**Date 13 March 2013**

---

**Précis**

Approved Systematic Inspection Program in accordance with the *Animal Management (Cats and Dogs) Act 2008*.

**Summary**

The *Animal Management (Cats and Dogs) Act 2008* provides for Council to approve a Systematic Inspection Program in order for staff to proactively investigate compliance with the abovementioned legislation.

**Officer's Recommendation**

That Council:

1. Approve a systematic inspection program of properties to investigate compliance with dog and cat registration within the South Burnett Regional Council's jurisdiction in accordance with Section 113 of the *Animal Management (Cats and Dogs) Act 2008*.
2. Compliance staff investigate the designated town areas for animal management purposes of the township of Kingaroy, Kumbia, Crawford, Memerambi, Taabinga, Wooroolin, Nanango, Blackbutt, Wondai, Proston, Tingoora, Mondure, Hivesville and Murgon in order to monitor compliance with the Act.

**Financial and Resource Implications**

Existing Council compliance staff will be utilised to carry out the Systematic Inspection Program.

Additional revenue will be realised from this process.

## **Link to Corporate/Operational Plan**

The applicable Corporate Strategy is:

Enhancing our Communities - Building vibrant, healthy, supportive & inclusive communities

The applicable Goal & Strategies are:

- EC2 An active, safe and healthy community
- EC2.2 Advocate and support community initiatives that promote healthy lifestyles
- EC2.3 Manage identified public health and environmental issues in accordance with relevant legislation
- EC2.4 Partner, investigate and implement plans to increase community safety in public areas

## **Communication/Consultation (Internal/External)**

There will be notification to the public via a newspaper advertisement to be placed in the South Burnett Times on 26<sup>th</sup> April 2013. The notification will also be placed on Council's website.

## **Legal Implications (Statutory Basis, Legal Risks)**

All cats and dogs over the age of three (3) months are obliged to be registered with the local authority, in which the animal resides, as required by the state's Animal Management legislation. This systematic inspection program seeks to proactively check to see if animal owners are complying with their obligations.

## **Policy/Local Law/Delegation Implications**

Council has the ability to undertake these house to house inspections in order to ascertain compliance with the legislation. The *Animal Management (Cats and Dogs) Act 2008* provides the necessary head of power to carry out the registration checking activities.

## **Asset Management Implications**

Providing the recommendation from the Flexible Funding Review Committee for the amount of funding to be provided to Nanango State High School P & C, who have applied for funding under the Community Recovery Flexible Funding Grant.

**Summary**

After the devastating floods in 2011, Council was granted \$250,000 to assist with the local community's recovery efforts. These funds were to be provided to community groups to help them assist with the human and social recovery of the community and also to contribute to the community's disaster preparedness. An application has been submitted by the Nanango State High School P & C, requesting \$3,700 to assist in the establishment of the Nanango Men's Shed.

**Officer's Recommendation**

That Council approve the recommendation from the Flexible Funding Review Committee to grant funding of \$3,700 to Nanango State High School P & C to assist in the establishment of the Nanango Men's Shed.

## **Report**

As a result of the 2011 floods, Council was granted \$250,000 from the State and Federal Governments to assist with the implementation of programs or events that support the human and social recovery and disaster preparedness of the local community.

Expressions of Interest were called from local community groups, with no closing date for submission.

Nanango State High School P & C Committee submitted an application in previous rounds, but were unsuccessful as the guidelines did not allow for equipment purchases. However, following discussions with the Department of Communities about the interpretation of the guidelines and the flexibility since the change of Government, the Nanango State High School P & C Committee were asked to resubmit the application for further consideration.

Nanango State High School P & C Committee resubmitted the application on behalf of the Nanango Action group, requesting \$3,700 to assist in the establishment of the Nanango Men's Shed.

The Nanango Men's Shed will provide a place for local men to gather, socialise, receive support and share experiences while gaining skills through project development. Similar programs are currently being run in Kingaroy and Murgon, successfully helping men to reach out for support.

The insurance component of the application is not supported (based on input from the Department) as this is considered an ongoing operational expense. The balance of funds requested has been supported by the Flexible Funding Review Committee and the Department of Local Government.

	<p>invited both Judith Skinner and Elizabeth Davey to speak on the programs they run.</p> <p>Elizabeth advised that Medicare Local has advertised for a Chronic Disease Care Coordinator for Aboriginal &amp; Torres Strait Islander patients. This role will be based in the Kingaroy area and will cover an area from Cherbourg through to Tara. They will work with local GPs and their clients will be referred by a GP.</p> <p>A concern was raised with the lack of GPs in the South Burnett area who don't have open books (it was highlighted that there is only one GP with an open book). Elizabeth advised that as part of their role, they will work with the GPs to help open their books. The question was raised if the discussion being held was enough to get the ball rolling to remove that barrier. The committee was advised that they had noted this concern and will endeavour to assist in finding a solution to this concern.</p> <p>The committee was advised of the Healthy Workplaces Program, which has started through Medicare Local. The program is being highlighted in the weekly newsletter at this stage. They are looking to expand and advised the Committee that if they are able to provide feedback to please contact them.</p> <p>All the information provided is available on their website and if we wish to subscribe to their Connect newsletter, to register via the website.</p> <p><a href="http://www.ddswqmedicarelocal.com.au">www.ddswqmedicarelocal.com.au</a></p> <p>Judy advised that they have employed Margie Hams as the Regional Promotions Officer. Fact sheet

### Recovery and Resilience Teams

Recovery support and resilience building

#### What are Recovery and Resilience Teams?

Recovery and Resilience Teams (RRT) provide clinical community outreach services to help individuals and local communities recover from the social and emotional impacts from the floods and cyclones.

Recovery and Resilience Teams:

- work with individuals to assess their need and the level of support required to help them in their recovery
- provide support and clinical care to people in their local communities and in a setting of their choice (e.g. their own homes, community clinics, general practice)
- work with other agencies to support the recovery and building of resilience in local communities
- place an emphasis on assertive therapeutic outreach and holistic care involving families, carers, primary care, private practitioners and organisations across the community sector.

#### Who will deliver these services?

RRT are multidisciplinary teams operating out of a variety of community settings. The teams are made up of a mixture of staff which may include:

- Nurses
- Occupational Therapists
- Psychologists
- Social Workers
- Psychiatrists
- Culturally and Linguistically Diverse (CALD) workers
- Aboriginal and Torres Strait Islander workers
- Administration Officers.

#### What does the service cost?

The service is free for community members who were affected by the floods or cyclones.

#### How can I contact the Recovery and Resilience Teams?

There are numerous ways you can contact RRT.

These include:

- contacting your local RRT directly on (07) 4699 8952
- calling 13 HEALTH (13 43 25 84)
- speaking to your local primary care provider (e.g. your doctor)
- contacting your local Mental Health Service.

**Apologies:** Cr Wayne Kratzmann (Mayor), Snr Sgt Duane Frank (Kingaroy Police), Judi Johnson (Regional Manager RACQ), Sgt Ben Neville (Kumbia Police), Snr Sgt Lance Guteridge (Murgon Police), Russell Rogers (TMR Gympie

### AGENDA ITEM

#### OPENING

Cr Keith Campbell welcomed all in attendance and opened the meeting at 10.40am.

#### CONFIRMATION OF MINUTES

Moved by Cr Duff, Cr Tessmann seconded, that the Minutes of the Traffic Advisory Committee held at Wondai on 27 November 2012. Carried

#### BUSINESS ARISING FROM MINUTES

- (a) Markwell/Kingaroy Street lights
- (b) Taabinga SS

James D'Arcy reported that this project will be funded under the Blackspot and will be funded by TDMR under the SRS program. SBRC is waiting for a Ministerial announcement and we are unable to make comment until that is done.

SBRC are aware of what needs to be done at Taabinga SS. There needs to be further consultation with the school with funding of the relocation and linemarking to be included in future budgets (south of Knight Street is a Council asset).

Cr Tessmann noted there was no park zone or clearway near the school which made it a bottleneck.

John Kersnovski advised that when the pedestrian crossing is relocated to the new intersection, parking on the western side of the street may be prevented during school times.

**Action:** James D'Arcy to arrange consultation with the school and include this project in a future budget.

<p>(c) Bunya Highway/Alexander Street rail crossing Wooroolin</p> <p>(d) Illuminated School Zone signage</p>	<p>John Kersnovski advised that to the best of his knowledge the removal of railway line will be undertaken in October or November 2013.</p> <p>Jeff Stephan reminded all that this was a State controlled road and any work had to be approved by DTMR Gympie. <b>Item Closed</b></p> <p>James D'Arcy reported that in accordance with a recent State rollout regarding split campuses and LED flashing school zone signs, SBRC have been advised by TMR Brisbane that this project can be undertaken in this financial year.</p> <p>James also noted that TMR have reassessed the scope of this implementation i.e. targeting primary schools plus the frontage on those schools, high schools were not included. Consequently Nanango SHS has been removed from this program as school already has crossings. Heritage Building Society is considering funding Nanango SHS signage in 2014.</p> <p>Kumbia SS will be rolled out at the same time as Nanango.</p>	<p>Peter Van Eysden advised DTMR needs to be informed if new signage is erected as they are responsible for its maintenance.</p> <p><b>Action:</b> This item needs to be reviewed at the next TAC meeting given the reviewed scope and financial commitment associated with this.</p>	<p>Cr Duff advised that the cost for this project is \$16,192.00 and the problem was flagged with her 4 years ago. It was noted that there is no longer SAFEST funding available for these projects. Maree Shepherd also noted that SWAPP funding has been totally allocated for this financial year.</p> <p>Sgt Ken Slatter's advice was that teachers park their vehicles in the school yard as this could accommodate at least 10 cars.</p> <p>Cr Duff said this had been previously raised with the school but the school felt it was too dangerous.</p> <p><b>Action:</b></p> <p>(1) Cr Duff with the assistance of Sgt Slatter will go back to the school and suggest a trial of teachers parking in the school grounds at least until funding can be sourced.</p> <p>(2) Maree Shepherd to update on funding situation at next meeting</p>	<p>The suggestion is that Boral move their access at the crest of the hill. No action taken on this as yet.</p>
--	---	---	---	---

<p>(f) Boral Quarry - (formerly Fortress)</p> <p>(g) Bridgeman Parade / Taylors Road, Kingaroy (Cr Kratzmann)</p>	<p><b>Action:</b> SBRC's Technical Services to organise a meeting with Boral Quarry before the next meeting.</p> <p>It has been suggested that the speed on Taylors Road from Moore Street intersection to Bunya Highway be dropped back to 80 kph. Speed trials have been carried out.</p> <p>John Kersnovski concurred that SBRC would be more inclined to look at the 80 kph zone, from the Moore Street / Tessmanns Road intersection.</p>	<p><b>Action:</b></p> <ul style="list-style-type: none"> <li>(1) James D'Arcy to discuss with Snr Sgt Duane Frank and bring back to next meeting.</li> <li>(2) Investigate the advance warning 80 kph sign in Moore Street on the approach to Moore Street / Taylors Road intersection to ensure it is correctly located.</li> </ul> <p>James D'Arcy said the Council owned cream-coloured tourist signage on the Bunya Highway highlighting the turn to Boondooma Dam via Proston Road. The Mayor asked for this to be relocated into the road reserve rather than back from the road on private property. DTMR's Mike Chambers was to look at a number of options regarding its repositioning.</p> <p>Peter van Eysden advised this type of sign should not be in a reserve area.</p>	<p><b>Action:</b> Peter Van Eysden will instigate a meeting on site with Mayor and Cr Duff.</p> <p>A request had been received to upgrade the invert to reduce the safety issues that occur during wet weather. DTMR advised that some minor works, including resel has been planned. Jeff Stephan advised this issue has been partially addressed.</p>	<p><b>Action:</b> Jeff Stephan will have more discussions with DTMR regarding the upgrade of the invert i.e. full reconstruction of the floodway.</p> <p>Peter Van Eysden advised that speed can be dropped if there is conflict between school buses or vehicles on that road.</p>	<p>Sgt Slatter advised this area was well known to police. Speed needs to be reduced on a small section of the road at Wheatlands, especially during school bus time.</p> <p>Maree Shepherd noted there were some very close calls with buses and cars when she had visited the site and Qld Transport would support a speed reduction in the school zone.</p>
---	--	---	---	---	--

<p><b>Action:</b></p> <p>(1) DTMR are still considering this request and will report back to the next meeting.</p> <p>(2) Meeting resolved that there was no need to wait until next meeting to implement any changes if approved by DTMR i.e. Stay a 100 kph zone but during school times reduce to 60 kph instead of the current 80 kph limit.</p> <p>(k) Road name changes across the region <i>(update on Report to Council e.g. Okeden Road / Okeden Byanda Road)</i></p>	<p>Cr Duff says there could still be an accident regardless of what the road name is as people are not familiar with road names. When people call emergency services they are asked to indicate where they are calling from.</p> <p>State register refers to Okeden Rd. DTMR suggested change to Okeden Rd and have a sign to Boondooma Dam Road.</p> <p>A Resolution from December 2012 meeting supported changing the name back to Okeden/Byanda Road and SBRC are to approach DTMR re this.</p> <p><b>Action:</b> Peter Van Eysden will progress through DTMR and report to next meeting.</p> <p>Cr Tessmann noted there are a lot of roads around this region with similar problems. It is worth trying to get this sorted out? John Kersnovski noted this would effectively mean renaming almost half the roads in the region.</p> <p>James D'Arcy reminded everyone that there was a report to Council placed on the table last August and Councillors are still considering the matter.</p> <p><b>Action:</b> Cr Tessmann to progress this report however he would not be in attendance at the 17 April 2013 Council meeting due to a leave of absence.</p>	<p>John Kersnovski advised this also involves BGA and that a meeting is to be held with BGA regarding their entrance and this will address issues with the Kingaroy Cricket Club entrance.</p> <p><b>Action:</b> CEO, General Manager Communities and General Manager Infrastructure, to conduct meeting with BGA and outcome to be reported to next meeting.</p>

<p><b>GENERAL BUSINESS</b></p> <p>(a) Request from David Muller via Cr Tessmann</p> <p>(b) Request from Marion Petersen via Cr Tessmann</p> <p>(c) Requests from Cr Duff</p>	<p>Request to consider the following roads / streets be approved for B Double use:</p> <p><b>Via King Street</b> to access Swickers and the Peanut Silos for trucks travelling from the North.</p> <p><b>Via Somerset Street</b> to access Swickers and the Peanut Silos for the truck from the South.</p> <p><b>Via River Road</b> for trucks heading North, South or West.</p> <p>James D'Arcy reported that Somerset Street is a permitted route not 'as of right' route and that River Road has some permit routes but this needs to be investigated and report to next meeting.</p> <p><b>Action:</b> Technical Services will report back to next meeting.</p> <p><b>Action:</b> Kay to send a letter to Mr Muller advising he or his company can seek approval from DTMR as there is no need to come through TAC.</p> <p>(b) Request from Marion Petersen via Cr Tessmann</p> <p>1. <b>Request to change from Stop on Fisher St / Moore St, Kingaroy intersection to a Give Way sign.</b></p> <p>2. <b>Request for turning arrows to be installed in the signs for traffic turning from Fisher St onto Haly St, Kingaroy.</b></p> <p>3. <b>An additional issue with that intersection was raised by James D'Arcy who believes there is not enough green time on that intersection.</b></p> <p>(c) Requests from Cr Duff</p> <p>1. <b>Durong State School is requesting parking signage for the School bus and reduced speed past the school</b></p> <p>2. <b>Request for the 80 kph speed limit coming out of Murgon towards Wondai to be lengthened out to 100 metres past the Byebee turnoff.</b></p>	<p>Request to consider the following roads / streets be approved for B Double use:</p> <p><b>Via King Street</b> to access Swickers and the Peanut Silos for trucks travelling from the North.</p> <p><b>Via Somerset Street</b> to access Swickers and the Peanut Silos for the truck from the South.</p> <p><b>Via River Road</b> for trucks heading North, South or West.</p> <p>James D'Arcy reported that Somerset Street is a permitted route not 'as of right' route and that River Road has some permit routes but this needs to be investigated and report to next meeting.</p> <p><b>Action:</b> Technical Services will investigate further and report to next meeting.</p> <p><b>Action:</b> DTMR need to have a certain volume of traffic to make these changes and it could also mean a total rebuild of that intersection to allow it to comply. There is no money in the budget.</p> <p><b>Action:</b> (1) DTMR to investigate and respond to Mrs Petersen. Kay to forward email to Peter Van Eysden.</p> <p><b>Action:</b> DTMR will have a look at this as well</p> <p><b>Action:</b> DTMR to investigate and report back to next meeting</p> <p>1. Cr Duff tabled a letter from Durong SS along with photos. Currently this is a bitumen sealed area but there are no markings. The suggestion of reducing the speed limit to 40 kph.</p> <p>2. There are 7 entrances that come off Bunya Highway. Sgt Slatter reported that this was south of the former meatworks site. Speed zones were changed a few years ago after a fatality and there has been another fatality recently. Road side grass very overgrown around driveways.</p>
--	---	---

<p>Sgt Slatter agreed with a reduction in speed in that area down to the Byee turnoff. Road has curvature and therefore cars will be slowed down by the time they get to Murgon township.</p> <p>DTMR's Peter Van Eysden commented that this was a rural area and felt it was difficult to achieve an 80 kph as it is approximately a 1 km stretch. He also felt this could create a false sense of security for residents.</p> <p><b>Action:</b> DTMR to undertake a speed trial for speed data and report back to next meeting.</p> <p><b>12 md: Cr Campbell left the meeting and Cr Tessmann took over as Chair.</b></p> <p>(d) Recent accident at Albert and Kent Street intersection.</p> <p><b>Action:</b> Technical Services will do a further investigation and do an independent assessment and take into consideration the Police view and James D'Arcy will report to the next meeting.</p>	<p>Acting Snr Sgt Jason Newton advised that the speed limit was 50 kph on both roads. Police accident statistics show an average of 1 crash a year, with 9 in the last 10 years and 7 of those were non-injuries. Police do not think there are visibility issues however the intersection could benefit from a Stop Sign.</p> <p><b>Action:</b> Technical Services will do a further investigation and do an independent assessment and take into consideration the Police view and James D'Arcy will report to the next meeting.</p>
<p><b>REPORTS</b></p> <p>Kingaroy &amp; Nanango Police Kumbia Police</p> <p><b>Matters referred to next meeting from November 2012 meeting</b></p>	<p>Snr Sgt Frank presented a list of items on behalf of Sgt Ben Neville.</p> <p>The following items were discussed.</p> <ul style="list-style-type: none"> <li>• Reduction of speed limit in Bell Street, Kumbia (60 to 50 kph)</li> <li>• Increased signage at the 40 kph school zone</li> </ul> <p>Snr Sgt Frank felt that speed should be left as is for now given what is happening at the school i.e. school zone lights and the possibility of another school zone sign.</p> <ul style="list-style-type: none"> <li>• Repositioning 100 kph sign on the Kingaroy side of Kumbia.</li> </ul> <p><b>Action:</b> Meeting agreed for this to be done and TMFR will follow-up.</p> <ul style="list-style-type: none"> <li>• School bus signs on Parker Road, Ellesmere (near Paul's Parade).</li> </ul>

<p>Jeff Stephan (SBRC) advised that the major work has been completed and this should be a temporary situation. Jeff acknowledged that Parker Road is an 'S' bend and is currently in a bad condition.</p> <p><b>Action:</b> Snr Sgt Frank will follow up with relevant players i.e. any trucks on that bus route.</p> <p>Murgon</p> <p>Sgt Ken Slatter raised the issue of using fixed road closure barriers during flood periods. He suggested swinging road closure gates that could be locked open when the road wasn't closed. Sgt Slatter used the example of the bus that travelled in a very roundabout way to get to their destination and ended up stranded at Moffatdale.</p> <p>Jeff Stephan said he could see the advantage with fixed barriers and felt it was worth investigating. Many instances of people going around barriers were noted in recent events. Thinks it could work in areas that flood regularly.</p> <p>As a matter of practice SBRC will put Road Closed ahead including on side roads.</p> <p><b>Action:</b> DTMR will investigate and report to next meeting.</p> <p>Cr Duff noted that Proston/Boondooma and Mundubbera / Durong people are completely isolated in floods and there is not road signage available for this area. Cr Duff and SBRC staff placed whatever signs they could find.</p> <p><b>Action:</b> Jeff Stephan to talk to his staff about this matter.</p>	<p>Main Roads</p> <p>D'Aguilar Highway / Maidenwell turnoff on the southern side of Nanango</p> <p><b>Action:</b> DTMR's Peter Van Eysden moved seconded A/Snr Sgt Newton seconded that this be supported. <b>SBRC</b>	<p>Maree is currently training a Road Safety staff member in Kingaroy and that person will eventually be looking after SBRC issues and will attend TAC meetings. ## **9.2        Technical Services**

### **9.2.1      TS - 1109571 - Request to name an existing road reserve**

#### **Document Information**

**IR No      1109571**

**Author      Manager Technical Services**

**Endorsed**  
**By            General Manager Infrastructure**

**Date        4 April 2013**

---

#### **Précis**

A request has been received to name an existing unformed road reserve in Barker Creek Flat.

#### **Summary**

A request has been received to name an existing unformed road reserve, off Heights Road, in Barker Creek Flat.

The name requested is Bradford Road in recognition of the long term family ownership of property in the area.

The family property, Lot 103 on Plan Fy.624, is less than one kilometre from the un-named road reserve and Survey Plan Fy.624, dated 1910, shows that the Bradford family owned Lot 103 at that time.

Council records show Lot 103 is currently held by A and H Bradford.

The requested name of Bradford Road is not currently in use in South Burnett Regional Council area.

#### **Officer's Recommendation**

It is recommended that Council:

1. Approve the road name 'Bradford Road' for the section of road reserve as shown on attached sketch.
2. Advise the customer that Council:
  - (a) approves the name Bradford Road as requested.
  - (b) will not erect a road name sign due to the road being unformed.
  - (c) will not program any improvements to the road in the foreseeable future.
3. Advise Department of Natural Resource Management of these changes for updating their database.
4. Amend Council's Road Name Register accordingly.

## **Financial and Resource Implications**

As Council is not committing to erect a road name sign or to carrying out any improvements in the foreseeable future there are no financial or resource implications of adopting this report.

## **Link to Corporate/Operational Plan**

SD2 - Infrastructure that meets our communities needs.

SD2.1 - Partnering to provide a transportation network that allows safe and efficient access to residential, employment and recreational destinations

## **Communication/Consultation (Internal/External)**

Divisional Councillor has been consulted in the preparation of this report.

Due to the minimal impact on adjacent properties, no further consultation is considered necessary.

## **Legal Implications (Statutory Basis, Legal Risks)**

Council has a statutory obligation to name roads and record those names in an asset register.

## **Policy/Local Law/Delegation Implications**

There are no policy implications in adopting this report.

## **Asset Management Implications**

Council's Road Name Register will need to be updated following adoption of the recommended changes.

#### **Précis**

Warning letter received in relation to the requirements of Development Approval and requesting Material Change of Use for the Upgrade of the Kingaroy Sewerage Treatment Plant during June 2013. Report summarising proposed actions to respond to the Department of Environment and Heritage in relation to the non compliance with conditions at the Kingaroy Waste Water Treatment Plant and the process options considered for the WWTP upgrade recommending the preferred process option for detailed design and development application submission.

#### **Summary**

Council has received two (2) letters of warning from the Department of Environment and Heritage Protection in the past 3 months, advising Council of likely enforcement action for non-compliance with conditions, should Council not proceed with the upgrade of the Kingaroy WWTP and submit a Development Application by June 2013. To comply with this timing requirement, Hunter Water Australia (HWA) have undertaken a detailed options analysis for the upgrade of the Kingaroy WWTP in accordance with the engagement under contract SBRC 12/13-07 – Design and Document Kingaroy Wastewater Treatment Plant. This represents Stage 2 of the engagement which required the consultants to consider a range of options and recommend, in consultation with Council, a preferred option to proceed to detailed design. The selection of a preferred process option will allow Concept Designs to be undertaken and a Development Application made to Council and DEHP.

#### **Officer's Recommendation**

That Council adopt the following:

1. The upgrade of the Kingaroy Wastewater Treatment Plant be based on an oxidation ditch treatment process with aerobic digestion;
2. Council and Hunter Water Australia prepare a Development Application including a Review of Environmental Factors to confirm the water quality, noise and odour requirements with the

Department of Environment and Heritage Protection; and

3. The Chief Executive Officer be authorised to submit said Development Application to Council and the Department of Environment and Heritage for the upgrade by 28 June 2013.

## **Financial and Resource Implications**

The adoption of the preferred option is in accordance with the engagement for HWA under contract SBRC 12/13-07 and has been budgeted in the 2012/13 financial year. The engagement followed a competitive tender process and was approved by Council in November 2012.

The selection of the preferred option does not commit Council formally to the project but is the next step in the project delivery phase and significantly affects the future ability to amend process design options. It is a critical step and has been recommended having consideration for the capital cost and whole of life cost as well as many non-cost factors.

The estimated Capital cost for the treatment process options varies between \$21.5M and \$22.8M, with additional costs of around \$4.86M for other works and upgrades. Whole of life operating costs, above current operating and maintenance costs for the three options are included in the MCA analysis and range from \$2.8M - \$5.4M. The General Manager, Finance and Information Services has undertaken rate modelling for various scenarios which will be presented to Council at a future rating workshop. Any of the short listed options selected will have similar impacts on the future rating structure.

## **Communication/Consultation (Internal/External)**

Internal consultation included Councillors, GM Infrastructure, GM Finance and Information Services, the Project Management Team within Water and Wastewater, and the Manager Environmental Services.

External consultation has been quite broad and includes Department of Environment and Heritage – Matt Karle, Department of Science, Information Technology, Innovation and the Arts (DSITIA) – Dr Ian Ramsay, Hunter Water Australia, Zemek Environmental and Terry Fagg – Western Downs Regional Council.

Additionally a number of inspections of other facilities in the region have been undertaken, including

- Wide Bay Water – Nikenbah (Eli South) MBR Plant
- Gympie Regional Council – Gympie WWTP - Oxidation Ditch

## **Legal Implications (Statutory Basis, Legal Risks)**

Council has now received two (2) letters of warning (both attached) in regard to non compliance with conditions at the Kingaroy WWTP, the latest of which threatens enforcement action if Council do not proceed to prepare a Development Application by June 2013. For the submission of a development application a firm decision on a process option is required as different processes will have differing environmental factors (noise, odour, discharge quality etc). To prepare a concept design and REF (Review of Environmental Factors) a single process is required.

The Environmental Protection Act 1994 requires compliance with the conditions of any environmental authority and the proposed upgrade will ensure compliance with the conditions that are anticipated to be imposed, based on discussions with EHP to date.

## **Previous Council Considerations / Resolutions**

At the 19 December 2012 General Meeting, Council considered a letter from DEHP (attached) regarding the current WWTP and matters of non-compliance and resolved as follows:

*“That Council request the Chief Executive Officer to prepare a response to the Department of Environment and Heritage Protection advising of Council’s actions and that Council has commenced the detailed planning and design for the upgrade of the Kingaroy Wastewater Treatment Plant which is to take place with an allocation of \$10.1M over the next three (3) financial years.”*

A response to DEHP dated 21 December (attached) detailed Council’s current position and commitment to the delivery of the project over coming years in line with the above resolution.

Council resolved to appoint Hunter Water Australia under contract SBRC 2012/13-007 - Design and Document Kingaroy Wastewater Treatment Plant to undertake the Options Analysis, Detailed Design and Documentation and Tendering for the upgrade in November 2013 as follows:

*“That Council:*

- 1. Award Tender 12/13 – 007 Design and Document Kingaroy Waste Water Treatment Plant to Hunter Water Australia Pty Ltd for a total price of \$547,460 ex GST as per the Tender Submission;*
- 2. Authorise the Chief Executive Officer to execute contracts in relation to this tender; and*
- 3. Advise the unsuccessful tenderers accordingly.”*

## **Policy/Local Law/Delegation Implications**

The approval of the preferred option is within the scope of the original engagement of HWA, and has no direct impacts on other policies or local laws.

The selection of the upgrade option whilst not specifically related to Trade Waste Management is directly affected by Trade Wastes and as previously indicated in the Council workshop will require Council to adopt the Trade Waste Management Policy and implement a strong regulatory approach.

## **Asset Management Implications**

The selection of the preferred option does not have an immediate affect on Asset Management but will have significant long term impacts on the overall asset base for Council. The selection has been made using good asset management principles and has considered Whole of Life Costs. The general principles of the “International Infrastructure Management Manual” have been implemented in arriving at this stage including assessment of:

- Capital Costs
- Life Cycle Costs
- Non Cost Factors
- Risk Assessment
- Operational Functionality / Robustness
- Environmental Factors
- Multi Criteria Assessment

Report summarising the tender submissions received to decide the awarding of a Tender for the relining of existing sewer mains in Nanango, Kingaroy, Wondai and Murgon.

**Summary**

Council has \$1.071M allocated in the current year for renewal of existing sewer mains across the region. Tenders were sought from a panel of five (5) pre-qualified contractors under Localbuy Contract BUS 218-0911 with four (4) submissions being received. The lowest tender is recommended and the process of relining offered by this company has been determined as the preferred method.

**Officer's Recommendation**

That Council award Tender 12/13 – 013 for the Relining of Sewer Mains and Household Junctions in Nanango, Kingaroy, Wondai and Murgon to Kembla Watertech Pty Ltd for a total price of \$598,852 ex GST.

**Financial and Resource Implications**

The budget in the 2012/13 financial year for the project across the four towns is \$1,071,000. This budget was prepared on initial advice that the relining works planned would cost in the order of \$80 per metre. The cost of the tender proposed for acceptance is less than \$60 per metre.

Flyers will be prepared for issue to all affected property owners where contractors will be working. The process does not require excavation, but contractors will need to access properties where sewer manholes are located and residents will be asked to minimise certain activities for short periods while junctions are reinstated.

Review of Council's 2013 Budget for the third quarter ending 31 March 2013.

**Summary**

A review of the 2013 Budget has been undertaken as at 31 March 2013. The Operational Budget for the third quarter forecasts an overall deficit of \$6,527,236 compared to the projected half year result of \$6,792,650. However, once the impact of flood damage restoration works are removed and carried forward funds from 2011/12 are taken into account; the net operating result is predicted to be a surplus of around \$113,000. This is an improvement since the last review but is significantly down from the original forecast of a surplus of \$1,773.178.

The Capital Budget Estimates have been reduced by \$821,700 from the December review. \$612,000 of this change relates to the timing of the receipt of the Daf Plant funding.

The tables below show the projected changes compared to original budget for each of relevant functions of Council for both Operational and Capital.

## **Financial and Resource Implications**

The revised budget maintains the link with achieving the Operational Plan 2012/13 and is generally in line with the revenue and expenditure priorities of the Original Budget as adopted by Council on 11 July 2012. This budget review corrects variances where actual results to date are out of line with or projected to be out of line with the approved budget for both operational and capital expenditure.

## **Link to Corporate/Operational Plan**

EXC1.1 Develop and implement long term financial plans and indicators to achieve optimum use of resources and alignment to strategic priorities

## **Communication/Consultation (Internal/External)**

Budget variance reports were prepared following consultation with relevant officers. Budget reports are forwarded to the various Departments to monitor and review.

## **Legal Implications (Statutory Basis, Legal Risks)**

The budget review has been undertaken in accordance with Section 170(3) of Local Government Regulation 2012.

## **Policy/Local Law/Delegation Implications**

Budget reviews allows expenditure to be incurred by delegation or approval of Council.

## **Asset Management Implications**

Depreciation is used as a source of funds to enable capital expenditure. The Asset Registers for all Asset Classes will be adjusted as required to account for the Capital Expenditure.

Review of the Councillor Discretionary Fund Policy

#### **Summary**

The Councillor Discretionary Fund Policy has been reviewed as per recent amendments to the *Local Government Act 2009* and the new *Local Government Regulation 2012*. The purpose of the Councillor Discretionary Fund Policy is to ensure a fair, equitable and transparent process applies in relation to the allocation of monies from the Councillor's Discretionary Funds for events and projects that benefit the community of the South Burnett region in accordance with the *Local Government Act 2009* and the *Local Government Regulation 2012*.

#### **Officer's Recommendation**

That the Councillor Discretionary Fund Policy be adopted.

### **1. PURPOSE**

The purpose of this policy is to ensure a fair, equitable and transparent framework applies in relation to the allocation of monies from the Councillor's Discretionary Funds for community purposes that benefit the community of the South Burnett region, in accordance with the *Local Government Act 2009* and the *Local Government Regulation 2012*. The policy also details the annual reporting requirements for Councillor Discretionary Funds under Section 189 of the *Local Government Regulation 2012*.

### **2. SCOPE**

Pursuant to section 202 of the *Local Government Regulation 2012*, a Councillor may use any councillor discretionary funds in the following ways:

- a) spend for a community purpose;
- b) allocate for capital works of the local government that are for a community purpose, but only with the approval of
  - (i) if the councillor is the mayor – the deputy mayor and the chief executive officer; or
  - (ii) otherwise – the mayor and the chief executive officer;
- c) allocate to a community organisation for a community purpose.

### **3. POLICY STATEMENT**

This Policy is to provide a framework for the allocation of funds from any Councillor Discretionary Fund pursuant to the *Local Government Act 2009* and the *Local Government Regulation 2012*.

3.1 Each year the Council may determine that funds shall be set aside in each new budget for the purpose of meeting requests for financial assistance from community organisations as decided upon by the Mayor and Divisional Councillors.

3.2 Separate expenditure accounts shall be established for the Mayor and each divisional Councillor within the Governance Branch budget for this purpose and funds will be allocated to each expenditure account in accordance with the Council's Annual Budget.

3.3 Section 202 of the *Local Government Regulation 2012* prescribes the requirements that Councils must follow in administering Councillors discretionary funds.

3.4 In accordance with Council's *Community Assistance Policy* and clause 3 of this policy, the Mayor and each divisional Councillor is authorised to recommend funding allocation not exceeding the annual allocation adopted by Council in its annual budget, subject to the eligibility criteria in paragraph 3.5.

3.5 The following eligibility criteria will apply to all requests:

- a) Funding must be allocated in accordance with the *Local Government Act 2009*, *Local Government Regulation 2012* and Council's *Community Assistance Policy*;
- b) Not-for-profit organisations must be community based and provide services and activities of benefit to the region and its communities in the South Burnett Regional Council geographical area;
- c) Not-for-profit organisations operating gaming machines will not be eligible for financial assistance;
- d) Political parties are ineligible for funding;
- e) Requests must be in writing setting out details of the request and its purpose where possible;
- f) State and Commonwealth government agencies will not be eligible for financial assistance with the exception of School Award Nights;
- g) Applicants shall have no outstanding debt with Council (including rates);
- h) Council's funding involvement and support must be appropriately acknowledged with opportunities provided for Council publicity and participation at key activities;
- i) Not-for-profit organisations who have not acquitted under the *Community Assistance Policy* or other Council funded programs are not eligible for further funding until the acquittal report is submitted and approved by Council; and
- j) Funding is available for one off projects.

3.6 Having satisfied themselves that a request complies with paragraph 3.5 above, the Mayor and divisional Councillors shall be authorised to recommend allocations from their individual Discretionary Fund as set out below:

- a) The Discretionary Fund requests shall be by way of a "Councillors Discretionary Fund Authority Form", completed by the Councillor and referred to the Manager Governance who will be responsible for:
  - (i) assessing the application against this policy and Council's *Community Assistance Policy*; and
  - (ii) where appropriate, authorising the processing of the Councillor recommended allocation.

3.7 In accordance with section 202 of the *Local Government Regulation 2012*, the Manager Governance will maintain a record of all allocations approved under the Mayor's and Councillors' Discretionary Fund and will publish on Council's website and display in Council's public office, the amount and purpose of any allocation and where an amount has been allocated to a community organisation, the name of that community organisation.

3.8 In accordance with section 189 of the *Local Government Regulation 2012*, the Manager Governance will keep a record of Grants to Community organisations under the Councillor

Discretionary Fund and ensure that the details of expenditure are included in Council's Annual Report.

**4. DEFINITIONS**

*Community Organisation* is defined as per the dictionary Schedule of the *Local Government Regulation 2012*:

*community organisation means:*

- (a) *an entity that carries on activities for a public purpose; or*
- (b) *another entity whose primary object is not directed at making a profit.*

*Discretionary Funds* is defined in Section 109 of the *Local Government Act 2009* as follows:

*Are funds in the local government's operating fund that are budgeted for use by a Councillor at the Councillor's discretion.*

Review of the Risk Management Policy

#### **Summary**

The Risk Management Policy has been reviewed as per recent amendments to the *Local Government Act 2009* and the new *Local Government Regulation 2012*. The purpose of the Risk Management Policy is to establish an enterprise risk management that incorporates principles to ensure the effective and efficient assessment, evaluation and treatment of Council's operational and strategic risks.

### **1. POLICY STATEMENT**

This policy is formulated to meet the requirements of *Chapter 5 Part 1 Section 164 (1) (a) and (b)* of *Local Government Regulation 2012* regarding the requirement to *keep a written record stating risks Council's operations are exposed to, to the extent they are relevant to financial management and the control measures adopted to manage the risks*. This policy also adheres to the *AS/NZS ISO 31000:2009 Risk management – Principles and guidelines* (refer to Annex A)

### **2. SCOPE**

This policy applies to

- All Council activities, including entities over which Council has direct ownership, management, sponsorship or financial control
- All Council officers, contractors, the officers and Committee members of related entities, involved in and with responsibility for contributing towards the achievement of Council's objectives, asset management and reporting responsibilities.

### **3. POLICY OBJECTIVES**

The objective of this policy is to establish an enterprise risk management that incorporates principles to ensure the effective and efficient assessment, evaluation and treatment of Council's operational and strategic risks. It also aims to establish the integration of risk management practices and procedures into all organisational processes. The policy intends to align risk management with future Corporate Plans following community consultation.

An effective enterprise risk management will:

- Contribute to the achievement of strategic priorities as specified in Council's Corporate Plan
- Facilitate open and transparent communication and consultation between Councillors, the Executive Team, managers and employees in defining aspects related to the identification, analysis, evaluation and treatment of strategic and operational risks Council is exposed to
- Enhance corporate governance by promoting a structured and systematic approach to Council's decision making processes
- Promote a proactive and dynamic perspective in handling and monitoring emerging new risks
- Recognise the capabilities, perceptions and intentions of external and internal stakeholders that can facilitate or deter the achievement of organisational objectives

- Facilitate continual improvement of the organisation

#### **4. BACKGROUND AND/OR PRINCIPLES**

Council recognises the need for an enterprise wide risk management process that will embody the assessment and prudent management of strategic and operational risks. Council will undertake the implementation of a risk management policy that will provide reasonable assurance that strategic and operational objectives will be achieved within a tolerable degree of residual risk.

#### **5. POLICY DETAILS**

##### **Commitment to enterprise wide risk management**

Council and the Executive Team view enterprise wide risk management as an important and strategic initiative towards providing reasonable assurance that organisational objectives as indicated in the Corporate Plan will be achieved through the identification and efficient management of potential risks. A commitment to effective enterprise risk management will help Council attain long term sustainability and meet community expectations.

Good corporate governance will be promoted by encouraging a culture of prudent risk taking within the tolerable risk limits of the organisation in making informed decisions about opportunities.

##### **Link between strategic priorities and risk management**

The policy establishes the link between the achievement of Council's strategic priorities, goals and objectives by integrating risk management into all the organisational processes in a way that is relevant, effective and efficient. Enterprise risk management will be embedded into the policy development, business and strategic planning and review and change management processes.

##### **Accountability and responsibility**

Risk management is the responsibility of everyone in Council. Risk owners that have the accountability and authority to manage risks will be identified. Risk management responsibilities will be incorporated in employees' position descriptions.

A Risk Management Framework will be developed to indicate the specific accountabilities and responsibilities related to the enterprise risk management process.

##### **Resources**

Appropriate resources such as people, skills, competence, experience, documented procedures and processes, information and knowledge systems shall be made available for the managing of risks.

##### **Communication and consultation**

The policy and key components of the enterprise risk management framework and plan will be properly communicated and disseminated to all stakeholders through internal and external communication and reporting mechanisms. Continuous and effective consultation with stakeholders will be an integral element of the enterprise risk management plan.

##### **Monitoring and review**

The Risk Management Policy, Framework and Plan will be reviewed on an annual basis by the Audit Committee to evaluate and assess the progress of risk management efforts. This will ensure

that the policy, framework and plan are updated, aligned with the strategic priorities and appropriate to Council's internal and external context.

**Quality assessment**

Performance relating to the effectiveness and efficiency of the design and operation of the enterprise risk management process will be measured and reported through internal and/or external evaluations and assessments conducted through the authority of the Audit Committee.

**6. LEGISLATIVE AUTHORITY/STANDARDS**

*Local Government Regulation 2012 (Section 164 (1) (a) and (b); Section 175 (b) (ii); Section 191 (2) (a) (ii); Section 207 (2) (a) to (c))*

### **POLICY STATEMENT**

This policy has been formulated to meet the requirements of *Section 105 of the Local Government Act 2009* regarding the establishment of an Audit Committee.

### **SCOPE**

This policy and the attached *Audit Committee Terms of Reference* will apply to Council's elected members, employees and external representatives appointed to the Audit Advisory Committee.

The scope of responsibilities of the Committee includes an oversight function for the following aspects of Council's activities:

Internal controls and policies  
Financial management and reporting  
Internal audit  
External audit  
Governance processes  
Risk management  
Legislative compliance  
Operational efficiency and performance

### **POLICY OBJECTIVES**

The objectives of this policy are to:

- establish an Audit Committee that reviews the integrity of financial documents, monitors the internal audit and risk management functions and oversees the effectiveness and objectivity of internal audit and risk management
- provide a framework in which the Audit Committee would operate;
- demonstrate Council's commitment to open and accountable governance;
- comply with legislative requirements

### **BACKGROUND AND/OR PRINCIPLES**

Council acknowledges and will abide by the requirement of *s105 of Local Government Act 2009* and the provisions of *s208 to 211 of the Local Government Regulation 2012* regarding the establishment of an Audit Committee that will assist Council in obtaining assurance that internal control and risk management functions are operating effectively and reliably.

## **POLICY DETAILS**

### **Authority**

The main responsibility for financial and risk reporting, governance, compliance with legislation, standards and ethical requirements within Council rest with management. The Committee has only an oversight function and therefore exercises a monitoring and assessment role. Close coordination with management is needed in carrying out the Committee's duties and responsibilities

The *Terms of Reference* set out the specific responsibilities delegated by Council to the Audit Committee and details the manner in which the Committee will operate.

### **Independence and access**

The Audit Committee will closely coordinate with management, the external auditor, the internal auditor and risk management coordinator in carrying out its responsibilities. The primary responsibility for financial reporting, governance and control processes, compliance with legislation and ethics within Council rests with management. The Audit Committee only has a review and monitoring role over these functions.

The Audit Committee will have unrestricted access to all Council information, documents, assets and personnel for the purpose of conducting or authorising investigations within the scope of its responsibility and be provided with adequate resources in the fulfillment of its oversight function.

### **Due care and diligence**

The Committee will assist Council in the performance of its 'due care and diligence' duties related to the efficient and effective delivery of Council services. The Committee may initiate special investigations as necessary or as directed by Council in relation to matters specified in this policy.

### **Reporting responsibility**

The Audit Committee shall report to Council and provide recommendations regarding the improvement of internal control systems and risk management. It shall review the annual internal audit plan and the risk management policy and framework to ensure that control measures are in place to minimise material business risks.

Review of the Internal Audit Policy

##### **Summary**

The Internal Audit Committee Policy has been reviewed as per recent amendments to the *Local Government Act 2009* and the new *Local Government Regulation 2012*. The purpose of the Internal Audit Policy is to establish an effective and efficient internal audit function that will provide independent, objective assurance and consulting services to Council.

### **1. POLICY STATEMENT**

This policy has been formulated to meet the requirements of Section 105 of Local Government Act 2009 regarding the establishment of an efficient and effective internal audit function.

### **2. SCOPE**

This policy and the attached *Terms of Reference* applies to

- all Council activities, including entities over which Council has direct ownership, management, sponsorship or financial control
- all Council officers, contractors, the officers and Committee members of related entities, involved in and with responsibility for contributing towards the achievement of Council's objectives, asset management and reporting responsibilities.

### **3. POLICY OBJECTIVES**

The objective of this policy is to establish an effective and efficient internal audit function that will provide independent, objective assurance and consulting services designed to add value and improve the organisation's operations.

An effective internal audit function will:

- Assess and evaluate Council's processes, procedures and internal control environment to assist with the management of operational risks
- Appraise the relevance, reliability and integrity of management, business systems, financial and operating records and reports
- Provide assurance and assist the CEO and management in the effective discharge of their responsibilities, by providing them with analyses, appraisals, recommendations and information concerning the activities reviewed
- Review compliance with Council policies and procedures, legislative requirements and regulations
- Embed a culture of continuous improvement practices across Council

### **4. BACKGROUND AND/OR PRINCIPLES**

Council recognises the relevance of strengthening governance and control systems through the

establishment of an efficient and effective internal audit function. In compliance with s207 of the *Local Government Act 2009*, Council will carry out an internal audit activity for each financial year that will cover the preparation, implementation and monitoring of an internal audit plan that focuses on the assessment and evaluation of control measures related to the organisation's operational risks.

## **5. POLICY DETAILS**

### **Independence and objectivity**

The internal audit function has to be independent, and objectivity must be exercised in the conduct of internal audit work. Internal audit engagements shall be performed with an unbiased and impartial attitude.

Internal audit shall not be involved in the day to day operations of Council and therefore shall have no managerial authorities or duties except those related to the management of the internal audit function.

Internal audit may be involved in steering Committees in an advisory or observer status for the purpose of providing consultative information with regard to system design and implementation.

### **Authority and access**

Internal audit shall have direct and unrestricted access to Council and management. It is authorised to review all areas of Council and to have full, free and unrestricted access to Council's operations, data and records, assets and personnel within the scope of internal audit work as discussed with the respective General Manager/Manager.

### **Organisational independence**

The internal audit activity shall be free from interference or influence in determining the scope of internal audit work, the frequency and timing of examinations and the communication of audit results.

### **Audit approach**

A risk based internal audit approach shall be implemented each financial year. The internal audit plan will state the way in which the operational risks have been evaluated, the most significant operational risks identified from the evaluation and the control measures that Council has adopted, or is to adopt, to manage the most significant operational risks. Relevant accounting documents will also be considered in the preparation of the internal audit plan.

### **Reporting responsibility**

The internal audit function will report to the CEO and the Audit Committee.

An internal audit progress report will be prepared and presented to the CEO and Audit Committee for each financial year. This report will state the control measures that Council has adopted that were assessed by internal audit; the method in which the internal audit was conducted; the observations and recommendations of internal audit and management's response to the audit recommendations.

## **6. LEGISLATIVE AUTHORITY/STANDARDS**

Internal Audit Terms of Reference

**8. DEFINITIONS**

Assurance Services- involve the impartial evaluation of evidence to provide an independent opinion on governance, risk management and control processes of Council (adopted from the International Standards for the Professional Practice of Internal Auditing)

Consulting Services - are conducted upon request of a specific unit or audit client and are intended to add value to existing governance and risk policies and procedures without the internal auditor assuming management responsibility. (adopted from the International Standards for the Professional Practice of Internal Auditing)

Governance – the combination of processes and structures implemented by Council to inform, direct, manage and monitor the activities of the organisation toward the achievement of its objectives (adopted from the International Standards for the Professional Practice of Internal Auditing)

Independence – the freedom from conditions that threaten the ability of the internal audit activity to carry out internal audit responsibilities in an unbiased manner. (adopted from the International Standards for the Professional Practice of Internal Auditing)

Internal Audit – is the assessment and evaluation of the control measures that Council has adopted, or is to adopt, to manage the operational risks to which Council is exposed to. (adopted from the International Standards for the Professional Practice of Internal Auditing)

Objectivity – an unbiased mental attitude that allows internal auditors to perform engagements in such a manner that they believe in their work product and that no quality compromises are made. Objectivity requires that internal auditors do not subordinate their judgment on audit matters to others. (adopted from the International Standards for the Professional Practice of Internal Auditing)

Risk – effect of uncertainty on objectives (ISO Guide 73:2009, definition 1.1)
