovery | \$ | 78,088 | \$ | 80,000 | \$ | 80,000 | 98% |
| Insurance Claims & Workcover | \$ | 21,699 | S | 20,000 | \$ | 20,000 | 108% |
| Misc Other | \$ | 174,960 | S | 242,360 | \$ | 247,360 | 71% |
| Total | \$ | 787,568 | \$ | 1,179,323 | \$ | 1,209,323 | 65% |

VIC Income is above target due to increased sale of goods.

- Irrigation Income is down due to no longer having hay for sale.
- Fines are below target due to fluctuations in number of infringements throughout the year. There is a possibility that this value will decrease in the future if fines are sent to the State Penalties Enforcement Registry (SPERS) for collection.
- Scrap steel is picked up sporadically during the year and so has a timing factor.
- Legal recovery, and insurance claims are raised and received sporadically during the year based on events and debt collection activities.
- Legal Recovery is a credit amount due to the reversal of Judgment Fees on rate arrears.

2.2.7 Operational Grants

Operating grants include all monies received from State and Federal sources for the purposes of funding the delivery of South Burnett Regional Council services to ratepayers.

As of 31 January 2024, operating grants are tracking above target at 73% due to timing in when operational grants are received and spent. Approximately \$13.59m of the monies received so far this year relates to funding from Queensland Reconstruction Authority (QRA) for expenditure incurred due to weather events.

Contract asset and contract liability movements have been processed up to the end of January.

2.2.8 Capital Grants

Capital grants and contributions include all monies predominantly received from State and Federal government sources for the purposes of funding the capital works program.

As of 31 January 2024, capital grants are tracking below target at 29%. This is expected to increase over the next few months as capital projects are completed. Contract asset and contract liability movements have been processed for the month.

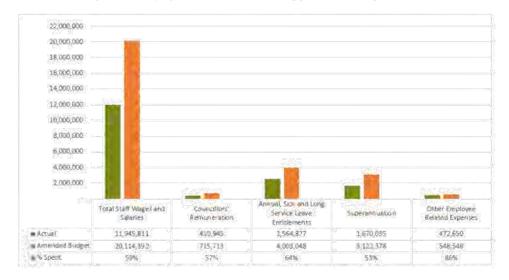

Monthly Financial Report | January 2024

2.3 Expenditure

2.3.1 Employee Benelits

Employee costs include labour related expenditure such as wages, leave entitlements, WorkCover costs, superannuation, training, personal protective equipment, payroll and fringe benefits taxes.

As of 31 January 2024, employee benefits are tracking just above target at 60%.

2.3.2 Materials and Services

Materials and services cover the purchases of consumables, payments to contractors for the provision of services and utility costs and internal plant charges and recoveries.

As of 31 January 2024, materials and services are tracking above target at 69%.

| Description | Actual | Original Budget | Amendud Budget | % Spent |
|---------------------------|-------------|--------------------|-------------------|---------|
| Donations | 621,588 | 641,631 | 857,931 | 72% |
| Materials | 14,485,915 | 21,569,778 | 23,957,764 | 60% |
| Services | 15,740,007 | 10,510,525 | 19,036,341 | 83% |
| Internal Plant Charges | 4,069,096 | 8,006,570 | 8,988,912 | 45% |
| Internal Plant Recoveries | - 4,582,791 | - 8,968,726 | 8,968,726 | 51% |
| | 30,333,815 | 31,759,777 | 43,872,222 | |

- A majority of variances seen in the materials category so far relate to timing of when invoices are received including timing of yearly insurances and fleet registrations.
- A large portion of the donations relate to programs under the Black Summer Bushfire Grant as well as half yearly rate remissions.
- Expenditure of \$12.35m is associated with the various weather events and has been
 offset by income from Queensland Reconstruction Authority (QRA).
- There is a degree of timing for waste collection and water usage invoices as they have not yet been received.

Monthly Financial Report | January 2024

2.3.3 Finance Costs

Finance costs relate to interest charged by financial institutions on funds borrowed as well as bank fees and the unwinding of the discount for landfill and quarry provisions.

As of 31 January 2024, finance costs are tracking above target at 60%.

| Deutstivi Debrs | 9 220000 |
|---|------------------------|
| Finance Costs - Veneteding of Providers | 2007/04 4432.452 |
| Banit charges | 51,861 (1,551) |
| The analysis construction good by SQLC | 712300 |
| | |
| | Actual Assessed Budget |

2.3.4 Depreciation

Depreciation expense is an accounting measure that estimates asset consumption of South Burnett Regional Council's property, infrastructure, plant and equipment based on the most recent asset valuations, useful lives and levels of service.

Depreciation expense varies by asset class based on asset value, componentisation, and useful lives. Other factors that impact on monthly depreciation expense include processing of work in progress and asset disposals. Capitalisation (processing of work in progress) effects depreciation expense as this is the allocation of capital expenditure to the relevant asset/s as at completion date, increasing the value for depreciation.

As of 31 January 2024, depreciation expense was on target at 58%. Depreciation expense will be closely monitored as capitalisation occurs.

Work in progress balance as at 31 January 2024 is \$14.97m, made up of the asset classes listed below.

| Asset Class | Opening Balance | Capital Expenditure | 0 | apitalisation | Closing Balance |
|-------------------|--------------------|---|-------|---------------|--------------------|
| Plant & Equipment | 39,281 | 3,198 |] | | 42,479 |
| Land | 66,069 | (The second s | | (ar) | 66,069 |
| Buildings | 4,645,906 | 178,100 | - | 1,428,002 | 3,396,005 |
| Roads | 14,395,624 | 1,921,162 | , cer | 10,457,216 | 5,859,571 |
| Water | 3,606,409 | 84,862 | ۲ | 161,241 | 3,530,031 |
| Wastewater | 1,787,740 | 43,615 | | | 1,831,355 |
| Fleet | 144,899 | 172,412 | 1 | 287,358 | 29,954 |

| | 24,900,775 | 2,436,769 | - | 12,360,766 | 14,976,778 |

Monthly Financial Report | January 2024

A significant amount of the capital expenditure that had been captured in the Work In Progress, was capitalised in January 2024. In total there was \$12.36m of capital expenditure capitalised. The majority of this capitalisation (~85%) related to Roads, but the capitalisation details in summary were:

\$1,428,002 for Buildings, \$10,457,216 for Roads, \$161,241 for Water, \$287,358 for Fleet and \$26,950 for Office/ICT.

The total closing WIP balance at the end of January 2024 was \$14,976,778.

2.3.5 Capital Expense

Capital expense is the net proceeds or loss on assets that have been sold or disposed of during the year.

As Council cannot sell its roads or the majority of its major infrastructure, Council generally receives no revenue when an asset is disposed of. Any value remaining on the asset (therefore its written down value which is the replacement cost less accumulated depreciation) is written off when the asset is renewed or upgraded.

A loss on asset disposal is recognised when a current asset is disposed of (sold, renewed or upgraded) out of Council's asset register while it still has a written down value on the asset register (that is, before it is fully depreciated) and therefore before its written down value is nil. To dispose of the asset, its written down value is recognised in Council's accounts as a loss on disposal.

If all assets were 100% depreciated and had zero remaining useful life when they were disposed of there would be no loss on disposal.

Capital expense is sitting at \$1.90m as at 31 January 2024 due to sales income for fleet items sold and revenue from sale of land and buildings, less disposals.

| Capital Expense | Actual | Original Budget | Amended Budge |
|-----------------|-----------|-----------------|---------------------------------------|

Monthly Financial Report | January 2024

3.1 Current Assets

3.1.1 Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, all cash and cheques receipted but not banked at month end, deposits held at call with financial institutions and term deposits with maturities of three months or less.

As of 31 January 2024, Council's actual cash and cash equivalents balance was \$62.99m. The below table shows the breakup of this balance sheet element (excluding cash drawers).

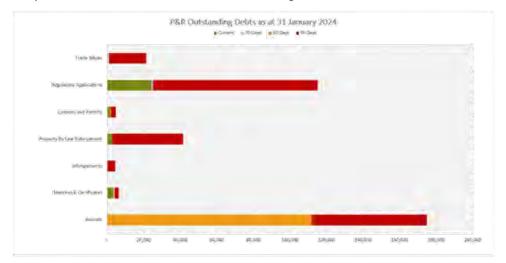

As at the 31 January 2024, the restricted cash balance was \$33.28m. This remained the same as last month.

| RESTRICTED CASH | Dec-23 | Jan-24 |
|-----------------------------------|------------|------------|
| Recurrent Expenditure | 505,164 | 505,164 |

| Total | 33,284,733 | 33,284,733 |

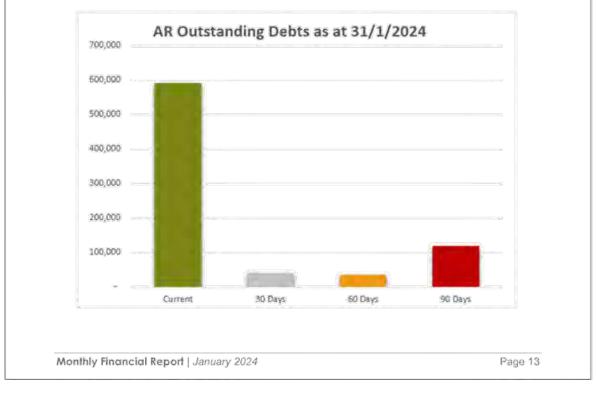

Monthly Financial Report | January 2024

3.1.2 Trade and Other Receivables

Current trade and other receivables are made up of notices and invoices that have been issued but cash has not yet been collected. The below tables show the breakdown of the components in this balance sheet element – excluding rates.

Property and Rating (P&R) debts above that are overdue by 90 days or more total \$221k and are made up of \$63k in overdue animal registrations, \$106k being actively pursued by Council staff or determination on next steps are being investigated, \$39k can be recovered when properties are sold, and \$13k belong to developer contributions that will be finalised in the future.

The AR outstanding debts 90+ days is currently \$119k which is 15% of total AR outstanding debts. A total of 99% of the value sitting in 90 days remains with debt collectors or have a payment arrangement with Council. 1% is being actively pursued by Council staff. Rates in arrears as of 31 January 2024 is sitting at \$3.88m or 6.25% which is below the target arrears of 7%. There are currently 929 assessments with rate arrangements in place which accounts for 58.28% of the properties that are in arrears. Starting in the 2023/24 financial year, the effect of rates levies raised but still current have been removed to avoid distortion of numbers during August and February. \$ Rate Arrears 2022-2024 30,000,000 25,000,000 20,000,000 15,000,000 10,000,000 5,000,000 Q 2022 2025 2024 Number of Rate Assessments with Arrears 2022-2024 16,000 14,000 12,000 10,000 8,000 6,000 4.000 2,000 ð. pil4 Purfices. 3.1.3 Inventories

Inventories is made-up of Council stores and is valued at cost. Council is continuing to focus on utilising the amount of inventories held more efficiently.

3.2 Non-Current Assets

3.2.1 Trade and Other Receivables

The non-current portion of Trade and Other Receivables is made up of the outstanding Memerambi Estate charges and loans to community organisations.

3.2.2 Property, Plant and Equipment

The total capital amended budget is \$42.0m. Actual spent as of 31 January 2024 is \$11.42m, which is tracking below target at 27.2%. Committed costs of \$10.19m are also identified.

Capital project budget report is attached separately to this document.

3.2.3 Right of Use Assets

Council's right of use assets consists of long-term leases that are in place for various land parcels, with most of this value relating to the lease for land at Yallakool which is currently due to end in 2051.

3.2.4 Intangible Assets

Council's water allocation makes up the intangible asset balance. Water allocations are tested annually for impairment as part of the year end process.

3.3 Liabilities

3.3.1 Trade and other Payables

Trade and Other Payables is made up of creditors, which is recognised upon receipt of invoice at the amount owed. Amounts are generally settled on 30-day terms. Liabilities are also recognised for employee benefits such as wages and salaries, annual leave, RDO and TOIL.

The below information shows the purchases by month split to show the dollar value and respective percentage of purchases that were sourced locally (within the South Burnett). This is a point in time snapshot and will change as more invoices are received.

3.3.2 Borrowings

All Council borrowings are with the Queensland Treasury Corporation (QTC). The balance as of 31 January 2024 was \$23,398,652 made up of borrowings in the following departments.

| Department | 1 | larrowings |
|----------------------|----|------------|
| NRM & Parks | \$ | 307,528 |
| Finance | \$ | 243,436 |
| Property | \$ | 264,963 |
| Economic Development | \$ | 195,148 |
| Environment & Waste | \$ | 475,138 |
| Infrastructure | \$ | 8,261,825 |
| Water & Wastewater | s | 13,650,614 |
| Total | \$ | 23,398,652 |

3.3.3 Lease Liabilities

Lease Liabilities relate to AASB 16 requirements for lessees to calculate the lease liability of any long-term operating lease agreements on the balance sheet using an incremental borrowing rate for the period of the lease. Council has three lease agreements with the Department of Natural Resources, Mines and Energy that have been taken up as part of this standard.

3.3.4 Provisions

Provisions are made up of landfill and gravel pit expected restoration costs and employee long service leave. Provisions will be impacted by discount rates and end of year calculations.

3.3.5 Other Liabilities

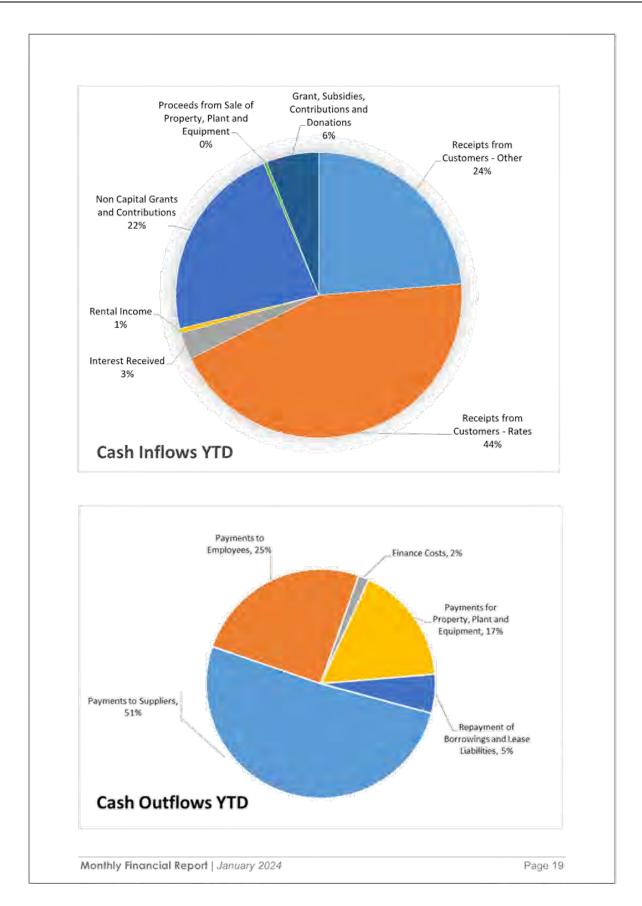

Other liabilities are made up of the State Waste Levy payment received in advance and prepaid rates. Council received upfront payments in June 2022 and June 2023 to cover the next four financial years' worth of State Waste Levy.

7.0 Long Term Financial Forecast

Section 171 of the *Local Government Regulation 2012* requires Council to develop a longterm financial forecast, covering a period of at least 10 years, which is 2023/2024 to 2032/2033. The key objective of the long-term financial plan is to understand the Council's financial sustainability for the longer term while focusing on seeking to deliver operational surpluses and to achieve the Council's strategic outcomes as specified in the Corporate Plan.

The long-term financial forecast requires:

- (a) income of the Local Government;
- (b) expenditure of the Local Government; and
- (c) the value of assets, liabilities and equity of the Local Government.

The Local Government must:

- (a) consider its long-term financial forecast before planning new borrowings; and
- (b) review its long-term financial forecast annually.

The below long term financial forecast is based off the original budget for the 2023/2024 year.

9.0 Works for Queensland Round 4 (W4Q4)

The Works for Queensland Round 4 has a total budget of \$5.63m with a grant period spanning from July 2021 to June 2024. Council has received a total of 90% of the grant funding (\$2,815,000 during July 2021 and \$2,252,000 during January 2024) with these funds being posted as a contract liability in the balance sheet until funds have been used. So far Council has spent around \$3.40m over the life of the W4Q4 funding with \$1.19m of this on eligible projects for this financial year.

Monthly Financial Report | January 2024

10.0 Rates Update

During January 2024 the Rates Department have processed:

- 91 rates searches
- 128 rates requests
- 146 transfers of properties
- 9 amalgamations and splits

Statement of Claims have been issued through our debt collection agency Rates & Recoveries (R&R).

Preparations have begun for the issuance of the January to June 2024 rate levy. The intended issue date is 18 March 2024 with the discount ending 22 April 2024.

The sale of land for overdue rates auction was conducted on the 6th of February with 7 out of the 10 properties securing a sale on this day through the auction or subsequent negotiation process.

13.1 SYSTEMATIC INSPECTION PROGRAM

File Number: 14-02-2024

Author: Manager Facilities and Parks

Authoriser: Chief Executive Officer

PRECIS

Systematic Inspection Program in accordance with the Animal Management (Cats and Dogs) Act 2008.

SUMMARY

The Animal Management (Cats and Dogs) Act 2008 provides for Council to approve a Systematic Inspection Program in order for staff to proactively investigate compliance with the legislation.

OFFICER'S RECOMMENDATION

That Council approve a Systematic Inspection Program for properties within the South Burnett Regional Council's jurisdiction in accordance with section 113 of the *Animal Management (Cats and Dogs) Act 2008* to monitor compliance with the requirements of the *Animal Management (Cats and Dogs) Act 2008*, more specifically the requirement to register dogs.

The properties to be included in the Systematic Inspection Program are potentially all properties within the South Burnett area.

The Systematic Inspection Program will be conducted between the hours of 8.00am and 5.00pm Monday to Friday, commencing on Monday 4 March 2024 and concluding on Friday 31 May 2024.

FINANCIAL AND RESOURCE IMPLICATIONS

There should be an increase in the revenue realised for Animal Registration and the fines issued based upon the number of animals that were found during the dog registration compliance campaign conducted in 2022. This should offset the expense of this initiative.

LINK TO CORPORATE/OPERATIONAL PLAN

Safeguarding our Environment – A sustainable environment, proactively and responsibly managed in partnership with the community for future generations.

EN9 Develop and implement a systematic programme to identify and take action to address stray / feral / pests and wild animals.

COMMUNICATION/CONSULTATION (INTERNAL/EXTERNAL)

There will be notification to the public via a media release at the end of February pending approval from Council.

LEGAL IMPLICATIONS (STATUTORY BASIS, LEGAL RISKS)

All dogs over the age of three (3) months are obliged to be registered with the local authority, in which the animal resides, as required by the state's Animal Management legislation. This systematic inspection program seeks to proactively check to see if animal owners are complying with their obligations.

POLICY/LOCAL LAW DELEGATION IMPLICATIONS

Council has the ability to undertake these house-to-house inspections in order to ascertain compliance with the legislation. The *Animal Management (Cats and Dogs) Act 2008* provides the necessary head of power to conduct the registration checking activities.

ASSET MANAGEMENT IMPLICATIONS

N/A

REPORT

That Council undertake an approved Systematic Inspection Program of properties within the South Burnett Regional Council's jurisdiction in accordance with section 113 of the *Animal Management* (*Cats and Dogs*) *Act 2008.*

The properties to be included in the Systematic Inspection Program are to be within as well as outside of the designated town areas for animal management purposes of the townships of Kingaroy, Kumbia, Crawford, Memerambi, Taabinga, Wooroolin Nanango, Maidenwell, Brooklands, Blackbutt, Benarkin, Maidenwell, Wondai, Proston, Tingoora, Mondure, Hivesville and Murgon in order to monitor compliance with the requirements of the *Animal Management (Cats and Dogs) Act 2008,* more specifically dog registration.

The Systematic Inspection Program will be conducted between the hours of 8.00am and 5.00pm Monday to Friday, commencing on Monday 4 March 2024 and concluding on Friday 31 May 2024.

18 QUESTIONS ON NOTICE

18.1 QUESTION ON NOTICE - INFRASTRUCTURE

| File Number: | 14.02.2024 |
|--------------|-------------------------------------|
| Author: | Coordinator Infrastructure Services |
| Authoriser: | Chief Executive Officer |

The Infrastructure Department has received the below Question on Notice.

Questions

- 1. Have the dirty water requests from the Christmas period been completed?
- 2. Are road requests closed off because the works have been completed or have they just been scheduled for future works?

Response

Please refer to attachments for the responses.

RECOMMENDATION

That the response to the questions on notice from be received and noted.

ATTACHMENTS

- 1. Question on Notice February Responses
- 2. Public Notice 04-01-2024 Kingaroy Water Discolouration
- 3. Public Notice 05-01-2024 Kingaroy Water Update

Infrastructure Questions on Notice Responses - February.

1. Question on Notice from Cr Duff: Have the dirty water requests from the Christmas period been completed?"

The Water and Wastewater team received two dirty water calls over the Christmas shutdown period.

The team attended the properties flushed locally and resolved the issue.

- REQ2024-000035 (24/12/2023)
- REQ2024-000093 (27/12/2023)

Raw water in the South Burnett contains dissolved Iron and Manganese. Conventional water treatment processes have no ability to remove these dissolved inorganic materials. Liquid sodium hypochlorite is used as an oxidant for disinfection.

At times this may cause the Iron and Manganese to oxidise giving a rusty cloudy colour. Observations indicate ambient temperature changes may cause pockets of cloudy water in the reticulation network.

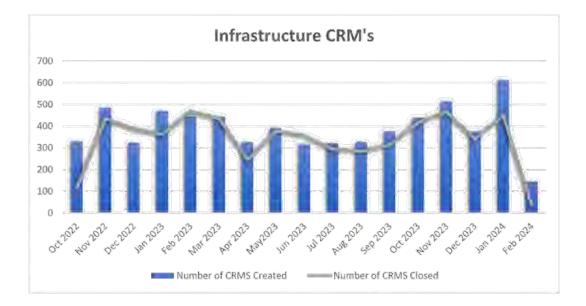

The water and wastewater team are continuing to conduct bench top trials of pretreatment oxidisers. Potassium permanganate and ferric chloride have been trialled extensively with positive results. The recommendations from these trials will likely lead into CapEx proposals in the future. 2. **Question on notice from Cr Duff**: Are Road requests closed off because the works have been completed or have they just been scheduled for future works

| | Works | Applications | Water | Applications | Total |
|------------------------------|-------|--------------|-------|--------------|-------|
| 1 July 2022 - 31 Dec 2022 | 1724 | 335 | 805 | 114 | 2978 |
| 1 July 2023 – 31 Dec 2023 | 1317 | 332 | 979 | 162 | 2790 |

All of Infrastructure Comparison between previous years

Infrastructure has 913 active CRM requests and applications currently under investigation.

Below shows the trend of CRMs created per month versus number of CRMs finalised per month in Infrastructure (excl. applications, certificate searches, water connection applications)

Below is an example of how our team provides responses to the customer requests inline with the investigation that is undertaken.

Road Conditions and Maintenance Fact Sheet

The South Burnett Regional Council currently owns approximately 1453km of sealed roads and 1559kms of unsealed roads, which is the equivalent of driving between the South Burnett and Darwin. Council also maintains the State controlled roads to the Department of Transport and Main Roads service standards.

Sealed Road 1453km

Unsealed Road 1559kms

65km

Kerb & Channel Approx. 280km

Major Culverts & Bridges

Approx. 66km

Approx. 53

How does Council prioritise? We have a prioritised program based on:

- Risk and safety to road users, including motorists, pedestrians and cyclists
- Current condition
- Traffic volume and speed environment
- Maintenance costs and available budget

These assessments form the basis of our flexible quarterly road maintenance program.

What are the most common road surface issues reported to Council?

Common road damage reported on sealed roads includes potholes, edge damage, shoving, depressions, bumps, cracking, stripping and debris removal

Pothole

Edge Break

What are the objectives for road maintenance?

Council aims to provide the safest road network and services to the community within its approved budget. Council also targets to deliver maintenance services to comply with the Civil Liability Act 2003. We program works based on allocated budget and resources, to produce an efficient program and minimise unplanned works.

How does Council identify which roads need maintenance?

Council conducts regular routine inspections on our local network and investigates problems and requests reported by the community.

How do I notify Council of damage to the road?

To notify Council of road damage such as potholes or scours and washouts submit a customer request via one of the following methods.

- In Person by visiting any of Council's Customer Service Centres.
- Online through Council's Website.
- Via the Snap, Send, Solve App
- By phone on (07) 4189 9100.
- By email to info@sbrc.qld.gov.au.

What does Council do?

Once we are aware of road damage, an inspection will generally take place and Council will record the defect in the maintenance management system. The defect will then be programmed for repairs according to priority and programming.

Why does Council only complete repairs on part of a road when there are other areas of the same road that need attention too?

Council works on a prioritised maintenance program and will attempt to repair as many defects as budget and resources allow when working in each of the 14 maintenance zones. Council may not however, repair all defects in an area due to budget limitations and competing priorities across the entire road network. Council crews may leave an area early if they are required to be redeployed to higher priority works across the region.

Why do I see paint marks on the road surface?

Council only spot marks out areas prior to construction or maintenance works commencing, or to measure up flood damage. Council does not mark defects (ie. circle potholes) on the road with paint during inspection phase on Council roads. Other markings may occur on the State-controlled network.

How frequently does Council maintain the unsealed roads in the region?

Council has an annual patrol grading program where a grader crew will attend Council maintained unsealed roads. The road is assessed on request and if required the scheduled program is adjusted to include high priority maintenance.

How can I check if my road is on the maintenance schedule?

Council has a forward works patrol grading and roadside slashing program available on the SBRC website.

What if the damage is on a State-controlled road?

Council has a contract with the Department of Transport and Main Roads (DTMR) to undertake maintenance on a majority of the State-owned road infrastructure throughout the South Burnett Council area. Council encourages residents to report defects on the State roads network through Council's customer contact centre to allow identification. Requests regarding upgrades and major works to this network (such as bitumen resealing or drainage improvements) need to be made through the DTMR customer centre for State budget consideration.

Flood damage

After a heavy rainfall event, Council will conduct a network inspection and undertake temporary repairs under emergency works. If the event is considered to be significant and eligible under government funding, permanent repairs and full reconstruction must meet government guidelines and assessment criteria. This process could take up to two years from the initial event. Not every heavy rainfall event is declared a disaster and eligible under government funded works.

Works undertaken and complete by Council on unsealed roads.

FOR IMMEDIATE RELEASE 4/01/2024

START

Kingaroy Water Discolouration

On behalf of the South Burnett Regional Council, our Council would like to recognise the issues associated with the water quality over the Christmas period and apologise to the community members affected in these instances. Our team have been working non-stop over the Christmas / New Year period to identify the source of the issues. One fact stands out, and that is there is no single event has been able to be identified.

Water quality issues are inconsistent across the urban supply area and multiple factors are contributing to these problems.

Community feedback direct to council is highly valued as it not only assists to rectify the immediate issue but helps us to develop a plan to address affected areas of the network.

Council wishes to advise customers that a main pipeline issue has been ongoing for several days and a change of raw water source, combined with the recent storm rainfall and surface water runoff from tributaries, creeks and rivers in the South Burnett has contributed to increased water turbidity - making it increasingly difficult to produce clear water.

Combined with this issue, the Gordonbrook Treatment Plant has taken a direct lightning strike damaging communication and other equipment. The treatment plant is being run manually with staff at site 24 hours a day to ensure that the Kingaroy urban supply is maintained.

The current alternative water source is high in iron and manganese causing discoloured water, but when blended with the Boondooma water that is chlorinated, it is safe to drink.

In other areas of the urban area, water mains replacement and repairs may result in sediment being disturbed in the water pipes, resulting in tap water appearing discoloured. In some instances, organic material found in the main water source may also cause discolourisation.

Council maintains a comprehensive testing regime and the water meets the Australian Drinking Water Guidelines. It is recognised that this does not mean that the amenity of the water is to everyone's satisfaction or to our own standards. Amenity is the colour or smell of the water.

During rainfall events, elevated dissolved iron and manganese become suspended in the water. Conventional water treatment plants do not remove these trace elements. Liquid sodium hypochlorite (Chlorine) is used to disinfect the town water supply from virus, bacteria, and protozoans. This oxidising agent dissolves trace metals which present tea or rust coloured water.

For media enquiries contact: *Communications Officer* Telephone: 07 4189 9100 Email: *media@sbrc.qld.gov.au*

Page 1 of 2

During rainfall events, the water supply demand is low, and the by-product can be a 'rust' look or discoloured water within the reticulation supply. This can at times build up in low flow areas of the network and cause pockets of discoloured water, that, while aesthetically displeasing, are bacteriologically safe.

South Burnett Regional Council Water team is working to resolve the problem with plans to air scour the pipe network and/or flush the lines where the area of discolouration is apparent.

We would like to inform the community that Council staff are working hard to resolve all challenges put forward by recent rainfall and pipeline issues.

For further information please contact Council on 4189 9100 or email info@sbrc.qld.gov.au.

END

FOR IMMEDIATE RELEASE 5/01/2024

START

Kingaroy Water Update

South Burnett Regional Council advised that further to the earlier statement regarding the Boondooma pipeline, repair works have been completed by SunWater and the pipeline is once again carrying water to the Kingaroy urban water supply network.

During this period of repair, combined with the lightning strike incident on the Gordonbrook treatment plant, the Kingaroy network storage was depleted to 18%. This has meant for the last 24-hour period, water supply has been sourced 100% from the Gordonbrook Dam to maintain water to the town network.

What causes discolouration in water? Water mains maintenance, repairs or flushing may result in sediment being disturbed in the water pipes, resulting in the tap water appearing discoloured. In some instances, organic material found in the main water source may also cause discolouration.

It may take some time for the network to be fully flushed of the 100% Gordonbrook supply. Council acknowledges the support of SunWater to rectify the Boondooma pipeline and Council water staff who have been working in trying conditions and exceptionally long hours to maintain the urban supply.

Council apologises for any inconvenience that this has caused and thanks the community for their assistance in directly reporting incidents of dirty or discoloured water.

For further information please contact Council on 4189 9100 or email info@sbrc.qld.gov.au.

19 INFORMATION SECTION

Nil

20 CONFIDENTIAL SECTION

OFFICER'S RECOMMENDATION

That Council considers the confidential report(s) listed below in a meeting closed to the public in accordance with Section 254J of the *Local Government Regulation 2012*:

20.1 Development of 1 Pound Street, Kingaroy

This matter is considered to be confidential under Section 254J - g of the Local Government Regulation, and the Council is satisfied that discussion of this matter in an open meeting would, on balance, be contrary to the public interest as it deals with negotiations relating to a commercial matter involving the local government for which a public discussion would be likely to prejudice the interests of the local government.

20.2 Murgon Visitor Information Centre

This matter is considered to be confidential under Section 254J - g of the Local Government Regulation, and the Council is satisfied that discussion of this matter in an open meeting would, on balance, be contrary to the public interest as it deals with negotiations relating to a commercial matter involving the local government for which a public discussion would be likely to prejudice the interests of the local government.

20.3 Proposal to write-off special rates charges on assessments 12927-29000-001, 12921-75000-001, 12905-16000-001

This matter is considered to be confidential under Section 254J - d of the Local Government Regulation, and the Council is satisfied that discussion of this matter in an open meeting would, on balance, be contrary to the public interest as it deals with rating concessions.
